

# ADVANCED PUBLICATION OF REPORTS

This publication gives five clear working days' notice of the decisions listed below.

These decisions are due to be signed by individual Cabinet Members  
and operational key decision makers.

Once signed all decisions will be published on the Council's  
Publication of Decisions List.

1. **MEDIUM TERM FINANCIAL PLAN 2022/23 TO 2026/27** (Pages 1 - 96)

This page is intentionally left blank

**London Borough of Enfield****Individual decision of the Leader of the Council****4 January 2022**

---

**Subject: Medium Term Financial Plan 2022/23 to 2026/27****Cabinet Member: Cllr Nesil Caliskan, Leader of the Council****Executive Director: Fay Hammond, Executive Director Resources****Key Decision: 5346**

---

**Purpose of Report**

1. This report provides an update on the funding and spending assumptions set out in the Medium Term Financial Strategy 2022/23 to 2026/27 approved by Cabinet in July and the update to Cabinet in October. The report brings forward further savings proposals and options to balance the 2022/23 budget.

**Proposal**

2. The Leader is recommended to:
3. Note the current budget gap of £3.732m for 2022/23.
4. Note the remaining forecast funding gap of £41.083m across the medium term of which £9.173m is in 2023/24.
5. Note the options to address the £3.732m gap in 2022/23.
6. Note the outcome of the Local Government Finance Settlement set out in Paragraphs 52 to 70.
7. Note the funding for Adult Social Care Reform.
8. Note the timing of the implementation of Fair Funding and the Business Rates reset.
9. Note that the pan London Business Rate Pool will not be operating in 2022/23 but a smaller pool of eight London boroughs including Enfield will be in place.
10. Note the funding and spending pressures set out in paragraphs 76 to 134.
11. Approve the income and savings proposals of £3.848m set out in Appendix 3c.
  - £0.708m from efficiencies and,
  - £3.140m from receipts and income generation
12. Note the anticipated ongoing investment in Adult Social Care, Children's Services and Education required to meet demand pressures totalling £8.195m (a 6.2% increase on the current budget of £131.843m).

13. Note the use of the Covid-19 Reserve in 2022/23 to meet ongoing one off Covid-19 costs set out paragraphs 142 to 145.
14. Note the use of reserves in 2022/23 to meet welfare costs set out in paragraphs 146 to 147.
15. Note no further Government support for Covid-19 in 2022/23 with pressures being met by the £10m reserve created at the end of 2020/21.
16. Note the overall forecast level of reserves over the medium term, ensuring the Council's financial sustainability set out in paragraphs 149 to 155.
17. Note the proposed fees and charges set out in Appendices 5a to 5d and the continuation of the flexibility introduced in 2021/22 for these to be varied in year where appropriate.
18. Note the commencement of the consultation on the budget proposals set out in paragraphs 176 to 178.

### **Reason for Proposals**

19. The Council has a statutory duty to approve a balanced budget for 2022/23 in February along with consideration of the finances over the medium term and the Council's reserves and balances. It is essential that there is a clear understanding of the anticipated income and expenditure flows for the Council, despite the uncertainties. To ensure full delivery of savings from 1 April 2022, £4.766m of savings were brought forward early in the update report to Cabinet in October. This report brings forward a further £3.848m of savings proposals.

### **Relevance to the Council Plan**

20. The primary purpose of the development of the Budget and Medium Term Financial Plan is to direct resources to deliver the objectives set out in the Council's Corporate Plan:
21. Good homes in well-connected neighbourhoods;
22. Safe, healthy and confident communities;
23. An economy that works for everyone.

### **Medium Term Financial Strategy**

24. The key objective of the Medium Term Financial Strategy set out in July is Financial Resilience and protecting the services which are providing support to the most vulnerable in the Borough.
25. There has been positive work on creating a more robust and resilient budget. Under resourced pressures have been addressed and unrealistic savings and income targets taken out of the Council's base budget, much of this work being driven through the Council's Budget Pressures Challenge Board over the past three years.
26. The benefit of this work came through in 2020/21 when there was no repeat of historical service overspends and the Council was able to strengthen its balance sheet, increasing its Risk Reserve and setting resources aside for the ongoing pressures arising from the Pandemic.
27. The work on ensuring estimates are realistic continues through transparent reporting and openness to scrutiny supported by further Pressure Challenge Board sessions as well as robust monitoring of the delivery of agreed

savings programmes. For this year's budget attention has been focussed on a further review of SEN Transport and also Emergency Accommodation and Homelessness.

28. The Council's budget gap is driven in the main through increases in demographic pressure and inflationary pressure which are not matched with increases in government funding. Over the last two years, the Council has invested in Children's and Adult Social Care to keep pace with the demographic pressures. This continues in 2022/23, a total of £8.195m general fund budget (£4.218m ASC and £3.977m Children's and Education) is required to meet pressures, net of efficiencies, as reported in this updated report.

### **Spending Review and other Government Announcements**

29. There have been a series of announcements since the end of September. The launch of the Spending Review was covered in the October Update Report but is included here again for completeness.
30. Launch of Spending Review
31. The Comprehensive Spending Review was launched on 7 September, having been delayed by the Parliamentary recess in July.
32. Also on 7 September, the Prime Minister launched the Government's white paper on social care: "Build Back Better; Our plan for Social and Health Care". The key recommendation of the Dilnot Review back in 2011 is now progressing with an £86,000 cap placed on care costs, up on the £50,000 which could have been anticipated. There was an overall package of £30bn announced but the vast bulk of this, £25bn over three years, goes to Health to support the backlog on minor procedures, infection control and hospital discharge. The balance of £5.5bn over three years will be allocated to Adult Social Care, primarily to offset the cost of lost income from the increased cap.
33. The initiative is funded by a 1.25% premium on National Insurance which is ring fenced for care and which will collect £12bn nationally. This, of course, has an impact locally with an inflationary pressure on the Council's pay bill of £1.4m and pressure on supplier costs which could be in the order of £2m. It was unclear whether this would need to be met by the Council or if Government resources will be forthcoming. These costs have been built into the 2022/23 budget.
34. The Spending Review announcement made it clear that there would be no implementation of Fair Funding or a Business Rates Reset for 2022/23. It is difficult to see either of these initiatives going ahead within the three year Spending Review period. The financial inequity of the existing system will therefore persist well into the future.
35. Chancellor's Budget 27 October
36. Fiscal Update
37. There was better than expected news for Local Government in the Chancellor's Budget announced on 27 October. This has been due in large part to the UK's economy and public finances having recovered faster than expected in the Office for Budget Responsibility's (OBR) November 2020 and March 2021 forecasts. The Covid-19 vaccines' effectiveness, combined

with consumers and businesses adapting to public health restrictions has led to upwards revisions on overall output. GDP is expected to grow by 6.5% in 2021, 2.4 percentage points faster than predicted in March.

38. The rebound in demand has been met with supply constraints driven by changes in migration and trading in the context of Brexit, thus leading to higher prices and pressure on wages.
39. Tax introductions such as the health and social care levy together with corporate and personal tax increases announced in the March 2021 Budget increase the tax burden from 33.5 per cent of GDP before the pandemic to 36.2 per cent of GDP by 2026/27, its highest since the early 1950s.
40. Public spending falls from its peacetime high of 53.1% of GDP in 2020/21 to 45.1% in 2021/22 as pandemic related support comes to an end.
41. Alongside updated economic forecasts, the OBR published an updated assessment of progress towards the Government's fiscal targets. These included a revised fiscal target and three supplementary targets. The government is set to meet all its fiscal targets, but by relatively small margins:
  - i. Ensuring net debt as a share of GDP is falling by 2024/25 (new fiscal mandate)
  - ii. To balance the budget by 2024/25
  - iii. Ensure that average public sector net investment does not exceed 3% of GDP
  - iv. To keep welfare spending below the 'welfare cap'
42. Real GDP is forecast to return to the pre-pandemic level around the turn of the year. Real GDP is set to be scarred by 2% rather than the 3% assumed in March, revising up medium term forecasts to stabilise at around 1.7% in 2026.
43. Budget Headlines
44. Core Spending for Local Government is set to increase by 3% nationally. This includes assumptions about Council Tax – the core referendum rate is held at 2% and local authorities will also be able to increase Council Tax by 1% in each of the three years of the settlement period to address Adult Social Care Pressures.
45. The Local Government Department Expenditure Limit is set to increase from £9.1bn in 2021/22 to £12.7bn by 2024/25, an increase of £3.6bn over the review period. This is detailed in the table below which will help to explain some of the headlines at this time.

Table One – Departmental Expenditure Limits

	2021/22	2022/23	2023/24	2024/25	Total
	£bn	£bn	£bn	£bn	£bn
Underlying	9.1	9.1	9.1	9.1	
Adult Social Care Reform		0.2	1.4	2.0	3.6
Other Growth		1.5	1.5	1.5	

Supporting Families/cyber resilience		0.0*	0.1	0.1	
		<b>10.8</b>	<b>12.1</b>	<b>12.7</b>	

\* less than £0.1bn

46. By 2024/25 there will be £2.0bn nationally for the Adult Social Care reforms. On a cash basis this will have been an additional £3.6bn of funding across the period.
47. There is then effectively a one year settlement for Local Government with the £1.5bn of other growth front loaded in the settlement with no increases signalled for 2023/24 or 20204/25. There was no information at the time on how the £1.5bn was to be allocated with an expectation that this would not be known until the Local Government Finance Settlement.
48. Public Health grant is set to increase in real terms across the review period and whilst there was no specific announcement on non core grants, there is an expectation that these will continue as they are already contained within the existing DEL figures.
49. Funding for rough sleeping of £639m by 2024/25 was confirmed.
50. £1.8bn was set out for housing supply, including £300m locally led grant funding to unlock smaller brownfield sites and £1.5bn to regenerate underused land.
51. The outcome of the fundamental review of business rates confirmed three yearly revaluations from 2023, a new temporary relief for eligible retail, hospitality and leisure properties for 2022/23, and a new 100% improvement relief. The multiplier will be frozen in 2022/23 with local government being fully compensated through s31 grant.

### **Local Government Finance Settlement**

52. The Provisional Local Government Finance Settlement was announced on 16 December 2021. It is very much a one off settlement with a new secretary of State in place and does raise the prospect of fair funding reforms and a business rates reset coming forward as early as 2023/24. The key points impacting on the financial position for the Council are set out in the following paragraphs with the detailed impact on Enfield set out in the grant assumptions paragraphs 79 to 84.
53. Core Spending Power will increase by £3.5bn (6.9% in cash terms) nationally and £496m (6.7%) across London boroughs. This assumes core council tax is increased by 2% and an Adult Social Care precept of 1%.
54. London boroughs will receive £243m (16%) of the £1.5bn new grant funding for 2022/23 set out at Spending Review. This is to be distributed:
  - £637 Social Care Grant
  - £822m 2022/23 Services Grant
  - £72m Revenue Support Grant
  - £63m iBCF (Improved Better Care Fund)
  - -£68m New Homes Bonus
55. The main council tax referendum principle will be 2% and the Adult Social Care Precept will be 1% for relevant authorities.

56. Settlement Funding Assessment will increase by £75m (0.5%) nationally, and by £17m for London boroughs. 2022/23 RSG will be increased in line with September CPI inflation. To simplify the funding landscape, Government intends to roll in the Electoral Registration grant worth £1.2m per year and the Financial Transparency of Local Authority Maintained Schools grant, worth £0.8 million per year, as well. The current distribution of each will no longer be used. Government intends to distribute this funding using the 2013/14 shares of Settlement Funding Assessment. Hence RSG increases by 3.1% (not 3% Sept CPI).
57. A new one off "Services Grant" of £822m is proposed at the England level for 2022/23. The distribution will be determined by shares of 2013/14 Settlement Funding Assessment. London boroughs will receive £152m (18.5%). This grant includes funding for local government costs for the increase in employer National Insurance Contributions. The Government proposes that this grant will not be ringfenced, and conditions on reporting requirements will not be attached. It has been prioritised using an available distribution for 2022/23 but Government intends to work closely with local government on how to best to use this funding from 2023/24 onwards. This funding would be excluded from any proposed baseline for transitional support as a result of any proposed system change.
58. The Social Care Grant will increase by £636m (37%) to £2.3bn. London boroughs will receive £378m of this (an increase of 37%) .
59. The Improved Better Care Fund will increase by 3% (£36m nationally and £10m in London)
60. Funding for New Home Bonus will decrease from £622m to £555m (11%). London boroughs will receive £87m of this, a decrease of £38m (30%).
61. Business Rates Multiplier Compensation will increase by 58% from £650m to £1bn nationally. London boroughs will receive £182m. The Spending Review confirmed the multiplier would be frozen for 2022/23. Local authorities will be compensated for the shortfall in income for under indexation of the multiplier 2022/23 and 2021/22 and for the switch to CPI from RPI for the purposes of uprating, via the under-indexation section 31 grant. Top-ups and Tariffs will also be adjusted as in previous years, for the freezing of the multiplier
62. Lower Tier Services Grant of £111m will continue (London boroughs' will receive £25m).
63. Allocations have not yet been published for the Public Health Grant, Homelessness Reduction Grant, Rough Sleeping Initiative Fund and the Independent Living Fund.
64. The Government will work with the sector and consult in the coming months on reforms to measuring relative need and resources.
65. £162m to deliver adult social care funding reforms will be allocated in 2022/23 (London boroughs will receive £25m), with a further £600m in both 2023/24 and 2024/25 nationally. Enfield's share is £0.877m.
66. The Adult Social Care funding reforms which will take effect from October 2023 will mean that anyone assessed under the Care Act 2014 as eligible to receive funded and chargeable adult social care services will be eligible to receive a care account. The Care Account will calculate the amount the

person contributes towards the cost of their care which will be offset against the Care Cap limit of £86,000. In order to prepare for the introduction of the new Care Account, IT requirements will need to be agreed with OLM who currently provide Enfield's client information system. There will obviously be a cost attached to this as a new development. Although this is Government legislation, there may also be a requirement to deliver an extensive public consultation exercise before this is implemented.

67. It is known that of the people currently receiving support in the community or care homes, around a third are doing so as private self-funders so they will not have contacted Adult Social Care for an assessment of their needs. This equates to around 3,000 additional people per year making contact for assessment, care planning, service provision and review. The vast majority of these new clients will be older people and the impact will therefore fall disproportionately on services who work with that client group. This in turn means a requirement for additional staff to manage these tasks. This will not only be within operational front line services but also in finance and financial assessment functions if the client base increases by up to a third.
68. Finally, the longer term impact will need to be evaluated. Given that the Council will need to pick up full funding costs (with the exception of accommodation costs of £200 per week for people in care homes) once the £86,000 care costs cap has been reached, this will not be known for a period of at least two to three years. Funding made available by Government to cover these future costs will need to be scrutinised carefully to assess whether there is likely to be a pressure sooner rather than later. It is likely, given the Government's position that any growth in demand through demography will have to be managed by councils, that there will be a pressure over time as the population ages and more people require Adult Social Care support.
69. Work is currently underway to consider the current cohort of clients to assess when they would reach the care cap, typically how long people receive services and the likely additional costs per year once the care cap is reached.
70. Neither the grant nor the spend against it is included in the figures in the tables below. The position is expected to be net £nil and will be fully reflected in the February report.

### **Overall Financial Position**

71. The report presents a gap of £3.732m for 2022/23 alongside significant uncertainty on the medium and long term impact of Covid-19. There are £6.339m of Covid-19 pressures set out in the report which are considered transitory and are being met from the £10m which the Council set aside during 2020/21. Much of these costs are in Adult and Children's Social Care and there is the possibility that they persist into the medium and longer term and need to be brought into the Council's base budget. This would give rise to a challenging budget round in 2023/24 in the light of a front loaded settlement, the one-off grant in 2022/23 not built into the baseline position and a clear direction of no further Government support for Covid-19 pressures.

### **Options to Address the 2022/23 Budget Gap**

72. There are a number of options for closing the current gap of £3.732m, the three key ones are set out in the table below.

Table Two – Options

	Option One 2% Core Council Tax	Option Two 1% Core Council Tax	Option Three 0% Core Council Tax
	£m	£m	£m
Budget Gap	3.732	3.732	3.732
Core Council Tax	(2.740)	(1.370)	0.000
Adult Social Care Precept 1%	(1.377)	(1.377)	(1.377)
Use of Reserves/Further income and efficiencies	0.000	(0.985)	(2.000)
Use of Covid-19 Grant to smooth base pressures in Children's Social Care	0.000	0.000	(0.355)
Revised Gap	(0.385)	0.000	0.000
Investment in services	0.385	0.000	0.000

73. Option One assumes that core Council Tax is increased up to the referendum limit of 1.99% and that the Adult Social Care precept of 1% is also taken. This would generate £4.117m additional income and leave £0.385m to invest in services or bolster reserves. This option would naturally keep the council tax base income level up and benefit future years of the MTFP too. Further Council reserves would remain intact, other than for the existing commitments set out later in this report, ensuring sustainability over the longer term in the light of ongoing Covid-19 pressures and funding uncertainty.
74. Option Two is very similar to One except that Core Council Tax is only increased by 1% which would bring in £2.747m additional which is short of the £3.732m. The resultant shortfall of £0.985m would need to be met from reserves or possibly further income and efficiencies. A draw of £0.985m on reserves is relatively insignificant but this does of course leave a gap in the base budget which would require commensurate additional savings in 2023/24 along with a slightly weaker base level of council tax income going forward.
75. Option Three assumes no increase in core Council Tax for 2022/23 but that the Adult Social Care precept of 1% is taken in the face of the pressure that the Council faces delivering these services. This does leave a gap of £2.355m. It is imprudent to rely too heavily on reserves in setting the budget and an upper limit of £2m could be deemed appropriate alongside the caveat of reduced flexibility in meeting unexpected pressures and the need for additional savings of £2m in 2023/24. At present some pressures built in to the base proposals could be considered as being driven by Covid-19 and transitory in nature, i.e. one off. These will be subjected to further review

and up to £0.355m would be covered through the £10m Covid-19 reserve, which is covered in greater detail later in the report.

### Review of Funding and Spending Assumptions

76. There have been a number of changes to funding and spending assumptions since the update report in October. The most up to date position is set out in the summary table below with the full detail of the assumptions from paragraph 64 onwards.

Table Three – MTFP Summary

	2022/23	2023/24	2024/25	2025/26	2026/27	Total
	£m	£m	£m	£m	£m	£m
Funding	(13.916)	(3.746)	(4.455)	(2.122)	(0.632)	(24.871)
Covid-19 Funding Reversals	17.546	0.000	0.000	0.000	0.000	17.546
<b>Net Funding</b>	<b>3.630</b>	<b>(3.746)</b>	<b>(4.455)</b>	<b>(2.122)</b>	<b>(0.632)</b>	<b>(7.325)</b>
Spending	21.905	15.441	15.713	13.499	12.807	79.365

<b>Savings</b>	<b>(7.609)</b>	<b>(3.433)</b>	<b>(4.085)</b>	<b>(2.547)</b>	<b>0.000</b>	<b>(17.974)</b>
<b>Remaining Gap</b>	<b>3.732</b>	<b>9.173</b>	<b>7.173</b>	<b>8.830</b>	<b>12.175</b>	<b>41.083</b>

### 77. Funding Assumptions

78. There is currently a reduction of £3.630m in funding forecast for 2022/23 (This would be a £13.916m increase net of the Covid-19 grant reversals) and a £7.325m increase in funding across the medium term. The position is summarised in Table Four below and detailed in the following paragraphs. The full detail is set out in Appendix 1.

Table Four – Funding Assumptions

	2022/23	2023/24	2024/25	2025/26	2026/27	Total
	£m	£m	£m	£m	£m	£m
2022/23 Services Grant	(5.113)	0.000	0.000	0.000	0.000	(5.113)
Specific Government Grants	(3.941)	(0.071)	(0.262)	0.094	0.084	(4.096)

<b>Sub-total</b>	<b>(13.916)</b>	<b>(3.746)</b>	<b>(4.455)</b>	<b>(2.122)</b>	<b>(0.632)</b>	<b>(24.871)</b>
Covid-19 Grant Reversals	17.546	0.000	0.000	0.000	0.000	17.546
<b>Grand Total</b>	<b>3.630</b>	<b>(3.746)</b>	<b>(4.455)</b>	<b>(2.122)</b>	<b>(0.632)</b>	<b>(7.325)</b>

## 79. Grants

80. Following the Provisional Local Government Finance Settlement (PLGFS) on 16 December it has been possible to revise the assumptions on grants. There is a clear position on the final numbers for a number of grants confirmation is still awaited on a on some others.
81. There is an additional £1.5bn of grant funding for local government in 2022/23. The PLGFS has provided a breakdown of this funding across local authorities. Enfield's share is £9.190m split between three areas:
- i. Inflation on Revenue Support Grant which forms part of the Council's Settlement Funding Assessment (SFA). Enfield's allocation for this in 2022/23 is £0.546m
  - ii. 2022/23 Service Grant – this is a new grant which has been distributed on the basis of the 2013/14 SFA. It is equivalent to a 5.5% increase in SFA. Enfield's share of this grant is £5.113m. The settlement papers make very clear that this is a one-off grant. It is likely to be replaced by the more radical changes to funding distribution that are promised for 2023/24. In one sense, that is no different to any other grant that authorities receive through the settlement as any one of them could change following a funding review. But the 2022/23 Services Grant will not be included in the baseline that is used for transitional support in 2023/24: "Councils should note the one-off 2022/23 Services Grant provided in the Local Government Finance Settlement in 2022/23 will be excluded from potential transitional protections". Although the grant is one off in its existing format, it is reasonable to assume that some alternative funding will replace this grant in 2023/24 and beyond, so no reversal of the 2022/23 Service Grant allocation has been made at this point.

- iii. Social Care Support Grant – further provision of £3.531m has been made to this grant in 2022/23. The new grant allocation is based on a combination of the Adult Relative Needs Formula (RNF) and equalisation of the 1% ASC precept.
82. There is also £3.6bn for the Adult Social Care reforms over the review period, £0.2bn in 2022/23, £1.4bn in 2023/24 and £2.0bn in 2024/45. An initial allocation (£162m) from the £3.6bn has been distributed through the settlement. The grant is focussed on Market Sustainability and Fair Cost of Care, and the relatively small amounts reflect the assumption that costs will initially be relatively low in 2022/23. Funding has been distributed using the current Adult Relative Needs Formula. There is a significant amount of work required to assess the impact and hence the cost of the reforms for Enfield. At this stage neither the funding nor the costs are included in the Medium Term Financial Plan.
  83. There has previously been an assumed reduction over time for a number of the non core grants, including Homelessness Prevention Grant, Rough Sleeping and Housing Benefit Administration. It appears from the detail in the Chancellor's Budget that this funding is retained within the existing Departmental Expenditure Limits and is secure.
  84. The one off Covid-19 Grants to support additional spend and lost income totalling £11.284m (£10.534m Expenditure and £0.750m Sales, Fees and Charges Compensation) drop out of the budget. There is to be no further Government support for the costs of Covid-19. This is covered in greater detail later in the report.
  85. Local Taxation
  86. Work is currently being undertaken to finalise the Council Tax and Business Rates bases for 2022/23 and these will be approved at Council on 26 January. There is, therefore, little to update on since the October report other than the availability of a 1.00% Adult Social Care Precept for the three years of the Comprehensive Spending Review.
  87. Collection Fund
  88. The Business Rates and Council Tax assumptions in 2021/22 were fairly prudent and this was in part due to the potential impact of Government announcements made after Council had approved the budget in early March. For Business Rates, assumptions had been made for a reduced take from certain sectors giving rise to an overall reduction of £4m but the subsequent extension of retail and leisure reliefs to the end of the first quarter could give rise to a better outturn position. For Council Tax, the recovery rate was marked down to 96% from a historical collection rate of 98% and the removal of the furlough scheme and timing of the economic recovery was likely to give rise to a significant surge in the cost of Council Tax Support. The extension of the furlough scheme to the end of September has dampened the impact and the Council is seeing some reduction in numbers at the current time. It is fair to say that there is some expectation of a Collection Fund surplus at the end of 2021/22 which would provide a one off benefit to the Council's finances. Given the challenges and uncertainty across both Business Rates and Council Tax there is a strong argument to retain any surplus in the Collection Fund at this time.
  89. Business Rates

90. There was a forecast reduction in Business rates of £4m in 2021/22 with the assumption that there would be no recovery in 2022/23 and the return to the historical levels would take upwards of three years. This assumption is unchanged at this time.
91. In 2018/19 to 2019/20 a London Business Rate Pool operated which resulted in some additional funds to Enfield. However, it has been concluded for 2022/23 not to reconstitute the pan-London pool due to the financial uncertainty that means there cannot be sufficient assurance that the pool would be in surplus. However, a smaller pool of eight London authorities has been established which will provide the Council with one off benefit which will be realisable circa August 2023. The proceeds are not built in to the budget and any upside will be used to replenish and strengthen reserves.
92. Council Tax
93. There are more elements to the Council Tax assumptions than Business Rates, but it is a somewhat less complex area to forecast. The Plan currently assumes no year on year increase in core council tax (Government's threshold limit for this element is 2%). Following the Budget announcement, a 1% Adult Social Care precept was permitted for all three years of the Spending Review – 2022/23 through to 2024/25. There are currently no increases built into the plan for the ASC Precept element of Council Tax.
94. The collection rate was reduced to 96% in 2021/22 and brought back to the historical rate of 98% incrementally across 2022/23 to 2025/26, the assumed rate for 2022/23 being 97%. Current monitoring would suggest the rate will recover moderately more strongly than this, but it is too early to change the forecast at this point.
95. Finally, the most difficult element to forecast, Council Tax Support, has put a significant pressure on the overall Council Tax take and there has been an increase in the early part of 2021/22 despite the extension of the furlough scheme. The great challenge though over the next couple of years is the fact the scheme is more generous for Universal Credit claimants and as more claimants move across there will be a cost to the Council. This could be in the order of £5m across 2023/24 and 2024/25. It is not yet fully quantified and so is not included in the funding numbers at this point.
96. Use of Reserves
97. The 2021/22 Budget was supported by the one off £1.927m use of the risk reserve and this is reversed out for 2022/23 at this time. There is no plan to use reserves to support the budget in 2022/23, with the Risk Reserve maintained at £18.937m supporting the continued resilience of the Council's finances. This is as important as ever in response to the "one year" settlement and continued uncertainty on the ongoing impact of Covid-19. This position may alter depending on which of the options above are pursued to address the outstanding gap.
98. There was also £3.188m support per annum for three years from the Collection Fund Smoothing reserve to take up the shortfall on the Government's Collection Fund Loss grant – the Taxation Income Guarantee. The Collection Fund loss at the end of 2020/21 was less than

originally forecast and the annual contribution from the Smoothing reserve has been adjusted accordingly.

99. The situation did, however, move on due to the treatment of reliefs and the improving Council Tax performance. It is also important to remember that the opening balance of the Collection Fund Reserve has been inflated by £12.8m of Covid-19 reliefs. Business rate deficits will be offset by the resources received by Central Government for the previously mentioned Covid-19 reliefs and taxation losses and from resources put aside in the Collection Fund Reserve by the Council to smooth out year to year variability on Collection Fund income.

100. Spending Assumptions

101. Spending assumptions are summarised in Table Five below and set out in full detail in Appendix 2. There are number of changes from the October report and these are highlighted in the paragraphs following the table

102. The Council continues to experience significant spending pressures and these total £21.905m excluding the reversals of £13.894m for the one off support for Covid-19 pressures in 2021/22.

103. Table Five – Spending Assumptions

	2022/23	2023/24	2024/25	2025/26	2026/27	Total
	£m	£m	£m	£m	£m	£m
Inflation	8.024	7.645	7.487	7.513	7.513	38.182
Investment	1.680	0.150	0.150	0.150	0.150	2.280
Demography:						
Adult Social Care	2.053	2.086	2.086	2.086	2.086	10.397
Children's	0.555	0.750	0.750	0.750	0.750	3.555
SEN Transport	0.630	0.630	0.630	0.630	0.630	3.150
Underlying Pressures	7.435	0.784	0.057	(0.031)	(0.075)	8.170
Capital Financing	1.020	2.643	3.800	1.648	1.000	10.111
Levies	0.508	0.753	0.753	0.753	0.753	3.520
<b>Sub-total</b>	<b>21.905</b>	<b>15.441</b>	<b>15.713</b>	<b>13.499</b>	<b>12.807</b>	<b>79.365</b>
Covid-19 Reversals	(13.894)	0.911	0.000	0.000	0.000	(12.983)
<b>Grand Total</b>	<b>8.011</b>	<b>16.352</b>	<b>15.713</b>	<b>13.499</b>	<b>12.807</b>	<b>66.382</b>

104. Inflation

105. There has been a thorough review of the inflationary pressures on the 2022/23 budget which gives significant upside on the £7.4m outlined in the Strategy in July. Not all of the 2002/21 and 2021/22 provision has been required to be allocated out to services in year freeing up £2m. The review

has also assessed the commitments for pay and prices releasing a further £1.4m.

106. However, there are two new inflationary pressures. The first arises from the impact of the National Insurance increase to fund the Government's Build Back Better programme. There will be a direct impact on Enfield's pay bill of £1.4m and an estimated pressure of £2m coming through from Suppliers bearing the additional National Insurance costs. And second, arising from the Chancellor Budget, is the 6% increase on the Minimum Wage, which had previously been assumed at 3%. The impact is mainly in the care sector and it is unlikely providers will be able to absorb the full increase, potentially adding £1m to the Council's costs.
107. Overall, therefore, at £8.024m the inflationary pressure is higher than previously assumed.
108. Demography
109. The demographic growth covers provision for ongoing demand in 2022/23 onwards. Any changes to the underlying budget required as a consequence of pressures in 2021/22 are covered below in the pressures section. This continues to be the greatest cost driver for the Council requiring £3.238m to be set aside in 2022/23 and £17.102m across the five years of the Plan.
110. Adult Social Care
111. There has been continuous review of the forecast growth in 2022/23 arising from the pressures in 2021/22, driven by numbers in both Older People and Learning Disabilities. The latest forecast is £2.053m which is marginally less than £2.083m forecasts for future years which are currently unchanged.
112. Children's Social Care
113. Forecasts for future growth in support for Children Looked After are changed at £0.555m from the original forecast of £0.750m. The costs of Children's Social Care have been rising and this is covered further in the pressures section below. Future growth beyond 2022/23 continues to be forecast at £0.750m per annum.
114. SEN Transport
115. A thorough review of SEN Transport costs is underway following the pressures identified in 2021/22. This is covered in the pressures section below but at this stage the future costs of £0.630m per annum are likely to remain in place, the growth predominantly in 2020/21 being assessed as a spike rather than ongoing trend.
116. Investment
117. The current assumptions contain modest investment of £1.680m across a number of services. This includes Social Worker apprenticeships, repairs and maintenance (from 2023/24 onwards), the Council's Bulky Waste service, and additional posts in Finance, HR and Security (digital and property).
118. Pressures
119. To improve presentation the pressures have been split between the reversal of the one off Covid-19 Pressures built into the budget for 2021/22 and underlying pressures on the budget.

120. Covid-19 Reversals

121. The Covid-19 pressures of £13.894m in 2021/22 were funded from general grant of £10.554m and Sales, Fees & Charges Loss Compensation grant which were one off and have been reversed out. For 2022/23 Covid-19 pressures are still being budgeted for but taken out of the main tables in this report and reported separately below to give greater clarity.

122. Underlying Pressures

123. There are underlying pressures coming through from the Council's demand led services totalling £7.435m.

124. There has been a significant growth in the demand for SEN Transport over the past two years with numbers up compared to previous years and the number of single occupancy journeys also up. The October report identified pressures of £1.9m. A full review was put in place to reduce the impact and initial work has reduced this pressure to £1.589m.

125. There is also pressure across Adult Social Care, most notably Learning Disabilities and Older People totalling £1.089m in addition to the reassessment of future demographic need above. There is work in place to mitigate this pressure downwards, but this is an area of some pressure and the numbers are unchanged from October.

126. There are even greater pressures coming through from Children's Social Care amounting to £1.781m due to a rise in the number of safeguarding referrals received resulting in increasing numbers of children subject to child protection plans and more children coming into care. Increased behavioural complexity means that these children are placed in a higher cost provision for much longer. In addition, £0.500m is required for the joint service for disabled children with an increase demand for community based provision, where there is an increasing demand for short breaks and family support, both in terms of the number of families, the level of support required, and the expertise of support staff needed to meet the complex needs of children and young people.

127. The greatest change in assumptions on pressures is in respect of Emergency Accommodation and Homelessness which was flagged in the October update. Covid-19 has put a significant strain on the delivery of the Strategy to reduce numbers which has required the budget to be rebased at a cost of £2.2m.

128. Capital Financing

129. A comprehensive review was undertaken following 2020/21 Outturn and the Quarter One Capital Monitoring. There was significant slippage in capital schemes in 2020/21, primarily due to the impact of Covid-19 and these schemes had initially been brought forward into 2021/22. This has had the impact of creating an undeliverable programme of £620m for 2021/22 and the focus in the first and second quarter has been to reprofile spend into future years. The 2022/23 Programme now stands at £251m.

130. As a consequence of the first quarter slippage, the pressure on the Capital Financing budget eased with only a £1.020m increase required in 2022/23 albeit still £10.1m across the medium term.

131. This work on the reprofiling of schemes is ongoing alongside the formulation of the new ten year programme for 2022/23 to 2031/32. This work will be completed towards the end of December and the impact will be reflected in the final February report.
132. The Bank of England Monetary Policy Committee increased base rate to 0.25% from 0.1% on 16 December, the first increase for more than three years. This is sending out a signal that they are taking the inflationary pressures in the economy seriously. This will not have a material impact on the capital financing assumptions in the budget, PWLB rates for long term debt are currently in the order of 2% and there is significant headroom in the treasury forecasts which are modelled on 3.5%.
133. Levies
134. Enfield, along with six other North London boroughs are members of the North London Waste Authority (NLWA). Each borough will contribute towards the cost of the NLWA via an annual levy based on the volumes of waste tonnages generated. This cost of the NLWA includes the North London Heat and Power Project. This project is building a new Energy Recovery Facility in Edmonton, replacing the existing facility that has served North London for around 50 years. The estimated cost of building the new facility will significantly increase the Council's annual levy requirement and the MTFP reflects these increases over the life of the plan. The 2022/23 estimate has been adjusted down in line with the NLWA's initial forecasts for next year, with further updates to be reported at the quarterly points during the year.

### Savings Proposals

135. There are £7.909m of savings for 2023/23 and £17.974m across the Medium Term.
136. There has been a further review of the future year impact of previously agreed savings which results in a slightly reduced figure from previously reported. The table also includes the early savings proposals brought forward in October along with a further £3.848m of savings to bridge the funding gap. The full detail is set out in Appendix 3. Table Six sets out the savings by tranche and Table Seven analyses the savings by efficiencies/service reduction and income.

#### 137. Table Six – Savings Summary

	2022/23	2023/24	2024/25	2025/26	2026/27	Total
	£m	£m	£m	£m	£m	£m

Income	(2.950)	(1.000)	(1.838)	(0.147)	0.000	(5.935)
<b>Total</b>	<b>(7.909)</b>	<b>(3.433)</b>	<b>(4.085)</b>	<b>(2.547)</b>	<b>0.000</b>	<b>(17.974)</b>

### Summary of the Impact by Department

139. The table below summarises the impact by department, this clearly shows the investment required across Adult Social Care, Children's and Education £10.986m gross and £8.195m growth net of efficiency savings. These pressures have the most significant impact on the Council's financial position. The £8.195m is 6.2% of the Council's total spend of £131.843m on these services - £82.992m Adult Social Care, Children's Services £44.347m and Education £4.504m.

140. For Adult Social Care the greatest pressures are coming through from contractual commitments to existing care providers in the form of inflationary uplifts alongside future growth in the numbers of older people.

141. For Children's & Education there are pressures across all of Children's Social Care and the increased pressures of SEN Transport have needed to be included in the base budget for 2022/23.

Table Eight – Net Impact by Department of the Pressures and Savings Proposals

	Corporate	Chief Exec/ Resources	Adult Social Care	Public Health	Children' s & Education	Place	Total
	£m	£m	£m	£m	£m	£m	£m

### **Covid-19 Pressures**

142. In the October Update report an initial assessment was made of Covid-19 pressures persisting beyond the current financial year and impacting on 2022/23 and beyond. This was based on the Quarter One Revenue Monitoring and has been reported through to the Finance & Performance Scrutiny Panel on 13 September. In 2021/22 there are pressures of £32.6m and these are all covered by a number of separate grant schemes.
143. However, whilst some of these pressures persist there has been clear guidance from Government that no further funding is available. These are currently forecast to be £6.339m and are set out in Appendix 4.
144. It is anticipated that the pressure in 2022/23 will be predominantly due to a surge in demand for services and the resulting workforce pressures that this creates. The surge results from both an increase in need for support, the ending of temporary arrangements such as the NHS hospital discharge programme and the recovery from the backlog of casework that has built up during periods of lockdown.
145. Alongside additional demand, the pandemic continues to have an impact on the Council's ability to collect income from sales, fees and charges. The 2021/22 Quarter 1 monitor reflected the improvement in income levels compared to 2020/21 but it is likely that this impact will continue to be felt into 2022/23 and beyond.

### **Other Pressures to be met from Reserves**

146. There are a number of welfare support activities that are not fully incorporated into the Council's overall budget but funded directly through reserves. For transparency and also due to reduction in Government Grant and the consequential pressure, these are now set out below.

Table Nine – Other Pressures Funded from Reserves

	2022/23	2023/24	2024/25	2025/26	2026/27	Total
	£m	£m	£m	£m	£m	£m
Discretionary Housing Payments	1.300	1.040	0.780	0.520	0.260	3.900
Emergency Support Scheme	0.207	0.166	0.124	0.083	0.041	0.621
Council Tax Hardship Payments	0.450	0.360	0.270	0.180	0.090	1.350
Local Plan	TBC	TBC	TBC	TBC	TBC	TBC
	<b>1.957</b>	<b>1.566</b>	<b>1.174</b>	<b>0.783</b>	<b>0.391</b>	<b>5.871</b>

147. The Emergency Support Scheme and Council Tax Hardship payments have been met from reserves for a number of years. The Discretionary Housing Payments is an emerging pressure though with Government Grant having been reduced in 2021/22 to an estimated £2.3m from £2.97m in 2020/21 at a time of growing demand giving a gap of £1.3m between need and grant. The Council is lobbying through London Councils for improved support in this area.
148. The Council has been consulting on the Local Plan. There will be extensive work following this consultation which will require additional resources. An assessment of these resources is underway and the outcome from this will feed into the February Cabinet and Council reports. There is unlikely to be a regular pattern of spend and reserves rather than base budget is the appropriate approach.

### **Reserves and Financial Resilience**

149. Core to the Council's Financial Strategy has been establishing financial resilience. As well as ensuring there are robust budgets and realistic savings there has been a need to strengthen reserves. These are now on a firmer footing to cover the numerous unforeseen pressures that exist in the uncertain environment in which the Council operates. All of these reserves are under continuous review and reported through to Cabinet in the Quarterly Revenue Monitoring Report.
150. The Risk Reserve strengthened at the end of 2020/21 with the only call on it being £1.927m to balance the 2021/22 budget. There are no calls on it at the current time but given the size of the current budget gap there may be a need to consider similar arrangements for 2022/23.
151. Collection Fund Equalisation. Council Tax and Business Rates are an area of both pressure and uncertainty for the Council with in excess of £250m going through the Collection Fund annually. At present, the shortfall in Government funding to meet the deficit arising in 2020/21 due to Covid-19 is being met from this reserve, the opening balance being artificially high due to the regulatory accounting treatment for the Council's £12.8m share of the discretionary reliefs.
152. The key movement in Service Specific reserves is the support for welfare of £1.957m outlined above.
153. There have been planned reductions in the Capital Financing Reserve for a number of years as the budget is increased over time to match the capital financing growth driven through the Capital Programme. This need has not come through as early as initially anticipated due to some slippage in the Capital Programme and the persistence of low interest rates. Further work is being undertaken in this area to reflect the rolling forward of the ten year Capital Programme and it is likely that the calls on the reserve will be less than set out below.
154. General Fund Balance is at policy level and this is likely to remain the position but there will be a review undertaken across the autumn.

Table Ten – Summary of Forecast Reserves across the Medium Term

Reserve balances at:	31/03/22	31/03/23	31/03/24	31/03/25	31/03/26	31/03/27
	£m	£m	£m	£m	£m	£m
<b>Risk Reserve</b>	(18.937)	(18.907)	(18.907)	(18.907)	(18.907)	(18.907)

155. Available General Fund reserves are the total reserves less those for the HRA, schools, Insurance, Capital financing and grants & other contributions. The chart below shows how the available reserve balances will diminish over the life of the MTFP.

Chart One – Available Reserves

## Fees and Charges

156. As part of the budget setting process for 2022/23, the Council's traded services fees and charges are reviewed. The annual review assesses the Council's current fees and charges to establish whether the service delivery costs are being covered by the charges set, considers whether income generation opportunities are being maximised and benchmarks the proposals with other councils.
157. There has been a continued focus on strengthening income streams in order to support the MTFP and a strategy to increase charges by 3.9% in line with CPI or moving into upper quartile charging levels compared with peers.
158. The current charges for 2021/22 and proposed charges for 2022/23 for services provided are set out in Appendix 5 of this report with the main changes noted below in paragraphs 158 to 173.
159. From 1st April 2022, it is proposed to continue with the new arrangements put in place for 2021/22 whereby individual services are able to amend the fees and charges where it is considered appropriate to do so during the coming year. In order to do so, services will work with finance and commercial services to determine and consider the market factors and propose amendments. These proposals will be reviewed by the Commercial Board, and then implemented via delegated authority to the Executive Directors in consultation with the relevant Cabinet Member.

160. People – Adult Social Care

161. The Care Act 2014 introduced a single legal framework for charging for care and support (section 14-17). For services which are chargeable and subject to means testing, each client will be financially assessed taking account of income such as pension and benefits and savings.

162. For community-based care, clients who have savings or investments (not including their home) of more than £23,250 will pay the full cost of their care. For those with savings under £23,250 a financial assessment will be completed to determine the amount, if any, they will have to contribute towards the costs of their care. Where savings between £14,250 and £23,250 are held, a tariff amount of £1 per every £250 of savings held is calculated in addition to any contribution from regular income.

163. For residential care, the Council can offer the Deferred Payment scheme. This is for people who either do not wish to sell their former home during their lifetime or who cannot sell it quickly enough to pay for their care. Under the Care Act, the Council can charge interest on the amounts deferred and an administration fee. There is a minimum savings and capital threshold that is applied in line with national guidelines.

164. Other charges such as Safe and Connected, which are not financially assessed are charged at the full cost of the service and any increases reflect increase in costs. The cost of a blue badge remains at £10 as specified on the gov.uk website and any future changes will be in line with this.

165. Place

166. Fees and charges for the majority of services within the Place department have been increased in line with the corporate approach. However, following analysis, charges have been reviewed and adjusted upward or downward to reflect the relevant cost analysis, benchmarking data and any relevant market conditions.

167. The Statutory fees have been reviewed/updated to reflect the latest statutory fees and charges.

168. The proposed fees and charges as set out in the schedule will contribute towards the Medium Term Financial Plan which includes an expectation of £180k additional income per annum, for the next three financial years, which is related to the inflationary increases.

169. Resources & Chief Executive

170. The Registrars service charges have been reviewed and increased to acknowledge market testing conducted. The range of services and fees charged have also increased following a recent review of the service offer.

171. Library charges have been reviewed to consider consortium unity and localised pricing to align relevant charges and consider customer demand and the impact of ICT enhancements across the range of services provided. Fees and charges will continue to be reviewed annually and adjusted as required to remain competitive in the market and to maintain cost neutrality where possible.

172. The Library Service is also keen to promote space in libraries, find new income streams through funding and will work collaboratively with partners

to develop income generation by renting out available space and delivering new initiatives.

173. The Catering Service meal charges have been reviewed to consider the competitiveness of the service and no adjustment to charging is expected in 2022/23.
174. Music Service tuition fees to parents and charges to schools and academies have remained mostly unchanged. This decision was informed by bench marking that has been carried out and also by the need to reflect the full cost of delivery.
175. The increase in the level of court costs charged in 2021/22 for council tax and business rates when making an application for a liability order to ensure the council's costs are met is not expected to increase next financial year. The level of court cost related income is to ensure that costs of legal action are predominantly met by the non-paying council tax and business rates customer.

### **Consultation**

176. A five week consultation is being commenced alongside publication of this report.
177. The questionnaire will:
- Ask for post code and other information on the respondents to help segment the results;
  - Seek views on the various types of savings proposals – generating income, reducing costs, increasing efficiency, reducing headcount and make more effective use of IT;
  - Seek views on the overall approach;
  - Seek views on the direct impact to the respondent; and
  - Provide the opportunity for free text comments.
178. The Consultation closes 5pm on 11 February 2022 and the output will be reported in the Final Budget and MTFP Report to Council on 24 February 2022. Online access to the consultation will be available in libraries and it will also be made available in an easy read format.

### **Safeguarding Implications**

179. None arising from this report. There are service reductions across all services including Adult Social Care and Children's Social Care. Officers are working through these to ensure there is no impact on the Council's safeguarding duties for vulnerable adults and children in the Borough. There are inherent risks in demand in these services which may be compounded by the pandemic for which the Council holds a revenue contingency and reserves.

### **Public Health Implications**

180. The Council's core business is to maintain and enhance the wellbeing of the community; austerity and the financial climate is severely challenging its ability to do this. The MTFP outlines how the Council aims to meet its financial demands whilst minimising the effect of these pressures on the community. However, it is difficult to envisage how continuous cuts to the

Council's budget will not impact upon its ability to support and maintain community wellbeing.

### **Equalities Impact of the Proposal**

181. Local authorities have a responsibility to meet the Public Sector Duty of the Equality Act 2010. The Act gives people the right not to be treated less favourably because of any of the protected characteristics. It is important to consider the needs of the diverse groups with protected characteristics when designing and delivering services or budgets so people can get fairer opportunities and equal access to services.
182. The Council aims to serve the whole borough fairly, tackle inequality and protect vulnerable people. The Council will promote equality of access and opportunity for those in our communities from the protected characteristic groups or those disadvantaged through socio-economic conditions.
183. The Council undertakes Equality Impact Assessment (EqIAs) to help make sure we do not discriminate against service users, residents and staff, and that we promote equality where possible.
184. An Equality Impact Assessment will be completed for individual budget/savings proposals. These assessments will evaluate how the proposal will impact on people of all protected characteristics and will identify alternative action or mitigating action where any adverse impact is identified. This will include consultation and engagement with affected people and organisations as appropriate.
185. The 2022/23 Budget engagement will look to identify the potential impacts on the wider community of the Council's proposals to address the budget shortfall. To enable this, all voluntary and community sector organisations will be asked to share their views and the engagement activities will be accessible. To ensure communities from across the borough are able to participate, the Council will produce an easy read version of a questionnaire for those with learning difficulties, details of the engagement activities will be hosted online enabling the text to be translated, listened to and enlarged, and assistance will be offered to those who feel they may otherwise have issues in participating.
186. Participants will be able to submit their views about individual savings items and the overall proposed approach by the Council. Equalities monitoring questions will be asked to enable this data to be cross-referenced with the opinions expressed by participants.

### **Environmental and Climate Change Considerations**

187. This report sets out savings which also have positive environmental impact such as Street Lighting LED generating greater energy savings than anticipated, use of electric vehicles in ASC reducing costs and print cost reductions.

### **Risks that may arise if the proposed decision and related work is not taken**

188. The Council faces an enormous financial challenge and it is essential that the opportunity is taken to progress savings at the earliest possible time. Delaying the decision will impact on the delivery of those savings and also impact on work to further close the financial gap.

**Risks that may arise if the proposed decision is taken and actions that will be taken to manage these risks**

189. The report has sought to identify as many of the financial risks facing the Council at this time and where possible to also quantify them. Identification is naturally one of the key steps in managing risk and this will be supplemented by regular review, there will be a further report to Cabinet in February 2022.

**Financial Implications**

190. Set out in the report.

**Legal Implications**

191. The Council has various legal and fiduciary duties in relation to the budget. The Council is required by the Local Government Finance Act 1992 to make specific estimates of gross revenue expenditure and anticipated income leading to the setting of the overall budget and council tax. The Local Government Act 2003 entitles local authorities to borrow and invest as long as their capital spending plans are affordable, prudent and sustainable. The 2003 Act requires the Chief Finance Officer to report to Council as part of the budget process on the robustness of the estimates of borrowing, investment and spending and the adequacy of the proposed financial reserves taking into account the affordability, prudence, sustainability, value for money, stewardship of assets, service objectives and practicality requirements as provided by CIPFA's Prudential Code of Capital Finance in Local Authorities concerning borrowing and investment.
192. Members are obliged to take into account all relevant considerations and disregard all irrelevant considerations in seeking to ensure that the Council acts lawfully in adopting a budget and setting council tax. The Council must set and maintain a balanced budget and must take steps to deal with any projected overspends and identify savings or other measures to bring budget pressures under control. Members should note that where a service is provided pursuant to a statutory duty, the Council cannot fail to discharge its duty properly.
193. Members have a fiduciary duty to the Council Taxpayer for whom they effectively act as trustee of the Council's resources and to ensure proper custodianship of the Council's resources.
194. This report provides a clear and concise view of the position at present, of future sustainability and the decisions that need to be made for the recommended actions outlined herein with a view to meeting the Council's legal and fiduciary obligations.

**Workforce Implications**

195. Any proposal that is likely to impact on posts or changes and potential closure of services, will require the Council to conduct a meaningful and timely consultation with trade unions and staff. This will include consideration of alternative proposals put forward as part of the consultation process. The Council's HR policies and procedures for restructures should be followed. Any consideration for staff structural changes should ensure there is a resilient workforce to deliver on-going service requirements. Therefore, consideration of workforce planning should be included in the process.

196. Where redundancies are necessary the appropriate HR policies and procedures should be followed. Redeployment options must be considered.

197. Services engage with HR at the earliest opportunity.

### **Property Implications**

198. There are no new specific property implications that arise from the proposals to this report. However, given the nature of what the report covers, there are a number of projects and activities mentioned that will have property implications as they come forward. These will be addressed as appropriate to the detail of each within their separate covering reports.

### **Other Implications**

199. None

### **Options Considered**

200. Set out in the report.

### **Conclusions**

201. In the face of challenge public finances, the report does set out proposals to bridge the funding gap and explores options to enable a balanced budget to be brought forward to Council in February.
