(There is no part 2 agenda)

MINUTES OF THE MEETING OF THE LICENSING SUB-COMMITTEE HELD ON WEDNESDAY, 3 MAY 2023

COUNCILLORS

PRESENT George Savva MBE (Chair), Mahym Bedekova, and Michael

Rye OBE

OFFICERS: Ellie Green (Principal Licensing Officer), Victor Ktorakis

(Senior Environmental Health Officer), Tayo Hasan (Legal Representative), and Harry Blake-Herbert (Governance

Officer)

Also Attending: Arlene auf der Mauer (ADM Training, representing the

applicant/ owner/ Toto Lounge & Bar Ltd Director, Taulant Kojnozi), Cllr Doug Taylor (Ward Councillor, representing IP1),

and Derek Ewart (Police Constable).

1. WELCOME AND APOLOGIES FOR ABSENCE

The Chair welcomed everyone to the meeting.

2. DECLARATION OF INTERESTS

There were no declarations of interest received regarding any item on the agenda.

3. MINUTES OF PREVIOUS MEETING

AGREED the minutes of the meetings held on Wednesday 29 March 2023 and Wednesday 5 April 2023 as a correct record.

4. TROYS LOUNGE - 74 ALDERMANS HILL, LONDON N13 4PP

The Licencing Team RECEIVED a Variation of Premises Licence application from Mr Taulant Kojnozi, Director of Toto Lounge & Bar Ltd, at the premises known as and situated at Troy's Lounge, 74 Aldermans Hill, London N13 4PP.

NOTED

- 1. The Introduction by Ellie Green, Principal Licensing Officer, including:
 - a. The premises located at 74 Aldermans Hill, London N13 4PP, was previously licensed as an off licence, between 21 July 2011 and 14 June 2021. During this time, the premises had a number of different licence holders and Designated Premises Supervisors. This licence

has been suspended, due to non-payment of the annual fee, for the new licence period. This licence is still suspended, but it is legally possible for a premises to have more than one premises licence. The Licensing Team have advised the previous premises licence holder that this should be surrendered, but as of yet, no response has been received.

- b. On 13 June 2022, an application was made by Toto Lounge & Bar Ltd for a new premises licence at a premises, described as a "Restaurant Café/Coffee Shop". The director at that time was Mr Alfons Prifti. Mr Prifti was also the named DPS for this application.
- c. The new application sought: Supply of Alcohol (on supply only): 10am to 23:30 Sunday to Thursday, 10am to 00:30 Friday & Saturday; Late Night Refreshment (indoor and outdoor): 23:00 to 23:30 Sunday to Thursday, 00:30 Friday & Saturday; and opening hours: 06:30 to 00:00 Monday to Thursday, 06:30 to 01:00 Friday & Saturday, and 08:00 to 00:00 Sunday.
- d. The Licensing Authority objected seeking a reduction of hours, and conditions. The new application also attracted objections from other parties, namely eleven local residents.
- e. As a result of the outstanding representations, the Licensing Sub-Committee determined the application at a hearing on 3 August 2022. The application was granted in part, with conditions and hours as follows: Supply of Alcohol (on supply only): 10am to 23:30 daily; Late Night Refreshment (indoor only): 23:00 to 23:30 Sunday to Thursday, 23:00 to 00:00 Friday & Saturday; and opening hours 06:30 to 00:00 Monday to Friday, and 08:00 to 00:00 Saturday & Sunday.
- f. On or around the 9th of January 2023, the Licensing Team were made aware that the premises had changed its name to Troy's Lounge Bar, then on or around 23 February 2023, the Licensing Team were made aware that the premises had changed its name to Troy's Lounge.
- g. On 23 February 2023, the Licensing Team received the first variation application for premises licence LN/202200287. The applicant details were incorrect so was amended and re-submitted the same day. However, as the applicant did not meet the advertising requirements; the consultation for the variation recommenced and the last date for representation was 8 April 2023.
- h. The premises licence holder is still Toto Lounge & Bar Limited, of 74 Aldermans Hill, Palmers Green, London, United Kingdom, N13 4PP, registered Company number 13062445. On 8 August 2022, five days after the new premises licence application was granted at the hearing, the then director at the time of the new application, Mr Alfons Prifti, resigned as director of this company. The same day, current director is Mr Taulant Kojnozi, became an active director of the company. Mr Alfons Prifti is still the named DPS on this licence.
- i. This variation application seeks to formally change the name of the premises to Troy's Lounge from Toto's Lounge & Bar Ltd, and increase/ extend the hours/ times of the premises activities. Supply of Alcohol (on supply only): Current Times: Monday-Sunday 10:00- 23:30,

Proposed Times Monday-Sunday 10:00-00:00; Opening hours: Current Times: Monday-Friday 06:30- 00:00, Saturday & Sunday 08:00-00:00; Proposed Times: Monday-Friday 06:30-00:30, Saturday & Sunday 08:00- 00:30.

- No regulated entertainment such as live or recorded music have been applied for in this variation, therefore only background music is permitted after 11pm.
- k. Representations were received on behalf of the Licensing Authority, Metropolitan Police, and a local resident in Grovelands Road; all of whom objected to the extension of hours, under the Prevention of Crime and Disorder and Prevention of Nuisance licensing objectives. No written representation was received from Toto Lounge & Bar Limited.
- I. The premises operates as a bar with a large seating area at the rear.
- m. If the Licensing Committee were minded to grant permission for the premises to open, and supply alcohol for longer periods, the police would ask that the proposed times in the application be shortened, and some additional/ modified/ amended conditions be added, as set out in the report.
- n. Ellie introduced the attendees, set out the running order for the meeting, and reminded each party that they would have 5 minutes each to present their representations.
- 2. Arlene auf der Mauer, ADM Training, representing Toto Lounge & Bar Ltd Director Taulant Kojnozi, made the following statement:
 - a. She explained to the committee that her client wanted to extend the hours the premises could operate, and the times they were seeking to extend to.
 - b. It was expressed that Mr Taulant Kojnozi had been unable to attend due to a family emergency and that she had substituted for him at the last minute.
 - c. Arlene auf der Mauer conveyed that Mr Alfons Prifti was still the named DPS because Mr Taulant Kojnozi had been waiting to get his personal licence, which he had since got. She described that they had tried to vary this licence, but the forms/application were sent in the incorrect format, and they would reapply; it was not that attempts had not been made to change this.
 - d. It was said that Mr Taulant Kojnozi had not been approached by anyone regarding complaints about noise, and that he was unsure what noise these complaints related to.
 - e. Arlene questioned what anticipated crime would arise if the hours the premises operated were extended. She expressed that as and when these clarifications were made, they could perhaps take steps to mitigate these concerns/ issues; and said they had not put in any extra conditions because they did not anticipate the need for further measures.

- f. It was pointed out that other premises along the same parade open until late, and they were unsure why they would not also be able to remain open later.
- 3. In response, the following comments and questions were received:
 - a. The Chair asked why Mr Taulant Kojnozi was seeking to extend the hours the premises could operate. Arlene auf der Mauer advised that Troy's Lounge was a new business, and customers had expressed to the owner that they wanted the premises to operate for longer hours.
 - b. Cllr Bedekova gueried how the director claimed to have no knowledge of the complaints, when he had been made aware of the breach of the Health Act 2006, by allowing smoking in the rear area. Arlene responded that she was aware of this; she said that she had spoken to him about it, and that he felt there were many premises near/ around the area, where this was also taking place. It was reiterated that no one had approached Mr Taulant Kojnozi with noise complaints. Arlene highlighted that the first complaint referenced in the report was made in early August, and that Mr Taulant Kojnozi had only opened in September. Arlene explained that they had tried to respond to the Police's representation, but the message was always blocked/ the email would not go through. She added that when they tried to contact a police officer they had been working with on the licence/issues; the officer informed them that they had left the force. She said that they had asked for the message be passed on, and had tried to communicate with the police on several occasions, but the emails had been blocked/ not gone through. It was conveyed that Mr Taulant Kojnozi would be occupying the residential flats directly above the premises, thus reducing some of the concern about noise. Arlene pointed out that there was a park in front of, and a service road and gardens behind the premises, before any houses; thus, the only residential properties surrounding the premises were those flats above the parade of businesses. She expressed that the owner could not see how the additional hours of operation being sought would result in a big impact on noise and or crime, and that steps would be taken to mitigate these issues if they arose.
 - c. Ellie Green enquired if Mr Taulant Kojnozi had, or was going to take ownership of the whole building, including the flats upstairs, to which Arlene replied that he was in the process of doing this.
 - d. Cllr Rye asked how Mr Taulant Kojnozi was running the business differently to previous owners, given the history of the premises, of complaints/ concerns from residents, the police, and the Licensing Authority. Arlene responded that she did not know how well her client knew the former DPS, and that she thought he had only been willing to stay on as the DPS to help Mr Taulant Kojnozi with the takeover. She said that Mr Taulant Kojnozi had not been aware the premises was licensed before, and that upon finding out, she advised him he had not needed apply for a new licence, just transfer the old one, and

wondered why the Licensing Authority had not flagged this up previously. Ellie Green advised that they did raise this with him at the previous hearing; that the licences were for two different business models, and there was nothing preventing two licences operating at once. Arlene added that he had no connection with the previous owners, and had not researched the history of the premises before purchasing it, but expressed that this was common, and that she advises her clients to do this research before buying.

- e. Cllr Rye queried how the extra time Mr Taulant Kojnozi was applying to operate for would enhance/ improve the business. Arlene replied that a number of Mr Taulant Kojnozi's customers expressed that they work late, and do not have many choices of places to go in the evening, and this would give them somewhere to go.
- f. The Chair enquired how they were planning to stop smoking in the rear area. Arlene responded that she had asked him to stop. The Chair conveyed that he felt this was not enough reassurance.
- g. Cllr Bedekova asked officers if anyone had been in touch with the applicant about noise complaints. Victor Ktorakis said he had spoken to the owner over the phone about noise, and Mr Taulant Kojnozi mentioned that he was aware of the complaint that had been described to him on 6th December; and they had record that he was also informed about this in November.
- h. The Chair enquired if Mr Taulant Kojnozi was present at the time the contraventions/ complaints took place. Arlene responded that on one occasion, music had supposedly been played for customers outside the front of the premises. However, Mr Taulant Kojnozi had said to her that no music had been played for customers; instead, one member of staff accidently turned the volume up/ loud, but that this was turned down quickly and was not being played for anyone.
- i. The Chair queried if the staff needed more training. Arlene replied that they needed to be made more responsible for their own actions; that they had received training; and the member of staff had described the music incident as an accident, and was not prolonged.
- j. The Chair said Mr Taulant Kojnozi should have been present at the meeting, to which Arlene advised she had been informed that he had a family emergency.
- k. Ellie Green confirmed the Licensing Team received an email on 20th January, requesting a vary of the DPS application, but that this had not been associated with a payment, and they advised about this but had not received anything back. Arlene asked how they request the payment. Ellie responded that an email had been sent with a link to the online payment. Arlene said the forms had not been accepted. Ellie advised the application would not be accepted until a payment had been received. Arlene said she thought the application was rejected on the basis of the formatting of individual pages. Ellie replied that advise had been given with regards to both payment and how to complete/format the application properly. Arlene responded that the intention of the owner/ director was to vary the DPS.

- 4. Victor Ktorakis, Senior Environmental Health Officer, made the following statement:
 - a. He pointed out that the premises was located in a heavily populated residential area, and that the Licensing Authority believe the longer hours would have a detrimental impact on neighbouring residents, particularly those living along the parade. Victor expressed the potential for greater noise nuisance from customers smoking outside and or dispersing from the premises later at night.
 - b. It was conveyed that there had been several complaints received regarding noise, particularly loud music, since the business changed hands to the new owner.
 - c. He explained the rear 'garden area' had been substantially enclosed to create an additional indoor seating area.
 - d. Noise diary sheets submitted by complainants suggested nine instances of noise disturbance between 4 August 2022 and 31 October 2022, all of which arose following the application for a new premises licence and occurred under the management of the current premises licence holder.
 - e. Reports also suggested that loud music was being played later than 23:00, and that the licence did not cover regulated activity of any kind, thus this should not be occurring.
 - f. The Licensing Authority are also aware of repeated breaches of the Health Act 2006, as the Premises Licence Holder has continued to allow smoking in a smoke free premises despite several warning; and smoking had been encouraged by the provision of ash trays to the tables in the rear room. Victor described that the continued breaches undermine the licencing objectives with regards to the prevention of crime and disorder, and allowing smoking in a smoke free area was a criminal offence.
 - g. He felt the repeated breaches demonstrated the premises licence holder was not competent to ensure compliance with current legislation/ guidance. Thus, the Licensing Authority's position was to object the proposed increase in opening and sale of alcohol hours, but that there were no objections to the change of the premises name.
- 5. In response, the following comments and questions were received:
 - a. The Chair asked what constituted loud music. Victor responded that this was anything above ambient levels of noise, that there was not a sound/ decibel level reading that defined this, but that this could be anything which was loud enough as to disturb a normal conversation. He added the Environment Protection Act deals with noise nuisance, defined as a noise that affects the normal enjoyment of a neighbouring property.
 - b. The Chair queried where the smoking outside was taking place. Victor described that the smoking that had taken place was not outside, but

instead in the rear 'garden' area, which had become substantially enclosed (more than 50%). The Chair added his understanding that the premises had been granted permission for smoking in this outside area but not in an enclosed space, and the licence holder should not have enclosed this garden area.

- c. The Chair enquired how many times officers had witnessed breaches of the license. Victor replied that with regards to loud music, it had been substantiated once. The diary sheets had also been submitted by residents, which was common practice, to confirm a pattern, and give the licence holder an opportunity to rectify the issue. With regards to smoking, this was said to have been witnessed twice, on the first occasion Mr Taulant Kojnozi was not present, but Victor described discussing this with him; on the second occasion Mr Taulant Kojnozi was present and aware. Victor explained that they had received a formal warning, and the next step would be prosecution action.
- d. Cllr Rye asked if the licence holder had been made directly aware of noise contraventions. Victor confirmed that Charlotte Palmer had spoken to the owner in November regarding noise, and that on his licensing visit, he had also spoken to him about noise complaints.
- e. The Chair enquired if these complaints were written or received over the phone, to which Victor responded that they were diary sheets, and so written.
- f. Cllr Bedekova queried if these complaints came from one or multiple residents, to which Victor confirmed there were a number of different complainants.
- g. Arlene auf der Mauer asked about a noise complaint being received on 4th August 2022, which was before her client had opened in September. She queried how this could be their responsibility, and asked if the other noise complaints could have emanated from other/different premises. Tayo Hasan, legal representative, advised Arlene that her questions should be directed to the Officers, and not members of the committee. Officers advised that the premises was licensed by the same company, and it was only a change in Director that had taken place; they said the company was trading before September, and a change in director was irrelevant.
- 6. Derek Ewart, Police Constable, made the following statement:
 - a. It was highlighted that the premises were located on a busy residential street, and the proposed extension to hours would negatively impact on the community, particularly the residents living on the parade.
 - b. He expressed that if the Licensing Authority were minded to grant the application, the police would ask the proposed hours the premises is open and able to supply alcohol, be reduced, and additional/ modified/ amended conditions be added, relating to training, CCTV etc., as set out in the report.
- 7. In response, the following comments and questions were received:

- a. The Chair asked if the police had experienced any other problems on that stretch of road. Derek responded that they had received several calls, since the premises began operating with Mr Taulant Kojnozi as the licence holder. On the 30th and 31st December 2022 at 10:19pm and 01:47am, they received reports from members of the public of a noise nuisance emanating from the premises; and on 11th December 2022 the premises were visited by the local authority and there were clear breaches of smoke free regulations. Ellie Green added that there were no temporary event notices on those dates, or indeed any others, that would permit loud music that late at night.
- b. Cllr Bedekova queried on how many occasions the premises had applied for a temporary event notice, to which Ellie Green confirmed they had never applied for one, thus their licence did not cover playing any loud music beyond 23:00.
- c. The Chair asked how many temporary event notices a premises was allowed to apply for in a year. Ellie Green replied that they were allowed 21 events covering 26 days, with one event notice being able to cover up to 7 days.
- 8. Cllr Doug Taylor, Ward Councillor, representing IP1, made the following statement:
 - a. Cllr Taylor emphasised that IP1's concerns were reflected in those of the Licensing Authority and the Police, regarding the prevention of crime, disorder and public nuisance, expressed on pages 62 and 64 of the agenda report pack, which drew out the issues.
 - b. Cllr Taylor also pointed out page 33, which detailed the decision of the sub-committee regarding the licence holders previous/ original application, which reflected the concerns at the time, and that these concerns still remain now.
- 9. In response, the following comments and questions were received:
 - a. Cllr Bedekova asked if Cllr Taylor had received any other complaints from residents as a Ward Councillor, to which Cllr Taylor advised he had not since August, and was just representing IP1.
 - b. Arlene auf der Mauer queried why residents did not raise their concerns with Mr Taulant Kojnozi. Cllr Bedekova advised that residents often went to the Local Authority to make a complaint about a premises as opposed to the owner and that this was common/ reasonable practice. Cllr Taylor responded that in general terms residents were sometimes concerned about conflict created by direct interventions, and it was not unusual for residents to approach the Council, hence the Licensing Authority anonymise names and addresses as standard practice, as they recognise and understand these concerns. He asked given the nature of the issues, to what extent has the applicant made

- attempts to engage with residents about the issues in a proactive way, rather than just being reactive.
- c. Cllr Bedekova enquired if Cllr Taylor had received complaints from residents as a Ward Councillor about any of the ongoing issues discussed since August. Cllr Taylor advised that since August and the previous committee meeting to discuss the premises, he had not been contacted specifically about further concerns.
- 10. The following closing summaries/ points were made:
 - a. Ellie Green took the committee through the various options available to them when deciding on the outcome of the application.
 - b. Victor Ktorakis highlighted that with regards to the operating times of other premises in the area; Starfish and Coffee, while permitted on the licence to remain open until 01:30 am, were very rarely open until those hours, and just used them for ad hoc events, so that they did not have to apply for temporary event notices as often. Victor made clear that the other premises closing this late were restaurants, not bars, and operated in very different ways.
 - c. Cllr Taylor highlighted that if the committee were minded to extend the hours, IP1 had asked that this be restricted to the weekend nights only.

The Chair thanked everyone for their time and adjourned the meeting whilst the committee went away to deliberate. Derek Ewart, Police Constable, informed the committee that he would not be able to return/ attend to hear the committee's decision. The Panel retired, with the legal representative and committee administrator, to consider the application further, and then the meeting reconvened in public.

RESOLVED that:

The Licensing Sub-Committee RESOLVED that the application be **REFUSED**.

The Chair made the following statement:

"After considering the application and hearing the evidence of the parties in this hearing, the Licensing Sub-Committee are not persuaded to extend the proposed hours because of the impact on the local community, potential impact of crime and disorder in the area, noise pollution, preventing the residents from enjoying the amenities of their home, and the premises licence holder is breaching the Health Act 2006 by allowing smoking.

The Licensing Sub-Committee do not object to the changing of the name of the premises to Troy's Lounge."

Additionally, the Chair advised that:

'It would be helpful if the applicant abide with the present licensing objectives and the law of Health and Safety Act 2006 is adhered to.

The Licensing Sub-Committee was concerned to hear that events took place without a temporary events licence, and therefore it would be in the best interest of the applicant to apply for one accordingly, if needed in the future.

It would also be helpful if there was clarity with the status of the Designated Premises Supervisor, and that they were on site, as to the premise concerned.'

The Chair thanked everyone for their time and brought the meeting to a close at 12:03.

MUNICIPAL YEAR 2023/24 REPORT NO.

COMMITTEE: Licensing Sub-Committee 26 July 2023

REPORT OF:

Ellie Green, Licensing Team Manager

LEGISLATION: Licensing Act 2003 Agenda - Part Item

SUBJECT:

Review Application

PREMISES:

Maxi Food & Wine (also known as Happy Food), 38 Chase Side, Southgate, N14 5PA

WARD : Southgate

1 LICENSING HISTORY & CURRENT POSITION - LN/200600265:

- 1.1 The premises has been previously known as Station Stores, and Royal News before being named Maxi Food & Wine.
- 1.2 On 23 June 2006, a new premises licence application which was not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr Kandasamy Nirmalan as the Premises Licence Holder (PLH) and also as the Designated Premises Supervisor (DPS).
- 1.3 On 27 May 2011, a transfer application which was not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr Gurdeep Singh Kahlon as the Premises Licence Holder (PLH), and also became the DPS.
- 1.4 On 6 September 2021, a transfer application which was not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr Dervis Altun as the Premises Licence Holder (PLH), and also became the DPS.
- 1.5 On 12 May 2021, Mr Dervis Altun surrendered premises licence LN/200600265, as he stated he had not been owner of this premises for some time.
- 1.6 On 7 June 2021, a transfer application which was not subject to any representations, was granted by officers in accordance with delegated powers, naming Mrs Aylin Yengin as the Premises Licence Holder (PLH), and also became the DPS. The transfer application was permitted as it was submitted within the timeframe permitted by the Act to transfer a surrendered premises licence. It is now known that Mrs Aylin Yengin is the wife of Mr Kemal Altun.
- 1.7 On 26 October 2022, Trading Standards submitted a review of premises licence LN/200600265. The review application was been submitted as Trading Standards believes that Mrs Aylin Yengin was not promoting the prevention of crime and disorder licensing objective. A wide range of unlawful activity had taken place whilst Mrs Aylin Yengin had been the

premises licence holder, despite advice to prevent such activity having been provided by the Council previously. The unlawful activity includes:

- illicit tobacco has been seized from the premises;
- breaches of licence conditions:
- selling non-compliant vapes and e-cigarettes;
- selling Viagra and Sildenafil without a medical registration from MHRA;
- selling drug paraphernalia;
- selling nitrous oxide (known as NOx).
- 1.8 On Monday 12 December 2022, a transfer and vary DPS application was submitted to the Licensing Team, naming Ms Nuray Ozdemir as both the new premises licence holder and DPS. It is now known that Ms Ozdemir is the sister of Mr Kemal Altun.
- 1.9 The Licensing Sub-Committee determined the review application at a hearing on 4 January 2023, and the decision was made to suspend the licence for 3 months, and to modify the conditions.
- 1.10 The link to the full licensing sub-committee report for the review application, decision and minutes can be found on the council website here:

 https://governance.enfield.gov.uk/ieListDocuments.aspx?Cld=217&Mld=14480&Ver=4
- 1.11 A copy of the decision notice is attached as Annex A.
- 1.12 Later on 4 January 2023, the transfer and vary DPS application which were not subject to any representations, were granted by officers in accordance with delegated powers, naming Ms Nuray Ozdemir as the Premises Licence Holder (PLH), and also the DPS.
- 1.13 All premises licences are due to pay an annual fee. At the time of preparing this report, the premises licence LN/200600265 annual fee was overdue since 27 June 2023, despite a reminder being sent on 1 May 2023. In accordance with Section 55A of the Licensing Act 2003, there is a 21-day grace period. If the annual fee, is still not paid, then a notice of suspension will be issued and then the licence suspended at least two working days after this. Suspension of premises licences are only lifted once all annual fee payments are up to date.
- 1.14 The current premises licence LN/200600265 permits:
- 1.14.1 The hours the premises are open to the public: 06:30 to 23:00 daily.
- 1.14.2 Supply of alcohol (off supplies only): 06:30 to 23:00 daily.
- 1.15 A copy of the current premises licence LN/200600265 is attached as Annex B.
- 1.16 Enfield Licensing Team were made aware of a premises licence review in the London Borough of Haringey, which have links to between persons at Maxxi Food & Wine 42 Topsfield Parade, London, N8 (Haringey) and this premises, Maxi Food & Wine, 38 Chase Side. On 30 May 2023, the Licensing Sub-Committee in Haringey resolved to revoke the premises licence of Maxxi Food & Wine 42 Topsfield Parade, London, N8. The full Licensing Sub-Committee report and full decision notice can be found on the Haringey Council website here:

https://www.minutes.haringey.gov.uk/ieListDocuments.aspx?Cld=1022&Mld=10294&Ver=4

2.0 THIS APPLICATION:

- 2.1 On 30 May 2023 an application was made by Enfield Council's Licensing Authority for the review of Premises Licence LN/200600265 and is produced in Annex C.
- 2.2 Additional Information was provided by the Licensing Authority to further support their representation and a copy is produced in Annex D.
- 2.3 The review application has been submitted as the Licensing Authority believes the four licensing objectives are being undermined as the following unlawful activity is taking place at/from the premises:
 - sales of nitrous oxide are still being recklessly made from the premises, despite this being conditioned on the premises licence.
 - breaches of licence conditions:
 - selling non-compliant vapes and e-cigarettes;
 - and that Ms Ozdemir is not actively running the business as expected as the role of premises licence holder.
- 2.5 The review application seeks to revoke the premises licence in its entirety.
- 2.6 The review application was advertised in accordance with the requirements of the Licensing Act 2003.
- 2.7 Each of the Responsible Authorities were consulted in respect of the application.

3.0 RELEVANT REPRESENTATIONS:

- 3.1 **Metropolitan Police** Representation was made in support the review as the Police do not believe that any of the four licensing objectives are being upheld. A copy of the Police representation can be seen in Annex E.
- 3.2 **Other Parties** Representation was made by a Southgate ward councillor, in support the review, in that they do not believe any of the four licensing objectives are being upheld. A copy of this representation can be seen in Annex F.
- 3.3 **Premises Licence Holder** No representation has been made by Ms Ozdemir in response to this review application at the time the report was prepared.

4.0 PROPOSED LICENCE CONDITIONS:

4.1 A modification to Condition 16 has been proposed as follows, through this review process.

Current Condition 16:

No Nitrous oxide (laughing gas) should be stored or sold to consumers.

Seeks amending to:

Nitrous oxide (laughing gas) shall not be stored or sold to consumers from the premises, or any vehicles or storerooms associated with the premises.

4.2 Ms Ozdemir has not indicated any indication to this amended condition.

5.0 RELEVANT LAW, GUIDANCE & POLICIES:

- 5.1 The paragraphs below are extracted from either:
 - 5.1.1 the Licensing Act 2003 ('Act'); or
 - 5.1.2 the Guidance issued by the Secretary of State to the Home Office of April 2018 ('Guid'); or
 - 5.1.3 the London Borough of Enfield's Licensing Policy Statement of January 2020 ('Pol').

General Principles:

- 5.2 The Licensing Sub-Committee must carry out its functions with a view to promoting the licensing objectives [Act s.4(1)].
- 5.3The licensing objectives are:
 - 5.3.1 the prevention of crime and disorder;
 - 5.3.2 public safety;
 - 5.3.3the prevention of public nuisance; &
 - 5.3.4the protection of children from harm [Act s.4(2)].
- 5.4 In carrying out its functions, the Sub-Committee must also have regard to:
 - 5.4.1 the Council's licensing policy statement; &
 - 5.4.2 guidance issued by the Secretary of State [Act s.4(3)].

Review:

- 5.5 In reviewing a licence the Licensing Sub-Committee will consider, and take into account, the complaints history of the premises and all other relevant information [Pol s.10.3].
- 5.6 A number of reviews may arise in connection with crime that is not directly connected with licensable activities, for example the sale of contraband goods. The Sub-Committee does not have the power to judge the criminality or otherwise of any issue. The Sub-Committee's role is to ensure the promotion of the crime prevention objective [Guid s.11.24].
- 5.7 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These include the use of

the premises for the sale or storage of smuggled tobacco and alcohol [Guid s.11.27].

5.8 Where reviews arise in respect of these criminal activities and the Sub-Committee determines that the crime prevention objective is being undermined, it is expected that revocation of the licence – even in the first instance – should be seriously considered [Guid s.11.28].

Nitrous Oxide:

5.9 See the review application for the legal background on the sale and consumption of nitrous oxide.

Decision:

- 5.10 Having heard all of the representations (from all parties) the Licensing Sub-Committee must take such steps as it considers appropriate for the promotion of the licensing objectives. The steps are:
 - 5.10.1 to modify the conditions of the licence;
 - 5.10.2 to exclude a licensable activity from the scope of the licence;
 - 5.10.3 to remove the designated premises supervisor
 - 5.10.4 to suspend the licence for a period not exceeding three months;
 - 5.10.5 to revoke the licence [Act s.52].
- 5.11 In deciding which of these powers to invoke, the Sub-Committee should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should generally be directed at those causes and should always be no more than an appropriate and proportionate response to address the causes of concern that instigated the review. [Guid s.11.20].

Annex A

LONDON BOROUGH OF ENFIELD LICENSING AUTHORITY LICENSING ACT 2003 (HEARINGS) REGULATIONS 2005 **DECISION NOTICE**

LICENSING SUB-COMMITTEE - 4 JANUARY 2023

Application was made by **TRADING STANDARDS** for a review of the Premises Licence (LN/200800580) held by MS NURAY OZDEMIR at the premises known as and situated at MAXI FOOD & WINE, 38 CHASE SIDE, SOUTHGATE, N145PA.

The Licensing Sub-Committee RESOLVED that it considers the steps listed below to be appropriate for the promotion of the licensing objectives:

- (a) to modify the conditions of the licence in accordance with Annex A attached to this Decision Notice: AND
- (b) to suspend the licence for a period of three months.

Reasons:

The Chair made the following statement:

"This Licensing Sub Committee (LSC) have read and considered all the information put before them and attentively listened to all the points made by each party.

Given the seriousness of the allegations the Committee were at first minded to consider revocation of the premises licence.

The LSC have been told this is a family run business and it is concerning that those who were previously involved in the failures outlined in the review are still involved.

However, their advocate (Mr Sutherland of RDS Law) has made it very clear that the families involved in the business acknowledge their previous failures. They want to do better in the future and have now employed consultants (Atlas Licensing Consultants), who have trained them and put in place a proper manual, a training system and will be undertaking test purchases in future to ensure staff are using their policies appropriately.

Nevertheless, the wrongdoing discovered was so serious that despite the acknowledged changes the LSC feel that anything short of a 3-month suspension would be inadequate.

The LSC anticipate that the Local Authority will be undertaking checks to ensure the business is now promoting the licensing objectives. The LSC will be very disappointed if this business should be back before them because further failures have been discovered.

Date Notice Sent: 4 January 2023

Bhothygno.

Signed:

Esther Hughes, Head of Service Consumer Protection & Waste Enforcement on behalf of Principal Licensing Officer

APPEAL

Under the Licensing Act 2003 you have a right of appeal against this decision within 21 days of receiving this notice. Any appeal should be made in writing to the North London Magistrates Court at the following address:

North London Magistrates Court Highbury Corner, 51 Holloway Road, London, N7 8JA

Annex A

Conditions Arising from the Licensing Sub-Committee Hearing of the Review Application for Maxi Food & Wine on 4/1/23

Annex 1 - Mandatory conditions

The Mandatory Conditions are attached and form part of the Operating Schedule of your licence/certificate. You must ensure that the operation of the licensed premises complies with the attached Mandatory Conditions as well as the Conditions in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

Annex 2 - Conditions consistent with the Operating Schedule

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. Alcohol shall be securely stored, locked away from other stock with limited key access.
- 3. Youths shall be discouraged from loitering outside the premises.
- 4. A Central Station Alarm system shall be installed, operated and maintained at the premises. The system shall comply with EU50131 and shall include a panic button facility.
- 5. Unaccompanied children under 14 are not allowed to enter the premises after 21:00.
- 6. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.
- Annex 3 Conditions attached after a hearing by the Licensing Authority.
- 7. Non-duty paid tobacco or alcohol must not be stored or sold from the premises or from any motor-vehicle.
- 8. A 'Think 25' proof of age scheme shall be operated, and relevant material shall be displayed at the premises.
- 9. A written record of refused sales shall be kept on the premises and completed when necessary. This record shall be made available to Police and/or the Local Authority upon request and shall be kept for at least one year from the date of the last entry.
- 10. Signs shall be prominently displayed on the exit doors advising customers that the premises is in a Public Space Protection Order Area (or similar) and that alcohol should not be taken off the premises and consumed in the street. These notices shall

be positioned at eye level and in a location where they can be read by those leaving the premises.

- 11. Only the Premises Licence Holder or Designated Premises Supervisor shall purchase alcohol and / or tobacco stock.
- 12. Alcohol and tobacco stock shall only be purchased from registered wholesalers.
- 13. The premises licence holder shall ensure that all receipts for goods bought are kept together in a file or folder as evidence that they have been brought into the UK through legal channels. Receipts shall show the following details:
- (a) Seller's name and address;
- (b) Seller's company details, if applicable;
- (c) Seller's VAT details, if applicable.

Copies of these documents shall be retained for no less than 12 months and shall be made available to police or authorised officers of the council on request within five working days of the request. The most recent three months' worth of receipts shall be kept on the premises and made available to the police or authorised officers of the council on request.

- 14. All tobacco products that are not on the tobacco display shall be stored in a container clearly marked 'Tobacco Stock'. This container shall be kept within the storeroom or behind the sales counter.
- 15. Tobacco products shall only be taken from the tobacco display behind the sales counter to make a sale.
- 16. No Nitrous oxide (laughing gas) should be stored or sold to consumers.
- 17. All staff shall be trained, and re-trained every six months, with regard to the sale of alcohol, smuggled goods, drugs and the promotion of the licensing objectives. A record of all such training must be kept for at least 24 months.
- 18. A CCTV system shall be installed, operated and maintained at the premises. The system shall conform to the Data Protection Act guidelines. Cameras shall monitor the front entrance doors, till area, alcohol displays and the outside of the premises. The time and date shall be generated onto recordings, which shall be of a quality to satisfy the Police and which shall be retained for a minimum of 31 days. At all times there shall be at the premises a member of staff who can operate the CCTV system and provide any copies of the CCTV footage when lawfully requested.
- 19. All members of staff are required to hold a personal licence.

Annex 1 - Mandatory conditions

The Mandatory Conditions are attached and form part of the Operating Schedule of your licence/certificate. You must ensure that the operation of the licensed premises complies with the attached Mandatory Conditions as well as the Conditions in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

Annex 2 - Conditions consistent with the Operating Schedule

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. Alcohol shall be securely stored, locked away from other stock with limited key access.
- 3. Youths shall be discouraged from loitering outside the premises.
- 4. A Central Station Alarm system shall be installed, operated and maintained at the premises. The system shall comply with EU50131 and shall include a panic button facility.
- 5. Unaccompanied children under 14 are not allowed to enter the premises after 21:00.
- 6. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.
- Annex 3 Conditions attached after a hearing by the Licensing Authority.
- 7. Non-duty paid tobacco or alcohol must not be stored or sold from the premises or from any motor-vehicle.
- 8. A 'Think 25' proof of age scheme shall be operated, and relevant material shall be displayed at the premises.
- 9. A written record of refused sales shall be kept on the premises and completed when necessary. This record shall be made available to Police and/or the Local Authority upon request and shall be kept for at least one year from the date of the last entry.
- 10. Signs shall be prominently displayed on the exit doors advising customers that the premises is in a Public Space Protection Order Area (or similar) and that alcohol should not be taken off the premises and consumed in the street. These notices shall be positioned at eye level and in a location where they can be read by those leaving the premises.
- 11. Only the Premises Licence Holder or Designated Premises Supervisor shall

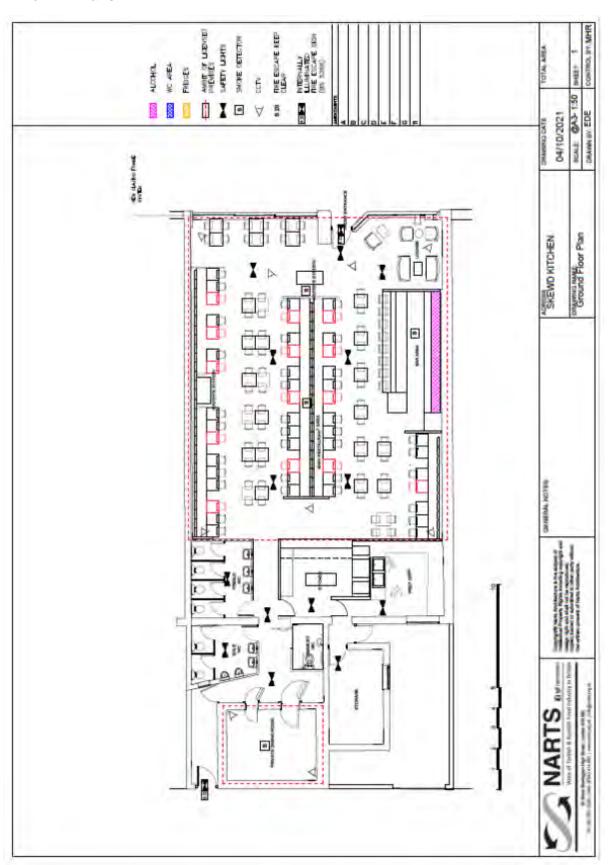

purchase alcohol and / or tobacco stock.

- 12. Alcohol and tobacco stock shall only be purchased from registered wholesalers.
- 13. The premises licence holder shall ensure that all receipts for goods bought are kept together in a file or folder as evidence that they have been brought into the UK through legal channels. Receipts shall show the following details:
- (a) Seller's name and address;
- (b) Seller's company details, if applicable;
- (c) Seller's VAT details, if applicable.

Copies of these documents shall be retained for no less than 12 months and shall be made available to police or authorised officers of the council on request within five working days of the request. The most recent three months' worth of receipts shall be kept on the premises and made available to the police or authorised officers of the council on request.

- 14. All tobacco products that are not on the tobacco display shall be stored in a container clearly marked 'Tobacco Stock'. This container shall be kept within the storeroom or behind the sales counter.
- 15. Tobacco products shall only be taken from the tobacco display behind the sales counter to make a sale.
- 16. No Nitrous oxide (laughing gas) should be stored or sold to consumers.
- 17. All staff shall be trained, and re-trained every six months, with regard to the sale of alcohol, smuggled goods, drugs and the promotion of the licensing objectives. A record of all such training must be kept for at least 24 months.
- 18. A CCTV system shall be installed, operated and maintained at the premises. The system shall conform to the Data Protection Act guidelines. Cameras shall monitor the front entrance doors, till area, alcohol displays and the outside of the premises. The time and date shall be generated onto recordings, which shall be of a quality to satisfy the Police and which shall be retained for a minimum of 31 days. At all times there shall be at the premises a member of staff who can operate the CCTV system and provide any copies of the CCTV footage when lawfully requested.
- 19. All members of staff are required to hold a personal licence.

Annex 4 - Plans

Annex 1 – Mandatory Conditions

Mandatory conditions where the licence authorises the sale of alcohol (Note: Conditions 4, 5, and 7 relate to on-sales only)

These Mandatory Conditions form part of the Operating Schedule of your licence. You must ensure that the operation of the licensed premises complies with these Mandatory Conditions, as well as the Conditions stated in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

- 1. No supply of alcohol may be made at a time when there is no designated premises supervisor in respect of this licence.
- 2. No supply of alcohol may be made at a time when the designated premises supervisor does not hold a personal licence or the personal licence is suspended.
- 3. Every supply of alcohol under this licence must be made or authorised by a person who holds a personal licence.
- 4. (1) The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.
- (2) In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises
- (a) games or other activities which require or encourage, or are designed to require or encourage, individuals to;
- (i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
- (ii) drink as much alcohol as possible (whether within a time limit or otherwise);
- (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;
- (c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;
- (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner:
- (e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of a disability).
- 5. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.
- 6. (1) The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.
- (2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.
- (3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either -

- (a) a holographic mark, or
- (b) an ultraviolet feature.
- 7. The responsible person must ensure that –
- (a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures -
- (i) beer or cider: ½ pint;
- (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
- (iii) still wine in a glass: 125 ml;
- (b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and
- (c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

A responsible person in relation to a licensed premises means the holder of the premise licence in respect of the premises, the designated premises supervisor (if any) or any individual aged 18 or over who is authorised by either the licence holder or designated premises supervisor. For premises with a club premises certificate, any member or officer of the club present on the premises in a capacity that which enables him to prevent the supply of alcohol.

- 8 (i) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.
- (ii) For the purposes of the condition set out in paragraph 8(i) above -
- (a) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;
- (b) "permitted price" is the price found by applying the formula -

P = D+(DxV)

Where -

- (i) P is the permitted price,
- (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;
- (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence -
- (i) the holder of the premises licence,
- (ii) the designated premises supervisor (if any) in respect of such a licence, or
- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence:
- (d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and
- (e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994.
- (iii). Where the permitted price given by Paragraph 8(ii)(b) above would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny
- (iv). (1) Sub-paragraph 8(iv)(2) below applies where the permitted price given by Paragraph 8(ii)(b) above on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.
- (2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Supply of alcohol under a Club Premises Certificate

The mandatory conditions 4 to 8 above will apply. If the club premises certificate authorises the supply of alcohol for consumption off the premises, the following three mandatory conditions must also be included:

- 1. The supply of alcohol for consumption off the premises must be made at a time when the premises are open for the purposes of supplying alcohol to members of the club for consumption on the premises.
- 2. Any alcohol supplied for consumption off the premises must be in a sealed container.
- 3. Any alcohol supplied for consumption off the premises must be made to a member of the club in person.

Supply of alcohol from community premises

The following mandatory condition will replace the first three mandatory conditions above when an application is made for a premises licence by the management committee of community premises and the licensing authority also grants an application for this alternative licence condition to be included in the licence:

1. Every supply of alcohol under the premises licence must be made or authorised by the [management committee / management board / board of trustees].

Mandatory condition when a premises licence or a club premises certificate authorises the exhibition of films

9. Admission of children to the premises must be restricted in accordance with the film classification recommended by the British Board of Film Classification or recommended by this licensing authority as appropriate.

Mandatory Condition relating to door supervision which only applies where a premises licence includes a condition that one or more individuals must be at the premises to carry out a security activity

10. All persons guarding premises against unauthorised access or occupation or against outbreaks of disorder or against damage (door supervisors) must be licensed by the Security Industry Authority.

London Borough of Enfield

Application for the Review of a Premises Licence or Club Premises Certificate under the Licensing Act 2003

PLEASE READ THE FOLLOWING INSTRUCTIONS FIRST

Before completing this form please read the guidance notes at the end of the form. If you are completing this form by hand please write legibly in block capitals. In all cases ensure that your answers are inside the boxes and written in black ink. Use additional sheets if necessary. You may wish to keep a copy of the completed form for your records.

This application to review relates to the following licensing objective(s)

the prevention of crime and disorder	Please tick one or more boxes ✓
2) public safety	X
3) the prevention of public nuisance	X
4) the protection of children from harm	X

Please state the ground(s) for review (please read guidance note 2)

Enfield Licensing Authority is seeking a review of this premises licence on the grounds that the premises has been found to be selling nitrous oxide. This is despite the fact that a condition was added to the licence at a premises licence review hearing on 4th January 2023 stating 'No nitrous oxide (laughing gas) should be stored or sold to consumers'. As well as allegedly breaching this licence condition and some other conditions, the Licensing Authority believes that the premises is selling nitrous oxide to customers recklessly. This recklessness is in the form of failing to carry out any due diligence checks to ascertain whether the psychoactive substance is likely to be consumed by the person to whom it is supplied for its psychoactive effects.

The premises has also been found to be selling vapes and tobacco products that do not comply with the legal requirements.

The Licensing Authority does not believe that the named Premises Licence Holder, who is also the Designated Premises Supervisor works at or has control over the premises.

This review is based on all four of the licensing objectives.

The review application is to revoke the premises licence in its entirety.

What is Nitrous Oxide?

Nitrous oxide (N2O) is a colourless sweet-tasting gas often referred to as 'laughing gas'.

Nitrous oxide has several legitimate uses in medicine, dentistry and also in the catering industry. It is most commonly found in pressurised metal canisters often known as 'cream chargers' and used for producing whipped cream. In order to inhale the gas the canister is opened and the gas transferred into a container (usually a balloon). The gas is then inhaled from the container/balloon. Inhaling nitrous oxide directly from the canister is very dangerous as the gas is under high pressure and the user could stop breathing if there were to do this. Shops that sell nitrous oxide for recreational use therefore often also sell packets of balloons.

FRANK (a national anti-drug advisory service jointly established by the Department of Health and Home Office) lists the following physical health risks of inhaling nitrous oxide:

- It is very dangerous to inhale nitrous oxide directly from the canister, and doing it in an enclosed space is also very dangerous.
- Never place a plastic bag over your head.
- If you take too much nitrous oxide you risk falling unconscious and/or suffocating from the lack of oxygen. People have died this way.
- Dizziness, which might make you act carelessly or dangerously.
- Heavy regular use of nitrous oxide can lead to a deficiency of vitamin B12 and to a form of anaemia. Severe B12 deficiency can lead to serious nerve damage, causing tingling and numbness in the fingers and toes. This can be very painful and make walking difficult. It can even lead to paralysis, and the damage may be lasting.
- Regular use can stop you forming white blood cells properly.

• It can be hard to judge the amount to use safely. If you have too much you can end up fainting, having an accident or worse.

(https://www.talktofrank.com/drug/nitrous-oxide?a=Nitrous%20oxide#the-risks)

Figures from the Office of National Statistics state that on average five people a year die after inhaling nitrous oxide and it caused 25 fatalities between 2010 and 2016,. (Reference: https://www.theguardian.com/society/nitrous-oxide-laughing-gas, 21st May 2019)

This demonstrates how the sale of nitrous oxide for recreational purposes undermines the Public Safety licensing objective.

Although nitrous oxide can be sold legally when sold for a legitimate use, the supply, or offer to supply or possession with intent to supply for recreational misuse is an offence.

The Psychoactive Substances Act 2016 came into force in May 2016. The act bans psychoactive substances, also known as 'legal highs', in the UK and prevents the supply of these previously unregulated and frequently harmful substances for human consumption.

The supply and offer to supply offences (section 5 of the act) are the most relevant parts of the act for retailers. The offence of supply is outlined below:

- A person intentionally supplies a substance to another person
- The substance is a psychoactive substance
- The person knows or suspects, or ought to know or suspect, that the substance is a psychoactive substance
- The retailer knows or is reckless about whether the psychoactive substance is likely to be consumed by the person to whom it is supplied, or by some other person, for its psychoactive effects

The use of nitrous oxide is often associated with antisocial behaviour. There are also concerns about the effects of people inhaling nitrous oxide and then driving.

The Government Anti-Social Behaviour Action Plan is due to come into force in 2024 with the aim of cracking down on anti-social behaviour. A press release dated 26/03/23 states:

Under the zero-tolerance approach, Nitrous oxide or "laughing gas" will also be banned to send a clear message to intimidating gangs, that hang around high streets and children's parks and litter them with empty canisters, they will not get away with this behaviour. The drug is now the third most used among 16 to 24-year-olds in England and both the police and public have repeatedly reported links between use of the drug and nuisance or anti-social behaviour.

https://www.gov.uk/government/news/action-plan-to-crack-down-on-anti-social-behaviour

This demonstrates how the sale of nitrous oxide for recreational purposes undermines the Prevention of Crime and Disorder licensing objective and the Prevention of Public Nuisance licensing objective.

Please provide as much information as possible to support the application (please read guidance note 3)

Premises Licence LN/200600265 - Background History:

The licence currently permits the following activities:

Licensable Activity	Times	
Opening Hours	06:00 – 23:00 everyday	
Sale of Alcohol (off sales)	06:00 – 23:00 everyday	

The current Premises Licence Holder (PLH) and Designated Premises Supervisor (DPS) is Ms Nuray Ozdemir.

This premises licence has been reviewed previously by Trading Standards. That application was submitted on 26th October 2022. Trading Standards did not believe that the Premises Licence Holder - Aylin Yengin was promoting the prevention of crime and disorder licensing objective as a wide range of unlawful activity had taken place whilst she had been the premises licence holder. That review application sought to have the premises licence revoked in its entirety.

The application and the associated paperwork can be viewed online via: https://governance.enfield.gov.uk/mgChooseDocPack.aspx?ID=14479

A Premises Licence Transfer application and a Vary DPS application were submitted during the review process on 12th December 2022.

The review hearing took place on 04/01/23. The decision notice shows that the premises licence was suspended for three months, and additional conditions were added to the premises licence including one preventing the premises from selling nitrous oxide. **See Appendix 1**.

The Premises Licence Transfer application and Vary DPS application were also granted on 04/01/23.

The three-month suspension ran from 25 January 2023 until 24 April 2023.

Detailed below are matters that have occurred since the previous review hearing i.e., 4th January 2023.

10/01/23 – Trading Standards received a complaint regarding discarded nitrous oxide cannisters and balloons in Southgate. The complainant submitted a photograph which they claimed showed ten discarded nitrous oxide cannisters, all within twenty-five of Maxi Food & Wine. **See Appendix 2.**

25/01/23 – Premises Licence three-month suspension stared. Licence conditions were not enforceable during the licence suspension as the licence was not being used.

27/01/23 – A Senior Licensing Enforcement Officer (CPX) visited the premises to ensure alcohol was not being sold. No alcohol was seen.

15/02/23 – Complaint received alleging waste from the premises is regularly dumped on the highway and illegal vapes and tobacco are being sold by the premises.

16/02/23 - Trading Standard's officers visited the premises to investigate the allegation of illegal vapes and tobacco and seized: -

Approx. 264 nicotine pouches/snus Approx. 73 non-compliant vapes

Approx. 102 large cannisters of Fast Gas Nitrous Oxide

Approx. 840 small silver cream chargers/34 cream dispensers

The items were seized because they were believed and/or suspected to breach product safety legislation and to ensure unsafe goods were removed from the marketplace.

When asked about the supply of nitrous oxide, the member of staff in the store said they did not sell it but when it was found behind the counter, he said that it was ok to sell it to cream/ice cakes. He was asked if there was any more anywhere and he replied "no". Officers checked the storeroom for vapes and nitrous oxide and found empty boxes of nitrous oxide called 'Fast Gas' on the shelves to the rear of the stock room. Staff were again asked if there was any more nitrous oxide on the premises and again said no. The officers checked the door leading to a lean to which led to a garden. The officers saw another empty box of Fast Gas on the ground. To the right-hand side of the lean to there were 16 large boxes of Fast Gas. A further large box of nitrous oxide was found under the counter.

Whilst the officers were at the premises a member of staff called the owner and officers spoke to him on the phone. The person they spoke to was Kemal Altun and he refused to voluntarily sign over the goods for destruction. The officers explained Trading Standards did not need him to agree or accept or voluntarily sign over the goods and that they would proceed to seize them under their powers to do so.

See Appendix 3 for photos and seizure notice. The manager Mr Ahmet Karagoz refused to sign the seizures notice. The notices were sent to Mr Altun via post and via email.

After further examination by Trading Standards it has been decided that 59 of the seized nicotine pouches can be returned to the premises as their labelling is in English (to be arranged by Trading Standards).

21/02/23 – A Trading Standards officer wrote to Mr Kemal Altun and invited him to attend a Police and Criminal Evidence Act 1984 interview under caution to discuss the alleged offences. No one attended the interviews. It is believed the owner of the business may have been in Turkey.

29/03/23 – Trading Standards received a complaint alleging that the premises sells 'Fast Gas' nitrous oxide to children as young as 12 years old.

31/03/23 – 23:42 Out of Hours Licensing Enforcement Officers visited the premises to see if alcohol was being sold. No alcohol was seen for sale or on display, full pull-down shutters still in place. No noxious oxide canisters seen for sale or outside the premises.

04/04/23 - Trading Standards received a complaint alleging that the premises has been selling large canisters of nitrous oxide for over a year to consumers for inhaling purposes. The complainant went on to allege that since being given a 3-month licence suspension the store had increased substantially the illegal sale of large canisters of nitrous oxide. The complainant gave details of three vehicles they

claimed nitrous oxide was being stored in and alleged that they had seen at least 100 boxes of nitrous oxide inside one of the vehicles. The complainant provided footage they had taken. **See Appendix 4.**

- 17/04/23 Trading Standards received an allegation that this premises supplies "Fast Gas" nitrous oxide to children and young adults. If true, this undermines the Protection of Children from Harm licensing objective The complainant supplied photos showing at least nine large cannisters of nitrous oxide on the ground in an alley opposite the premises along with empty bottles, bits of burst/deflated balloons and two cardboard boxes which would have contained nitrous oxide cannisters. If sold by this premises this undermines the Prevention of Public Nuisance licensing objective. See Appendix 5.
- **20/04/23** Complainant also claimed the premises use a van to store illegal products, for the following reasons. They claimed that they had twice seen someone go to the van take something out in a black plastic bag and enter the premises.
- **24/04/23** Trading Standards received a complaint from a different complainant alleging that the premises is selling nitrous oxide to children. This complainant also alleged that the nitrous oxide is stored in vans outside the premises. They provided a photo of the van containing nitrous oxide on 29/04/23. **See Appendix 6.**
- **24/04/23** Premises Licence suspension lifted. The condition stating the premises cannot sell nitrous oxide became enforceable on this date (they should already not have been selling it to anyone under the age of 18 years or to anyone they suspected would misuse it).
- **26/04/23** Further footage was sent to Trading Standards by one of the complainants. They alleged this was taken on Saturday 22/04/23 at 9:28am. The footage shows two males unloaded boxes of nitrous oxide from a white van. **See Appendix 7 for screen shots.**
- **27/04/23** Trading Standards received a further complainant alleging that this premises sells nitrous oxide. The complainant claimed that several times in the evening when walking past this premises they had seen one of the shop keepers going to a van that is parked permanently outside, in the van there is a large supply of big NO2 canisters. They take a few of the canisters out, put them in a bag and pass them over to a customer. The complainant gave details of and a photo of a blue Vauxhall van. The complainant stated that they are fed up of seeing people walking around Chase Side inhaling gas from balloons. They also stated that they had seen people doing this in parked cars before driving off and that the surrounding area is littered with the empty canisters. **See Appendix 8.**
- **04/05/23** A Trading Standards Officer phoned the owner of the business Mr Kemal Altun and advised him that after careful consideration of the evidence, whilst there was enough evidence to consider criminal proceedings, in this instance, Enfield Council were issuing a warning letter regarding the non-compliant goods that were seized on 16th February 2023. During the telephone conversation, as Company Director of Maxxi Store Ltd t/a Maxi Food & Wine- 38 Chase Side N14 5PA and owner of the seized Tobacco products, Nitrous Oxide Cannisters, cream dispensers and cream chargers Mr Altun agreed to voluntarily surrender i.e., sign over the identified non-compliant goods for disposal in accordance with the Consumer Protection Act.

05/05/23 – Trading Standards received a complainant regarding noise from youngsters inhaling notorious oxide in the loading bay near this premises. The complainant provided images taken on 04/05/23. **See Appendix 9** for images which show the location of the people.

06/05/23 – Trading Standards received a complaint alleging that the complainant had witnessed two parents arguing with staff at this premises. The complaint said the parents were accusing the premises of selling nitrous oxide to children and that their child has been hospitalised the night before due to this premises selling their underage child nitrous oxide.

10/05/23 – Trading Standards sent an email to Mr Kemal Altun. The email included the warning letter, voluntary surrender form and undertakings to Enfield Council not to supply and/or store nitrous oxide cannisters. Also attached to the email was a similar undertaking for his wife Aylin Yengin - Business Rates Payer of Maxxi Wine Centre 495 Hertford Rd to sign. **See Appendix 10.**

Also, on this day, at the direction of Trading Standards, a council officer entered the premises to see if they would be sold nitrous oxide and whether any checks would be carried out by staff to see why they wanted to buy it. The officer entered the premises at 11:53am. There was no one in the premises so the officer called out and a male appeared and asked him if he wanted something. The officer asked for nitrous oxide, Nos. The male did not seem to understand then said 'no I don't have'. A lady then appeared and asked if she could help. The officer again asked for nitrous oxide. The female spoke to the male in a foreign language and he went out to a van parked directly outside and returned with some nitrous oxide and gave it to the woman. The officer was sold a large cannister of nitrous oxide without question for £20. After the sale the officer took a photo of the male, the nitrous oxide cannister and the van. **See Appendix 11.**

The Licensing Authority is of the opinion that this sale was reckless. It is also an alleged breach of Condition 16 of the licence which states: 'No Nitrous oxide (laughing gas) should be stored or sold to consumers.'

22/05/23 – 11:15 – 11:38 – Senior Licensing Enforcement Officer (CPX) attended the premises with PC Ewart and PC Haynes from the Police Licensing Team to carry out a full licence inspection. There was one member of staff at the premises throughout the inspection. The following conditions were not being complied with:

Condition 2 – Alcohol shall be securely stored, locked away from other stock with limited key access (customers could access alcohol themselves – on hindsight officers wondered whether this condition related to a storage area rather than the alcohol on display)

Condition 9 – The member of staff did not know what a refusals book was or that she was meant to fill it in when she refused a sale. She messaged Kemal Altun and he told her where it was. Officer explained to the member of staff how to fill it in.

Conditions 14 – Tobacco stock was in a box under the counter but the box was not labelled 'Tobacco Stock'.

Condition 17 – No training records seen. Staff advised they had not been trained in how to complete a refusal book or what ID to accept. She was aware she had to use a Think 25 policy.

Condition 18 – Unable to check CCTV records for 31 days as staff not sure how to use the system. The time on the monitor was 1 hour slow.

Condition 19 – When asked the member of staff on duty advised that she was not a personal licence holder. She advised that Mr Ahmet Karagoz normally works with her

but that he had gone out. His personal licence was up on the wall but he was not seen during the inspection.

When asked the member of staff said that she had worked at the premises for three months and she worked from 08:00 -19:00 but the premises was open 24 hours. The name Nuray Ozdemir (PLH/DPS) was not familiar to her, and she advised she had never met her. When asked if Kemal Altun was the boss she said yes. Officers checked behind the counter and saw no sign of Nitrous Oxide. **See Appendix 12.**

Premises Licence Holder / Designated Premises Supervisor - Nuray Ozedmir

Revised Guidance issued under section 182 of the Licensing Act 2003 (Dec 2022) states:

'Specification of new designated premises supervisors

4.61 Every premises licence that authorises the sale of alcohol must specify a DPS. This will normally be the person who has been given day to day responsibility for running the premises by the premises licence holder'.

The member of staff who was working at the premises on 22/05/23 said they had worked there for 3 months and had never met the named PLH/DPS. The name was not familiar to them. The Licensing Authority does not believe that the named PLH/DPS has day to day responsibility for running the premises.

23/05/23 – A search of Companies House shows that the Company Director of Maxxi Store Ltd t/a Maxi Food & Wine Centre, 38 Chase Side, N14 is Mr Kemal Altun. **See Appendix 13.**

It is believed the named licence holder may be Mr Altun's sister.

The previous licence holder/DPS was his wife – Aylin Yengin.

Kemal Altun

Mr Kemal Altun was granted a premises licence for a premises in Enfield in 2006 (495 Hertford Road).

In 2009 Mr Altun was prosecuted under the Food Safety Act 1990 following the seizure of 25 bottles of Spar brand Imperial Vodka containing excessive levels of methanol. Mr Altun was found guilty and ordered to pay a fine and costs.

A minor variation was issued in 2012 to add conditions to his premises licence following the discovery of counterfeit alcohol at the premises.

Mr Kemal Altun changed his name by deed poll to Mr Urgur Altun around 2014. He now appears to have reverted back to being known as Kemal Altun although staff have previously referred to him as Ali.

Mr Altun's premises licence for 495 Hertford Road was revoked in 2015 as the premises had been found to be selling nonduty paid tobacco and alcohol and licence conditions were being breached.

A new person applied for a licence at that premises and a condition was added to the new premises licence which said:

'Mr Uygar Altun (formally known as Kemal Altun) shall not be involved in any way in the operation and / or management of the business or be permitted to work in the business in any capacity'.

In 2020 Enfield Council's Trading Standards submitted a review application in relation to the new licence seeking revocation following two seizures of non-duty paid goods and breaches of conditions including the one mentioned above. The licence was revoked.

One of the staff spoken to when officers visited the premises was named Aylin Yengin. It has come to light that Aylin Yengin is the wife of Kemal Altun.

Although now unlicensed this premises continues to be a problem for Trading Standards. In February 2022 they seized 68 pouches of illicit hand rolling tobacco and 37 packets of cigarettes from the premises.

Mr Aydin Yengin who is believed to be Mr Altuns' father-in-law applied for a licence at the premises in January 2023 and objections were submitted. The application was later withdrawn.

Mr Altun's wife - Ms Aylin Yengin is still listed as the person who pays the business rates for 495 Hertford Road.

Ms Aylin Yengin was the premises licence holder of Maxi Food & Wine, 38 Chase Side, Southgate, N14 5PA when the last review was submitted.

Mr Altun has another premises in Crouch End - Maxxi Food & Wine, 42 Topsfield Parade, London, N8. This premises is also currently subject to a licence review for very similar reasons. The agenda for that Licensing Sub-Committee meeting is available through the following link:

https://www.minutes.haringey.gov.uk/ieListDocuments.aspx?Cld=1022&Mld=10294&Ver=4

Mr Kemal Altun has a significate history of wrongdoing at licensed premises and had he applied to put this licence in his own name it is very likely that objections would have been raised. The Licensing Authority believes this is the reason the applications for this premises and other premises owned by him are not submitted in his name but those of various family members.

Conclusion:

Complaints have been received alleging that this premises sells illegal tobacco/vapes and also sells nitrous oxide to members of the public, including children who then inhale it in the nearby area leaving litter and causing anti-social behaviour.

Despite the premises having been given advice previously and a condition having been added to their licence at a previous review hearing stating that they cannot sell nitrous oxide a test purchase resulted in the sale of nitrous oxide without any questions being asked.

This sale was made just two weeks after a licence suspension was lifted. An inspection a month after the suspension was lifted showed a failure to comply with some other licence conditions.

The Licensing Authority is of the opinion that this premises is recklessly selling nitrous oxide for recreational use as a psychoactive drug and that this undermines all four licensing objectives. Other illicit products have also been seized.				
The Licensing Authority believes that the named PLH/DPS does not run the premises and that the premises is controlled by Mr Kemal Altun who has a significant history of wrongdoing.				
The Licensing Authority has no confidence in the ability or willingness of Mr Altun or anyone named on licences he has business connections with to uphold the licensing objectives, comply with the licence conditions or trade legally.				
No matter how many reviews, prosecution investigations, advice letter or visits take place illicit items continue to be found at premises owned by Mr Altun.				
The Licensing Authority therefore recommends that the licence be revoked.				
If the committee is not minded to revoke the licence then the Licensing Authority would recommend that the nitrous oxide condition be amended to:				
 Nitrous oxide (laughing gas) shall not be stored or sold to consumers from the premises, or any vehicles or storerooms associated with the premises. 				
The Licensing Authority reserves the right to add any additional information to support this review application.				
Please tick ✓ yes Have you made an application for review relating to the premises before				
If yes please state the date of that application Day Month Year				
If you have made representations before relating to the premises please state what they were and when you made them				
Trading Standards have reviewed this licence before but the Licensing Autority have not.				
Please tick ✓ yes				
I have sent copies of this form and enclosures to the responsible authorities and the premises licence holder or				
responsible authorities and the premises licence holder or club holding the club premises certificate, as appropriate I understand that if I do not comply with the above requirements my application will be rejected				

IT IS AN OFFENCE, UNDER SECTION 158 OF THE LICENSING ACT 2003, TO MAKE A FALSE STATEMENT IN OR IN CONNECTION WITH THIS APPLICATION. THOSE WHO MAKE A FALSE STATEMENT MAY BE LIABLE ON SUMMARY CONVICTION TO A FINE OF ANY AMOUNT.

Notes for Guidance

- 1. A responsible authority includes the local police, fire and rescue authority and other statutory bodies which exercise specific functions in the local area.
- 2. The ground(s) for review must be based on one of the licensing objectives.
- 3. Please list any additional information or details for example dates of problems which are included in the grounds for review if available.
- 4. The application form must be signed.
- 5. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
- 6. This is the address which we shall use to correspond with you about this application.

LONDON BOROUGH OF ENFIELD LICENSING AUTHORITY LICENSING ACT 2003 (HEARINGS) REGULATIONS 2005 DECISION NOTICE

LICENSING SUB-COMMITTEE - 4 JANUARY 2023

Application was made by **TRADING STANDARDS** for a review of the Premises Licence (LN/200800580) held by **MS NURAY OZDEMIR** at the premises known as and situated at **MAXI FOOD & WINE, 38 CHASE SIDE, SOUTHGATE, N14 5PA.**

The Licensing Sub-Committee **RESOLVED** that it considers the steps listed below to be appropriate for the promotion of the licensing objectives:

- (a) to modify the conditions of the licence in accordance with Annex A attached to this Decision Notice;

 AND
- (b) to suspend the licence for a period of three months.

Reasons:

The Chair made the following statement:

"This Licensing Sub Committee (LSC) have read and considered all the information put before them and attentively listened to all the points made by each party.

Given the seriousness of the allegations the Committee were at first minded to consider revocation of the premises licence.

The LSC have been told this is a family run business and it is concerning that those who were previously involved in the failures outlined in the review are still involved.

However, their advocate (Mr Sutherland of RDS Law) has made it very clear that the families involved in the business acknowledge their previous failures. They want to do better in the future and have now employed consultants (Atlas Licensing Consultants), who have trained them and put in place a proper manual, a training system and will be undertaking test purchases in future to ensure staff are using their policies appropriately.

Nevertheless, the wrongdoing discovered was so serious that despite the acknowledged changes the LSC feel that anything short of a 3-month suspension would be inadequate.

The LSC anticipate that the Local Authority will be undertaking checks to ensure the business is now promoting the licensing objectives. The LSC will be very disappointed if this business should be back before them because further failures have been discovered

Date Notice Sent : 4 January 2023

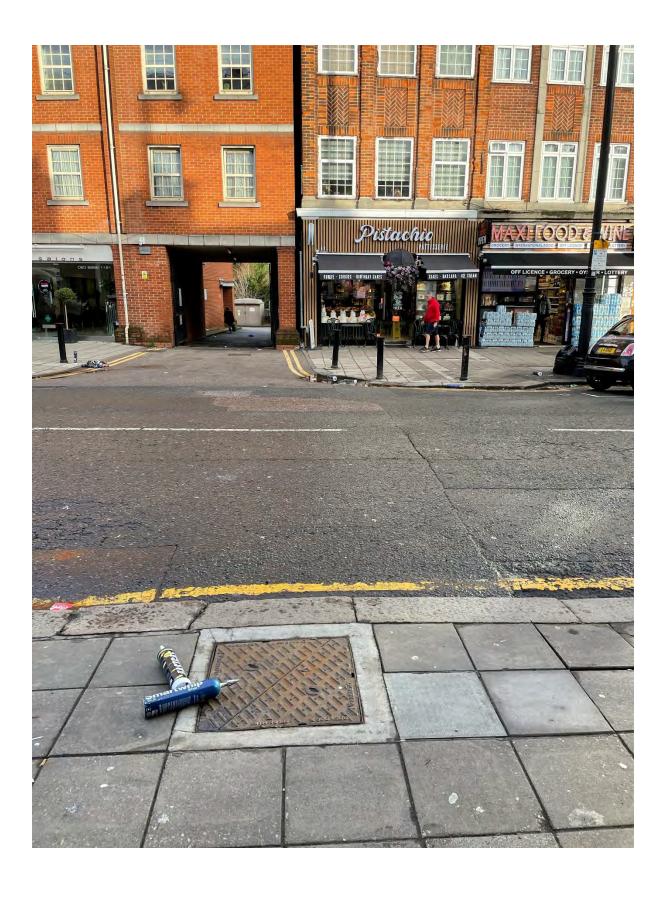

Signed:

Esther Hughes, Head of Service Consumer Protection & Waste Enforcement on behalf of Principal Licensing Officer

APPEAL

Under the Licensing Act 2003 you have a right of appeal against this decision within 21 days of receiving this notice. Any appeal should be made in writing to the North London Magistrates Court at the following address:

L.B. ENFIELD TRADING STANDARDS INFORMATION TO THE OCCUPIER

Notice of the powers to search premises and the rights of occupiers Police and Criminal Evidence Act 1984 Code of Practice

SUMMARY OF POWERS OF SEARCH

THE OCCUPIER SHOULD KEEP THIS COMPLETED FORM IN A SAFE PLACE IN CASE IT IS NEEDED FOR FUTURE REFERENCE.

THE STATUTORY POWERS TO SEARCH PREMISES AND THE RIGHTS OF OCCUPIERS VARY DEPENDING UPON THE STATUTE BEING ENFORCED. THE FOLLOWING IS A SUMMARY OF THE GENERAL POWERS, BUT FULL DETAILS OF SPECIFIC POWERS WILL BE SUPPLIED ON REQUEST.

- An officer may for the purpose of ascertaining whether an offence has been committed, enter premises (other than those used solely as a dwelling) and inspect goods.
- If there is reasonable cause to suspect that an offence has been committed, an Officer may require the production of books or documents relating to the trade or business and may take copies of, or an entry in, any such document.
- If there is reasonable cause to believe an offence has been committed, an Officer may seize and detain any goods for the purpose of ascertaining whether an offence has been committed.
- An Officer may seize and detain any goods or documents that there is reason to believe may be required as evidence in proceedings for an offence.
- In certain circumstances an Officer may require any person with authority to do so to break any container or vending machine and if that person does not comply, the Officer may do so.
- An Officer may seize and detain weighing or measuring equipment if s(he) has reasonable cause to believe it may be liable to be forfeited.
- For the purpose of ascertaining whether there has been any contravention of a safety provision, an Officer may examine any procedure (including testing arrangements) connected with the production of the goods.

SEIZE AND SIFT

- An Officer may remove material from premises so that they can examine it elsewhere where it is not possible to examine it properly on the premises due to constraints of time or technology.
- An Officer may also retain material which would not otherwise be seizable, but which is "inextricably linked" (such information held on a computer) to other material they do have grounds to seize.

IT IS A SEPARATE OFFENCE TO OBSTRUCT AN OFFICER IN EXERCISING THEIR STATUTORY POWERS.

RIGHTS OF THE OCCUPIER

- The occupier has the right to demand the production of the officers credentials.
- All information relating to manufacturing process or trade secrets will be treated as confidential.
- No item may be seized which is subject to legal privilege unless it is inextricably linked to material seized under 'seize and sift' powers. No item will be retained if a copy of a photograph will suffice.
- The person who has custody of control of the goods immediately prior to seizure will be provided on request a list or description of the property within a reasonable time.
- If goods or documents are seized the Officer shall inform the person from whom they were seized. That person or a representative will be allowed supervised access to the property to examine it, photograph of photocopy it, unless the Officer in charge has reasonable grounds for believing that this would prejudice the investigation of any offence.
- Compensation may be payable in appropriate cases for damage caused in entering or searching premises. In certain circumstances compensation may also be paid for losses incurred by virtue of seizure, loss, damage or deterioration of goods. Any claim should be made in writing and sent to the address below:
- L.B. Enfield Trading Standards Service,
- P.O.Box 57, Silver Street, Enfield, EN1 3XH
- If you have any complaint concerning the conduct of Officers on this visit then details of the Enfield Council Public Complaints Procedure are available. Please contact the Group Manager, Environmental Services at the address above or telephone 020-8379 1767.

POLICE AND CRIMINAL EVIDENCE ACT 1984 CODES OF PRACTICE

A copy of the 'Code of Practice for the searching of Premises' -

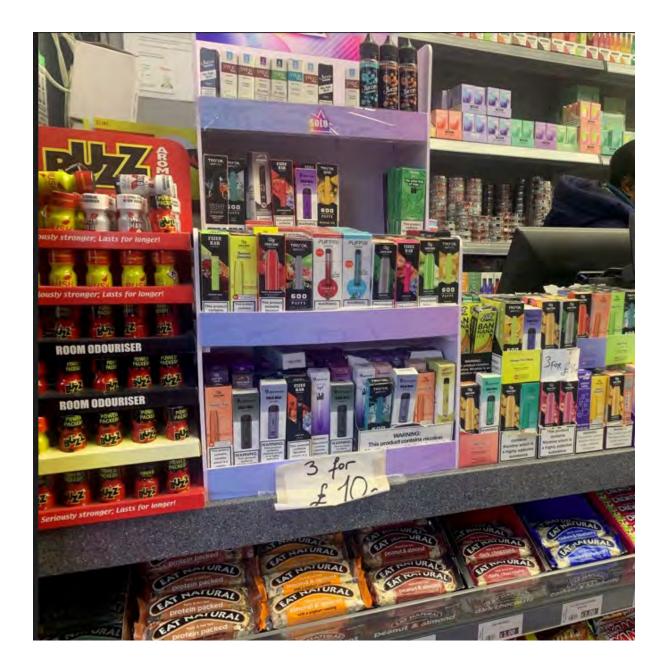

Code B, is available for you to consult at the offices of the Trading Standards Service and in main public libraries. It is also available for you to view online at www.opsi.gov.uk. This notice is a summary only of the provisions of the Code which should be consulted if you require further details.

WARNING LETTER

Dear Kemal Altun- Company Director of Maxxi Store Ltd t/a Maxi Food & Wine

Consumer Protection Act 1987 Psychoactive Substances Act 2016

Enfield Council's Trading Standards has received enquiries and continue to receive enquiries from residents within the Borough of Enfield alleging the sale/supply and misuse of Nitrous Oxide allegedly being sold from Maxi Food & Wine- 38 Chase Side London N14 5PA. Enfield Council has also received enquiries from residents alleging Maxi Food & Wine are selling nitrous oxide cannisters to underaged persons thus allegedly contributing to anti-social behaviour with the Southgate ward of the Borough.

Central government have outlined an Anti-social Behaviour Action Plan that aims to stamp out anti-social behaviour and restore the right of people to feel safe. Please have regard to the Anti-social Behaviour Action Plan that outlines how Local Councils and other agencies can tackle anti-social behaviour within their local area: -

https://www.gov.uk/government/publications/anti-social-behaviour-action-plan

It is a criminal offence for Retailers to sell nitrous oxide to customers of any age where the retailer knows or is reckless about whether the psychoactive substance (e.g. nitrous oxide) is likely to be consumed by the person to whom it is supplied (e.g. persons under the age of 18 years old), or by some other person, for its psychoactive effects.

IMPORTANT – Are you Registered to Vote? Do you want to vote by post? Apply early.
To find out more go to www.gov.uk/register-to-vote

Sarah Cary Executive Director Place

Enfield Council Civic Centre, Silver Street Enfield EN1 3ES

Website: www.enfield.gov.uk

On 1st August 2022, Enfield Council's Trading Standards issued an advisory/warning letter outlining how to comply with the Psychoactive Substances Act 2016.

On 4th August 2022, verbal advice regarding compliance with the Psychoactive Substances Act 2016 was also issued during the seizure of illegal/non-duty paid cigarettes, vapes and medicines namely Viagra and Sildenafil.

On 16th February 2023, an inspection was conducted by Enfield Council's Trading Standards whereby alleged non-compliant nicotine pouches/snus, Vapes, cream chargers, cream dispensers and Fast Gas nitrous oxide cannisters were seized from retail premises Maxi Food & Wine as they were alleged to breach the Consumer Protection Act 1987and/or Psychoactive Substances Act 2016.

The minutes of the Licensing Hearing of Maxi Food & Wine-38 Chase Side N14 conducted on 4th January 2023 states that Maxi Food & Wine had removed nitrous oxide from sale since December 2022 and that your wife namely Aylin Yengin is the business rates payer of Maxi Wine Centre 495 Hertford Rd London EN3. However, since December 2022 to present date. Enfield Council has received enquiries alleging the sale and misuse of nitrous oxide cannisters from Maxi Food & Wine and from motor vehicles parked outside and/or adjacent to Maxi Food & Wine-38 Chase Side N14 5PA and Maxxi Wine Centre-495 Hertford Rd EN3.

As discussed during our telephone conversation on 4th May 2023, after careful consideration of the evidence, whilst there is enough evidence to consider criminal proceedings, in this instance, Enfield Council are issuing this warning letter regarding the afore-mentioned non-compliant goods that were seized from Maxi Food & Wine- 38 Chase Side London N14 5PA on 16th February 2023. During our telephone conversation, as Company Director of Maxxi Store Ltd t/a Maxi Food & Wine-38 Chase Side N14 5PA and Owner of the seized Tobacco products, Nitrous Oxide Cannisters, cream dispensers and cream chargers that were seized on 16th February 2023, you agreed to voluntarily surrender i.e., Sign over the identified non-compliant goods for disposal in accordance with the Consumer Protection Act.

Enfield Council requires Maxxi Store Ltd t/a Maxi Food & Wine to: -

- Please sign and date the Voluntary Surrender form and return the afore-mentioned form to
 within 7 days. If you do not agree to sign over the alleged
 non-compliant goods, then Enfield Council will apply to the court for forfeiture and seek to
 recover the costs of doing so from Maxxi Store Ltd t/a Maxi Food & Wine.
- Maxxi Store Ltd t/a Maxi Food & Wine must <u>IMMEDIATELY STOP</u> selling non-compliant e-cigarettes/Vapes, Nicotine Pouches/Snus and Nitrous Oxide Cannisters and Nicotine containing E-liquids as the seized goods are alleged to breach the Psychoactive Substances Act 2016 and Consumer Protection Act 1987. Depending on the type of breach, both Retailers and Producers (manufacturers/importers) in the supply chain could be prosecuted.
- If you are currently storing/supplying Nitrous Oxide Cannisters then Enfield Council requests that you return the nitrous oxide cannisters to your suppliers <u>within 7 days</u> i.e., no later than the 17thMay 2023. Please confirm that you have complied with the afore mentioned.
- To sign the enclosed undertaking <u>within 7 days</u> to refrain from selling Nitrous Oxide from your retail premises and motor-vehicles parked in proximity to your retail premises, namely Maxi Food & Wine- 38 Chase Side London N14 5PA.
- Aylin Yengin to sign the enclosed undertaking <u>within 7 days</u> to refrain from selling Nitrous
 Oxide from retail premises Maxxi Wine Centre-495 Hertford Rd EN3 5XH and motor-vehicles
 parked in proximity to the afore-mentioned retail premises.

 Please email or telephone Enfield Council's Trading Standards within 7 days to arrange for a suitable date and time to return x59 Nicotine pods that were seized on 16th February 2023 that has subsequently been identified as compliant with the Consumer Protection Act.

You are reminded that if you are found to be storing/selling nitrous oxide during the alcohol licence suspension period, then Enfield Council could apply for a full revocation of the premises licence.

Enfield Council will continue to conduct test purchases from your retail premises and if found to be non-compliant with consumer protection legislation, then Enfield Council may consider formal action.

If you would like to discuss the contents of this letter, please telephone Enfield Council

Yours sincerely

Amanda Butler Senior Fair Trading Officer

38 Chase Side, Southgate N14 5PA

Type of Application: Review of Premises Licence

Detailed below is information not previously included in the review application submitted on 31/05/2023:

31/05/23 – 11:00 – 11:30 Senior Licensing Enforcement Officer (CPX) entered premises, delivered licence review application, put up notice outside premises and returned compliant nicotine pouches. They also checked the outstanding licence conditions. The following were still not compliant:

Condition 7 – Staff not trained – no records available. Member of staff contacted Mr Altun via text and advised that he would arrange for training to be carried out. Officer agreed to email a training record book to staff.

Condition 18 – CCTV time still one hour slow. Staff did not know how to use the system so officer unable to check quality of footage or how long it was stored for.

Condition 19 – The member of staff serving did not have a personal licence, neither did another male working at the premises. The person serving said that this other make did not serve customers and did not speak English. Officer advised the conditions states 'all staff'. During the inspection Mr Karagoz arrived at the premises and showed the officers his personal licence.

Condition 9 – Refusal book had been used twice since the visit on 22/05/23 and on both occasions the refusals were made by the member of staff officers had spoken to on that day. There were no other refusals (this may have been due to the fact the licence was suspended for 3 months but the officer was still concerned that no refusals had been made by any other staff. The member of staff seen only works during the daytime and only part of the week). Advised to ensure all staff are training in how and when to use it.

The officer checked the storeroom, no alcohol or nitrous oxide was seen. The box containing tobacco stock had been labelled 'Tobacco Stock'.

When asked staff advised that Mr Altun has returned to the UK for a while but had since gone back to Turkey. Staff did not know whether or not he had signed the forms he had been sent by Trading Standards. **See Appendix 14.**

Also on this date as Trading Standards had not received a signed voluntary surrender from Mr Altun they sent a chase up email and also telephoned him (no answer to call) requesting he sign the requisite documentation i.e. voluntary surrender form/ undertaking re: Nitrous Oxide that was emailed on 04/05/2023. On the same dare Mr Altun returned the signed voluntary surrender form regarding nicotine products/cream dispensers and Nitrous Oxide cannisters seized on 16th February 2023. **See Appendix 15**. Trading Standards replied requesting that he also sign the undertaking regarding ceasing to supply and/or store Nitrous Oxide from Maxi Food & Wine and request Aylin Yengin-and/or Owner of Maxxi Wine Centre also sign the undertaking to

Enfield Council regarding refraining from supplying and/or storing Nitrous Oxide from 495 Hertford Rd EN3 5XH.

14/06/23 – When passing by the premises Senior Licensing Enforcement Officer (CPX) noticed that the premises is now trading as Happy Food & Wine. The Licensing Team have not been notified of any change by the licence holder.

21/06/23 - Complaint received in relation to food premises storing and selling goods from a Vauxhall van.

26/06/23 – Complaint received alleging premises sells nitrous oxide, storing the gas in vans outside the shop and selling them to children at all times. The complaint submitted a photo showing at least 15 fast gas cannisters and five fast gas cardboard boxes and well as other rubbish around a lamppost claiming this is what the high street looks like every day. **See Appendix 16.**

26/06/23 – Complaint received alleging premises sells nitrous oxide from a van outside the premises to children.

30/06/23 – Out of Hours Licensing Enforcement Team observations (EB/DD). 23:18 – 00:13. One white van seen directly outside looked overloaded as very low to the ground - Mercedes sprinter. A large discarded can of nitrous oxide was observed on the pavement outside the premises. A further can was seen being placed on the ground by someone in a black car. Most people were arriving in cars and were either standing outside or going into the shop. The officer's state a conservative estimate would be that 30-40 people entered the premises and came out with carrier bags which contained items matching the shape and size of large fast gas cannisters. They could not always see the cannister itself but sometimes did. Most were aged between 18late 20's. When the officers first arrived, a young male was seen outside the shop with an inflated balloon in his hand sucking on the balloon. There was a car directly outside with two females inside - driver and passenger both inhaling from balloons. These two were older than most, approximately 35 years old. When they drove off the driver did a turn in the road to go in the opposite direction and this manoeuvre took many attempts. Officers described it as a 12 point turn rather than a 3-point turn. Another male also had difficulty when he arrived at the premises taking approximately 15 minutes to park outside. He was seen to bump into the van a couple of times. Once he eventually parked, he entered the premises. Officers were of the opinion that this premises was selling nitrous oxide. There appeared to be a member of staff outside the premises, at some point two. Officers got the impression that if people weren't known they were sent away. However, plenty of people did go in the premises. Only one or two seemed to be sent away.

09/07/23 – Complaint received from local resident alleging this premises is selling 'fast gas' resulting in crowds gathering outside from early evening until 7am every day. Friday and Saturday are the worst. Noise from people prevents residents from sleeping. Resident claimed there is constant noise, violence, car horns beeping, people urinating on the street, smashing bottles, loud music, and recently people were chasing each other with machetes and the police were called.

09/07/23 – Complaint received from another local residents regarding parties in the street from 00:00 to 07:00. People inhaling fast gas from balloons purchased from this premises, making noise, smoking drugs, beeping car horns, vomiting in the street, breaking bottles, urinating in the street and littering. Prevents residents from sleeping.

Request for CCTV Footage

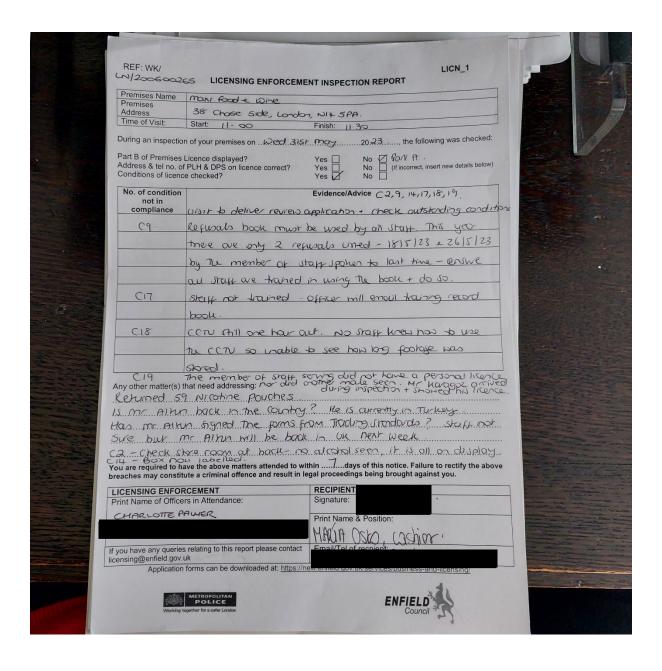

As a result of the observations carried out on 30/06/23 – early hours of 01/02/23 the Licensing Authority requests that a copy of the CCTV footage from the premises be provided to the Licensing Authority by 9am on Monday 17th July 2023. The times requested are set out below:

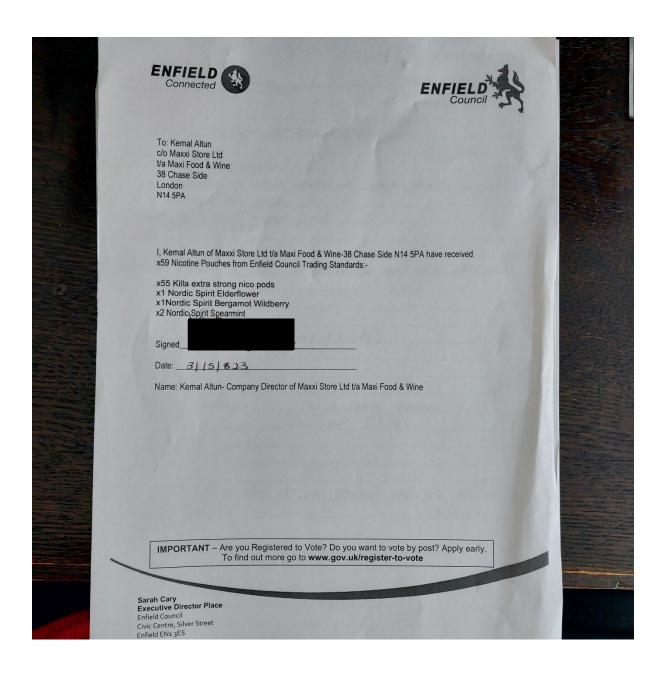

23:15 on 30/06/23 – 00:15 on 01/07/23

This request is made in line with Condition 18 of the premises licence:

18. A CCTV system shall be installed, operated and maintained at the premises. The system shall conform to the Data Protection Act guidelines. Cameras shall monitor the front entrance doors, till area, alcohol displays and the outside of the premises. The time and date shall be generated onto recordings, which shall be of a quality to satisfy the Police and which shall be retained for a minimum of 31 days. At all times there shall be at the premises a member of staff who can operate the CCTV system and provide any copies of the CCTV footage when lawfully requested.

RE: Application for the Review of a Premises Licence or Club Premises Certificate under the Licensing Act 2003

Maxi Food & Wine, 38 Chase Side, Southgate, N14 5PA

Dear Licensing Team,

Having Been made aware that Enfield Licensing Authority is seeking a review of this premises licence on the grounds that the premises has been found to be selling nitrous oxide despite the fact that a condition was added to the licence at a premises licence review hearing on 4th January 2023 stating 'No nitrous oxide (laughing gas) should be stored or sold to consumers'. It IS further believed the premise is have been negligent in the sale of Nitrous Oxide containing products in that they have failed to exercise due diligence in the sales and as a result have been reckless and knew or ought to have known that the nitrous oxide was actually being purchased to be used for the purpose of the purchaser to obtain intoxication by inhaling.

There is also information to suggest that the named Premises holder and Designated Premises Supervisor Ms Nuray Ozdemir does not have overall supervision of the day

Page 94

to day running of the premises and in fact is in essence in name only as fulfilling these roles.

We the Police therefore support the Local Authority in this review in that we feel the following licensing objectives are failing to be upheld:

- Prevention of Crime and Disorder
- Public Safety
- Protection Of Children From Harm
- The prevention of Public Nuisance

The licence currently permits **Times** the following activities:

Licensable Activity

Opening Hours 06:00 - 23:00 everyday Sale of Alcohol (off sales) 06:00 - 23:00 everyday

It is understood that these premises due to their past activity and failings of the stated Designated Premises Supervisor (Aylin Yengin) to uphold the prevention of Crime objective were reviewed by LBE Trading standards which was submitted 26th October 2022.

Whilst awaiting the review hearing scheduled for the 4th January 2023 a Premises Licence Transfer application and a Vary DPS application was submitted on 12th December 2022.

The review hearing took place on 04/01/23. The decision notice shows that the premises licence was suspended for three months, and additional conditions were added to the premises licence including the condition to prevent the sale of any products containing Nitrous Oxide once the suspension had expired. The timeframes of the suspension being 25th January 2023 to 24 April 2023.

It is true to say that there has since the review hearing on the 4th January 2023 been in excess of 11 complaints received to LBE from both members of the public and from Trading standards that are alleging incidents of Anti-social behaviour and littering of large NOS gas canisters as sold from these premises and sales continuing from these premises along with photographic evidence from concerned members of the community showing vans being unloaded to the premises containing vast quantities of Fast Gas(Nitrous Oxide) containing canisters by staff from the premises in particular a male by the name of **Ahmet Karagoz**.

On the 22nd may 2023 I attended(DE)the location with Senior Licensing Officer Charlotte Palmer and my Police Colleague Jade Haynes .Mrs Palmer carried out a full licensing check of the premises and found the following non-compliant conditions (Taken directly from Mrs Palmer report):

Condition 2 – Alcohol shall be securely stored, locked away from other stock with limited key access (customers could access alcohol themselves – on hindsight officers wondered whether this condition related to a storage area rather than the alcohol on display)

Page 95

Condition 9 – The member of staff did not know what a refusals book was or that she was meant to fill it in when she refused a sale. She messaged Kemal Altun and he told her where it was. Officer explained to the member of staff how to fill it in. Conditions 14 – Tobacco stock was in a box under the counter but the box was not

labelled 'Tobacco Stock'. **Condition 17** – No training records seen. Staff advised they had not been trained in how to complete a refusal book or what ID to accept. She was aware she had to use

Condition 18 – Unable to check CCTV records for 31 days as staff not sure how to use the system. The time on the monitor was 1 hour slow.

a Think 25 policy.

Condition 19 – When asked the member of staff on duty advised that she was not a personal licence holder. She advised that Mr Ahmet Karagoz normally works with her

It is of note to the Committee That Ahmet Karagoz was the interim DPS and in fact is believed was running another Maxxi Wine premises situated at 42 Topsfield Parade,N8 pending a DPS and Premises licence holder change from Miss AylinYengin .

These premises have also been reviewed for numerous breaches of the Licensing Act and for failing to uphold the licensing objectives of amongst others Prevention Of crime and disorder .The main issues being the blatant sale of Nitrous Oxide containing Fast Gas products .Which promoted anti-social behaviour and public nuisance within the vicinity of that premise.

The LB Haringey Subcommittee met on the 12th June 2023. The committee resolved that there had been a failure to promote the licensing objectives of the Prevention of Crime and Disorder, the Prevention of Public Nuisance and the Protection of Children from Harm.

The Committee were satisfied that unlawful activity has taken place at the premises since Ms Aylin Yengin has been the premises licence holder and despite previous advice from Trading Standards it has continued, even after Mr Karagoz became the interim licence holder and interim DPS pending the determination of his applications of 26 April 2023.

The Committee were satisfied that the following unlawful activity was occurring at the premises:

- stocking for sale non-compliant Electronic cigarettes (vapes)
- stocking for sale and Sildenafil and Kamagra gel ("Viagra") without a medical registration from Medicines and Healthcare
- Selling Nitrous Oxide gas ("NOS") knowing or failing to have regard to the psychoactive effects and the risks for misuse and in the knowledge that their customers consumed the substance outside the premises.

It was accepted as previously stated that this unlawful activity was taking place at a time when Mr Karagoz was acting as the Licence Holder and DPS (Interim).

The determination was to revoke the premises licence in order to promote the licensing objectives.

Page 96

We the Police are of the view that Maxxi Food and wine is/was a family run business with Mr Karagoz playing a leading role in the operational running of the business situated at the site in Topsfield Parade ,N8 and at 38 Chase Side, Enfield.

In summary

It is the Police position that Ahmet Karagoz is involved in a family run business within the Maxxi Food Group .He is not independent in his business practices as illustrated in the evidence provided within the dealings with the Topsfield Parade, N8 venue. It has been determined that unlawful activity took place whilst under the supervision of Ahmet Karagoz for certain at the Topsfield Parade, N8 site and likely at the Chase Side Site as illustrated by the LBE information.

Mr Karagoz clearly had knowledge of unlawful activity at The Chase Side premises and was acting as a manager there appearing to take part in that activity and lying to officers about it leaves us with no confidence or trust in him or any other member of staff at those premises to uphold any of the licensing objectives.

If these premises are allowed to continue trading it is the belief of the Police that breaches of the Licensing Act and dubious business practices will continue, Clearly license suspension as instigated previously has not acted in any way as a deterrent we therefore ask that the Subcommittee revoke the premises licence to prevent the continued disregard for the objectives continuing.

.

I reserve the right to provide further information to support this representation. Regards,

PC Derek Ewart 1277NA North Area Licensing Officer

OP1 Representation:

Premises: Maxi Food & Wine, 38 Chase Side, LONDON, N14 5PA WK/223017276

LDR: 28/06/2023 Officer initials: RXM

Dear Sir / Madam.

I am writing to you to support the review of the licence of the above premises and believe that their licence should be revoked for the reasons I state below.

1. The premises works against the licensing objective to Prevent Crime and Disorder. Maxi Food and Wine have actually committed crime themselves in the past by selling illegal tobacco, illegal vapes, nitrous oxide, unregulated versions of Viagra etc. When the council caught them selling such products, they moved their sales to a van outside their premises which I witnessed them dealing nitrous oxide from myself. It creates disorder in Southgate as the nitrous oxide they are dealing is known to have psychoactive effects and therefore, affects the behaviour of those who use the substance. They are dealing nitrous oxide by the box! The van had also failed to have paid for its parking.

Additionally, they are only supposed to be open, as per their current licence, until 11pm. Every time I have gone past after this time, they have still been open, which is a breach of their licence.

- 2. Prevention of Public nuisance they are dealing psychoactive substances which can cause people to behave anti-socially. Furthermore, gas cannisters are littered around the premises and the wider high street area as a result of their sales which is unsightly, unclean and a nuisance to Southgate residents. Additionally, every day, there is fly tipping, piles of sacks outside their premises which is unhygienic, unsightly, and illegal. Sometimes, the sack piles are so extensive that it hinders people walking past but also attracts pests. This is a daily occurrence.
- 3. Public safety- They have been caught by the council selling substances that could cause significant harm. Nitrous Oxide, which Maxi is known to sell, is known to damage the throat, lungs, hinder breathing or slow the heart to dangerous levels. In some cases, it has even paralysed people and in even more severe cases, been the cause of death. It has been selling illegal and unregulated versions of Viagra and similar drugs which could cause significant harm to those who take it. Furthermore, there are large groups of men constantly loitering around outside which creates an intimidating atmosphere and feels very threatening for those who walk past.
- **4.** <u>Protection of children from harm</u> Residents have reported to me that this business have been selling vapes to children, who are clearly underaged and

should have been permitted to buy them. Therefore, placing them in harms way. Maxi Food and Wine have also been found in the past to be selling illegal and unregulated, non UK duty paid vapes. It is a possibility that these have been provided to under-18s which is even more concerning.

Please take our concerns into consideration and revoke the licence of this business.

I look forward to hearing updates on the licencing of this business.

Cllr Elisa Morreale The Conservative Party Southgate Ward

MUNICIPAL YEAR 2023/24 REPORT NO.

COMMITTEE: Licensing Sub-Committee 26 July 2023

REPORT OF:

Ellie Green, Licensing Team Manager

LEGISLATION: Licensing Act 2003 Agenda - Part Item

SUBJECT:

Review Application

PREMISES:

Southgate Food Centre, 30-32 Chase Side, LONDON, N14 5PA

WARD: Southgate

1 LICENSING HISTORY & CURRENT POSITION - LN/200501160:

- 1.1 The premises has been previously known as Southgate General Store, and Costcutter before being named Maxi Food & Wine.
- 1.2 On 16 August 2005, a conversion premises licence application which was not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr G Sahar as the Premises Licence Holder (PLH) and also as the Designated Premises Supervisor (DPS).
- 1.3 On 17 April May 2012, a transfer application and vary DPS which were not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr Murat Ceviz as the Premises Licence Holder (PLH), and also the DPS.
- 1.4 On 21 May 2019, a transfer and vary DPS application which were not subject to any representations, was granted by officers in accordance with delegated powers, naming Mr Baris Kisa, as the Premises Licence Holder (PLH), and also became the DPS.
- 1.5 On 6 June 2023, Mr Kisa provided the up to date address details to the Licensing Team, and the premises licence was subsequently amended.
- 1.6 The premises has not been subject to any review or formal action under licensing previously.
- 1.7 The current premises licence LN/200501160 permits:
- 1.7.1 The hours the premises are open to the public: 24 hours daily.
- 1.7.2 Supply of alcohol (off supplies only): 24 hours daily.
- 1.7.3 Late night refreshment (indoors): 23:00 to 05:00 daily.
- 1.8 A copy of the current premises licence LN/200600265 is attached as Annex A.

2.0 THIS APPLICATION:

- 2.1 On 30 May 2023 an application was made by Enfield Council's Licensing Authority for the review of Premises Licence LN/200501160 and is produced in Annex B.
- 2.2 Additional Information was provided by the Licensing Authority to further support their representation and a copy is produced in Annex C.
- 2.3 The review application has been submitted as the Licensing Authority believes the four licensing objectives are being undermined as the following unlawful activity is taking place at/from the premises:
 - sales of nitrous oxide are being recklessly made from the premises;
 - breaches of licence conditions.
- 2.4 The review application seeks to revoke the premises licence in its entirety.
- 2.5 The review application was advertised in accordance with the requirements of the Licensing Act 2003.
- 2.6 Each of the Responsible Authorities were consulted in respect of the application.

3.0 RELEVANT REPRESENTATIONS:

- 3.1 **Other Parties** Representation was made by a Southgate ward councillor, in support the review, in that they do not believe any of the four licensing objectives are being upheld. A copy of this representation can be seen in Annex D.
- 3.3 **Premises Licence Holder** No representation has been made by Mr Kisa in response to this review application at the time the report was prepared.

4.0 PROPOSED LICENCE CONDITIONS:

4.1 Conditions arising from this review application are set out in Annex E.

5.0 RELEVANT LAW, GUIDANCE & POLICIES:

- 5.1 The paragraphs below are extracted from either:
 - 5.1.1 the Licensing Act 2003 ('Act'); or
 - 5.1.2 the Guidance issued by the Secretary of State to the Home Office of April 2018 ('Guid'); or
 - 5.1.3 the London Borough of Enfield's Licensing Policy Statement of January 2020 ('Pol').

General Principles:

- 5.2 The Licensing Sub-Committee must carry out its functions with a view to promoting the licensing objectives [Act s.4(1)].
- 5.3The licensing objectives are:
 - 5.3.1 the prevention of crime and disorder;
 - 5.3.2 public safety:
 - 5.3.3the prevention of public nuisance; &
 - 5.3.4the protection of children from harm [Act s.4(2)].
- 5.4 In carrying out its functions, the Sub-Committee must also have regard to:
 - 5.4.1 the Council's licensing policy statement; &
 - 5.4.2 guidance issued by the Secretary of State [Act s.4(3)].

Review:

- 5.5 In reviewing a licence the Licensing Sub-Committee will consider, and take into account, the complaints history of the premises and all other relevant information [Pol s.10.3].
- 5.6 A number of reviews may arise in connection with crime that is not directly connected with licensable activities, for example the sale of contraband goods. The Sub-Committee does not have the power to judge the criminality or otherwise of any issue. The Sub-Committee's role is to ensure the promotion of the crime prevention objective [Guid s.11.24].
- 5.7 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These include the use of the premises for the sale or storage of smuggled tobacco and alcohol [Guid s.11.27].
- 5.8 Where reviews arise in respect of these criminal activities and the Sub-Committee determines that the crime prevention objective is being undermined, it is expected that revocation of the licence even in the first instance should be seriously considered [Guid s.11.28].

Nitrous Oxide:

5.9 See the review application for the legal background on the sale and consumption of nitrous oxide.

Decision:

- 5.10 Having heard all of the representations (from all parties) the Licensing Sub-Committee must take such steps as it considers appropriate for the promotion of the licensing objectives. The steps are:
 - 5.10.1 to modify the conditions of the licence;
 - 5.10.2 to exclude a licensable activity from the scope of the licence;
 - 5.10.3 to remove the designated premises supervisor
 - 5.10.4 to suspend the licence for a period not exceeding three months;
 - 5.10.5 to revoke the licence [Act s.52].
- 5.11 In deciding which of these powers to invoke, the Sub-Committee should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should generally be directed at those causes and should always be no more than an appropriate and proportionate response to address the causes of concern that instigated the review. [Guid s.11.20].

Annex 1 - Mandatory conditions

The Mandatory Conditions are attached and form part of the Operating Schedule of your licence/certificate. You must ensure that the operation of the licensed premises complies with the attached Mandatory Conditions as well as the Conditions in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

Annex 2 - Conditions consistent with the Operating Schedule

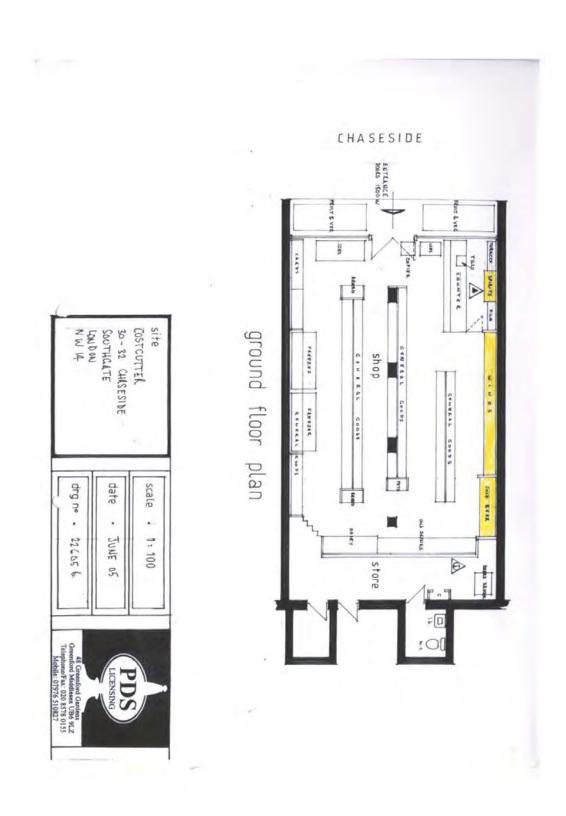

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. All staff shall receive induction and refresher training (at least every three months) relating to the sale of alcohol.
- 3. All training relating to the sale of alcohol shall be documented and records kept at the premises. These records shall be made available to the Police and /or Local Authority upon request and shall be kept for at least one year.
- 4. A Premises Licence summary shall be displayed at each public entrance to the premises.
- 5. A CCTV system shall be installed, operated and maintained at the premises. CCTV cameras shall monitor all alcohol display areas, the front entrance door and the outside of the premises and the recordings shall be to the agreed image standard. The medium on which the images are recorded shall be clearly identifiable, securely stored and retained for not less than 31-days. Recordings shall be made available to authorised officers on request. The system shall be compliant with the Data Protection Act.
- 6. Known trouble-makers shall be barred from the premises.
- 7. Fire, safety and emergency equipment and procedures shall be operated and maintained at the premises.
- 8. Deliveries shall only be accepted at the premises during the daytime.
- 9. The current local authority, or similar, proof-of-age scheme shall be operated at the premises and the relevant literature shall be displayed.
- 10. The rear door of the premises shall be secured and alarmed.
- 11. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.

- 12. There shall be displayed on the exit doors a sign stating, "you are entering a drinking control area and no open alcoholic drinks are to be taken off the premises".
- 13. Unaccompanied children under 14 shall not be allowed to enter or remain on the premises between the hours of 21:00 and 06:00.

Annex 3 - Conditions attached after a hearing by the licensing authority

Not applicable

Annex 4 - Plans

Annex 1 – Mandatory Conditions

Mandatory conditions where the licence authorises the sale of alcohol (Note: Conditions 4, 5, and 7 relate to on-sales only)

These Mandatory Conditions form part of the Operating Schedule of your licence. You must ensure that the operation of the licensed premises complies with these Mandatory Conditions, as well as the Conditions stated in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

- 1. No supply of alcohol may be made at a time when there is no designated premises supervisor in respect of this licence.
- 2. No supply of alcohol may be made at a time when the designated premises supervisor does not hold a personal licence or the personal licence is suspended.
- 3. Every supply of alcohol under this licence must be made or authorised by a person who holds a personal licence.
- 4. (1) The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.
- (2) In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises
- (a) games or other activities which require or encourage, or are designed to require or encourage, individuals to;
- (i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
- (ii) drink as much alcohol as possible (whether within a time limit or otherwise);
- (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;
- (c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;
- (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner:
- (e) dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of a disability).
- 5. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.
- 6. (1) The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.
- (2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

- (3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either -
- (a) a holographic mark, or
- (b) an ultraviolet feature.
- 7. The responsible person must ensure that –
- (a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures -
- (i) beer or cider: ½ pint;
- (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
- (iii) still wine in a glass: 125 ml;
- (b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and
- (c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

A responsible person in relation to a licensed premises means the holder of the premise licence in respect of the premises, the designated premises supervisor (if any) or any individual aged 18 or over who is authorised by either the licence holder or designated premises supervisor. For premises with a club premises certificate, any member or officer of the club present on the premises in a capacity that which enables him to prevent the supply of alcohol.

- 8 (i) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.
- (ii) For the purposes of the condition set out in paragraph 8(i) above -
- (a) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;
- (b) "permitted price" is the price found by applying the formula -

P = D+(DxV)

Where -

- (i) P is the permitted price,
- (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;
- (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence -
- (i) the holder of the premises licence,
- (ii) the designated premises supervisor (if any) in respect of such a licence, or
- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence:
- (d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and
- (e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994.
- (iii). Where the permitted price given by Paragraph 8(ii)(b) above would (apart from this paragraph) not be a whole number of pennies, the price given by that sub-paragraph shall be taken to be the price actually given by that sub-paragraph rounded up to the nearest penny.
- (iv). (1) Sub-paragraph 8(iv)(2) below applies where the permitted price given by Paragraph 8(ii)(b) above on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

(2) The permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

Supply of alcohol under a Club Premises Certificate

The mandatory conditions 4 to 8 above will apply. If the club premises certificate authorises the supply of alcohol for consumption off the premises, the following three mandatory conditions must also be included:

- 1. The supply of alcohol for consumption off the premises must be made at a time when the premises are open for the purposes of supplying alcohol to members of the club for consumption on the premises.
- 2. Any alcohol supplied for consumption off the premises must be in a sealed container.
- 3. Any alcohol supplied for consumption off the premises must be made to a member of the club in person.

Supply of alcohol from community premises

The following mandatory condition will replace the first three mandatory conditions above when an application is made for a premises licence by the management committee of community premises and the licensing authority also grants an application for this alternative licence condition to be included in the licence:

1. Every supply of alcohol under the premises licence must be made or authorised by the [management committee / management board / board of trustees].

Mandatory condition when a premises licence or a club premises certificate authorises the exhibition of films

9. Admission of children to the premises must be restricted in accordance with the film classification recommended by the British Board of Film Classification or recommended by this licensing authority as appropriate.

Mandatory Condition relating to door supervision which only applies where a premises licence includes a condition that one or more individuals must be at the premises to carry out a security activity

10. All persons guarding premises against unauthorised access or occupation or against outbreaks of disorder or against damage (door supervisors) must be licensed by the Security Industry Authority.

London Borough of Enfield

Application for the Review of a Premises Licence or Club Premises Certificate under the Licensing Act 2003

PLEASE READ THE FOLLOWING INSTRUCTIONS FIRST

Before completing this form please read the guidance notes at the end of the form. If you are completing this form by hand please write legibly in block capitals. In all cases ensure that your answers are inside the boxes and written in black ink. Use additional sheets if necessary. You may wish to keep a copy of the completed form for your records.

3) the prevention of public nuisance	X
4) the protection of children from harm	X

Please state the ground(s) for review (please read guidance note 2)

Enfield Licensing Authority is seeking a review of this premises licence on the grounds that the premises has been found to be selling nitrous oxide to customers recklessly. This recklessness is in the form of failing to carry out any due diligence checks to ascertain whether the psychoactive substance is likely to be consumed by the person to whom it is supplied for its psychoactive effects. This is despite advice having been provided to the licence holder via letter, phone and in person.

The licence holder has also failed to demonstrate compliance with licence conditions and failed to notify the licensing team of his change of address.

This review is based on all four of the licensing objectives.

The review application is to revoke the premises licence in its entirety.

What is Nitrous Oxide?

Nitrous oxide (N2O) is a colourless sweet-tasting gas often referred to as 'laughing gas'.

Nitrous oxide has several legitimate uses in medicine, dentistry and also in the catering industry. It is most commonly found in pressurised metal canisters often known as 'cream chargers' and used for producing whipped cream. In order to inhale the gas the canister is opened and the gas transferred into a container (usually a balloon). The gas is then inhaled from the container/balloon. Inhaling nitrous oxide directly from the canister is very dangerous as the gas is under high pressure and the user could stop breathing if there were to do this. Shops that sell nitrous oxide for recreational use therefore often also sell packets of balloons.

FRANK (a national anti-drug advisory service jointly established by the Department of Health and Home Office) lists the following physical health risks of inhaling nitrous oxide:

- It is very dangerous to inhale nitrous oxide directly from the canister, and doing it in an enclosed space is also very dangerous.
- Never place a plastic bag over your head.
- If you take too much nitrous oxide you risk falling unconscious and/or suffocating from the lack of oxygen. People have died this way.
- Dizziness, which might make you act carelessly or dangerously.
- Heavy regular use of nitrous oxide can lead to a deficiency of vitamin B12 and to a
 form of anaemia. Severe B12 deficiency can lead to serious nerve damage, causing
 tingling and numbness in the fingers and toes. This can be very painful and make
 walking difficult. It can even lead to paralysis, and the damage may be lasting.
- Regular use can stop you forming white blood cells properly.
- It can be hard to judge the amount to use safely. If you have too much you can end up fainting, having an accident or worse.

(https://www.talktofrank.com/drug/nitrous-oxide?a=Nitrous%20oxide#the-risks)

Figures from the Office of National Statistics state that on average five people a year die after inhaling nitrous oxide and it caused 25 fatalities between 2010 and 2016,. (Reference: https://www.theguardian.com/society/nitrous-oxide-laughing-gas, 21st May 2019)

This demonstrates how the sale of nitrous oxide for recreational purposes undermines the Public Safety licensing objective.

Although nitrous oxide can be sold legally when sold for a legitimate use, the supply, or offer to supply or possession with intent to supply for recreational misuse is an offence.

The Psychoactive Substances Act 2016 came into force in May 2016. The act bans psychoactive substances, also known as 'legal highs', in the UK and prevents the supply of these previously unregulated and frequently harmful substances for human consumption.

The supply and offer to supply offences (section 5 of the act) are the most relevant parts of the act for retailers. The offence of supply is outlined below:

- A person intentionally supplies a substance to another person
- The substance is a psychoactive substance
- The person knows or suspects, or ought to know or suspect, that the substance is a psychoactive substance
- The retailer knows or is reckless about whether the psychoactive substance is likely to be consumed by the person to whom it is supplied, or by some other person, for its psychoactive effects

The use of nitrous oxide is often associated with antisocial behaviour. There are also concerns about the effects of people inhaling nitrous oxide and then driving.

The Government Anti-Social Behaviour Action Plan is due to come into force in 2024 with the aim of cracking down on anti-social behaviour. A press release dated 26/03/23 states:

Under the zero-tolerance approach, Nitrous oxide or "laughing gas" will also be banned to send a clear message to intimidating gangs, that hang around high streets and children's parks and litter them with empty canisters, they will not get away with this behaviour. The drug is now the third most used among 16 to 24-year-olds in England and both the police and public have repeatedly reported links between use of the drug and nuisance or antisocial behaviour.

https://www.gov.uk/government/news/action-plan-to-crack-down-on-anti-social-behaviour

This demonstrates how the sale of nitrous oxide for recreational purposes undermines the Prevention of Crime and Disorder licensing objective and the Prevention of Public Nuisance licensing objective.

Please provide as much information as possible to support the application (please read guidance note 3)

Premises Licence LN/200501160 - Background History:

This premises licence was transferred to the current Premises Licence Holder - Mr Baris Kisa on 21/05/2019. A vary Designated Premises Supervisor application was granted at the same time. The Premises Licence Holder is also the DPS.

The licence currently permits the following activities:

Licensable Activity	Times
Opening Hours	24 hours everyday
Sale of Alcohol (off sales)	24 hours everyday
Late Night Refreshment	23:00 - 05:00 everyday

27/07/22 – Trading Standards received a complaint alleging that this premises was selling nitrous oxide in large cannisters to members of the public.

29/07/22 – Trading Standards sent an email to the Premises Licence Holder regarding the allegation received. The email included a letter providing a summary of the legislation regarding the sale of nitrous oxide and how to prevent illegal sales of nitrous oxide. The letter included the following warning:

'It is a criminal offence for Retailers to sell nitrous oxide to customers of any age where the retailer knows or is reckless about whether the psychoactive substance (e.g. nitrous oxide) is likely to be consumed by the person to whom it is supplied (e.g. persons under the age of 18 years old), or by some other person, for its psychoactive effects. If prosecuted, you may be fined.'

Also attached to the email was information from the gov.uk website - Psychoactive Substances Act 2016: guidance for retailers. **See Appendix 1.**

04/08/22 - Whilst conducting an Operation CeCe (illicit tobacco), inspection at a nearby premises Trading Standards Officer saw a nitrous oxide cannister situated on the pavement outside this premises.

04/10/22 – The premises was visited by Trading Standards Officers as part of Operation Cece. No illicit tobacco seized. However nitrous oxide was found for sale. As part of the visit the owner of the premises was spoken to on the phone by one of the Trading Standards Officers in relation to the sale of nitrous oxide. He was told not to sell it to anyone under the age of 18 years or to anyone who might misuse it. The owner confirmed that he had received the advice letter sent previously. Officers left the following at the premises –

- An advisory letter for retailers and producers of e-cigarette and Nicotine containing eliquid products.
- A leaflet explaining the law relating to Tobacco packaging, labelling, advertising and tracking.
- A leaflet explaining the law in relation to tobacco and nicotine inhaling products.
- An advice leaflet for retailers of e-cigarettes and nicotine-containing e-liquids from the Medicines and Healthcare Products Regulatory Agency.

See Appendix 2.

21/11/22 - 10:50 - 11:25 – A Senior Licensing Enforcement Officer (CPX) visited the premises and carried out a full licence inspection with the Premises Licence Holder. The following conditions were not being complied with:

Condition 2&3 - Staff training to be carried out every 3 months and to be documented.

Condition 4 - Licence summary (Part B) to be displayed.

Condition 9 - Think 25 poster to be displayed.

Condition 11 - Leave quietly poster to be displayed.

Many posters had been covered up by stock so could not be seen. Officer agreed to email new posters/training books to premises licence holder. Discussed sale of nitrous oxide - advised illegal to sell for human consumption. Premises Licence Holder claimed he asks customers what they are buying it for and only sells when it's for making cakes. Large cannister seen, kept under the counter - can appears to be for catering purposes - spray cream. Balloons also seen on sale. Photos taken. Premises Licence Holder home address had changed. Advised to contact the licensing team to update his details. The officer advised he would also need to update his personal licence with the borough which issued it. Given 14 days to comply. **See Appendix 3.**

22/11/22 – Officer (CPX) emailed resources to Premises Licence Holder to assist with licence compliance.

24/11/22 – Operation Cece inspection conducted by Trading Standards. No illegal tobacco found. Large cannisters of nitrous oxide and small cannisters of nitrous oxide stored behind shop counter. Photos taken. **See Appendix 4.**

28/11/22 – Resources resent in a different format as Premises Licence Holder unable to open them.

11/01/23 – A Senior Licensing Enforcement Officer (CPX) wrote to the Premises Licence Holder and asked that, in order to help tackle the problem of anti-social behaviour, they, as a responsible retailer, cease selling all nitrous oxide and amend their premises licence conditions to reflect this. The letter included a document showing suggested amendments and additions to the licence conditions. If agreeable they were asked to apply for a minor variation to amend their licence by Friday 27th January 2023. No such application was submitted. **See Appendix 5**.

17/04/23 – Trading Standards received an allegation that this premises supplies "Fast Gas" nitrous oxide to children and young adults. If true, this undermines the Protection of Children from Harm licensing objective. The complainant supplied photos showing at least nine large cannisters of nitrous oxide on the ground in an alleyway opposite the premises along with empty bottles, bits of burst/deflated balloons and two cardboard boxes which would have contained nitrous oxide cannisters. If sold by this premises this undermines the Prevention of Public Nuisance licensing objective. The complainant also submitted a photo of a vehicle in which nitrous oxide was allegedly being stored. **See Appendix 6.** (The police have confirmed that the vehicle photographed belong to the shop).

05/05/23 – Trading Standards received a complainant from a local resident regarding noise from youngsters allegedly inhaling nitrous oxide in a loading bay near the front of this premises. The complainant alleged the nitrous oxide was sold by local premises and provided images taken on 04/05/23. In two of the photos the location can be identified as McDonalds and other premises can be seen in the background. **See Appendix 7.**

10/05/23 – 11:37 – At the direction of Trading Standards an officer entered the premises to see if they would be sold nitrous oxide and whether any checks would be carried out by staff to see why they wanted to buy it. The officer was sold a large cannister of nitrous oxide without question for £20. After the sale the officer went back into the shop and took a photo of the male who served him. The officer later took a photo of the nitrous oxide cannister. **See Appendix 8.** The Licensing Authority is of the opinion that this sale was reckless.

22/05/23 – 11:40 – 12:25 – Senior Licensing Enforcement Officer (CPX) attended the premises with PC Ewart and PC Haynes from the Police Licensing Team to carry out a full licence inspection.

The following conditions were not being complied with:

Conditions 2 & 3 – Staff member could not remember when he was last trained or how often it should be done, no training records available.

Conditions 4 – Part B of licence not on display – 1 page of Part A on the wall.

Condition 5 – Unable to check CCTV as monitor was not working.

Condition 9 – Staff not sure what 'Think 25' meant. Poster was on display. Officer explained.

Condition 11 – Advised to relocate 'Leave Quietly' poster so it was close to the door and so people read it as they leave the premises rather than having it facing outwards.

Premises Licence Holder/DPS still had not updated his address on the Premises Licence. Advised via phone to do so and that due to a recent alleged reckless sale of nitrous oxide a premises licence review would be submitted soon. Advised to get legal advice once received.

Most of the conditions which were not being complied with are the same conditions that were not being complied with when the previous inspection took place in November 2022.

There were five boxes of Fast Gas nitrous oxide behind the counter (six cannisters per box) and four loose cannisters on the shelf opposite. There was also one box of Gold Whip nitrous oxide (six cannisters per box) behind the same counter. There were packets of balloons on a shelf under the counter and also hanging up opposite the counter. The officers spoke at length to a member of staff called Mr Zeek Ahmad about the dangers of nitrous oxide and who it could and couldn't be sold to. At times it seemed he did not understand the seriousness of recklessly selling nitrous oxide. Officers stressed the dangers of inhaling nitrous oxide and also the consequences for the business of recklessly selling nitrous oxide. He said that the council had not warned them of this (you will see from Appendix 2 that Mr Zeek Ahmad was actually the member of staff Trading Standards Officer saw in the premises on 04/10/22 and that he signed the report which mentions concerns around the sale of nitrous oxide). He was advised that letters and information had been sent previously. When asked he said that there was no more nitrous oxide in the premises but when officers looked around five more boxes (six cannister per box) of Fast Gas were found in the toilet area. Empty boxes were being used to store some good near the counter and two flattened box were being used to protect a table at the back the premises.

Whilst in the premises the police officers witnessed a male enter and walk past the packets of party balloons, up to the counter and say to staff "got any balloons mate?" He then saw the police officers and backed up, grabbed a packet of balloons from the display, bought them and as he left said "it's alright mate I'm a chef" and laughed.

See Appendix 9 for report and photos.

Premises Licence Holder / DPS change of home address

As shown below section 33 of the Licensing Act 2003 states there is a legal requirement to update name and address details:

33 Notification of change of name or address

- (1) The holder of a premises licence must, as soon as is reasonably practicable, notify the relevant licensing authority of any change in—
 - (a) his name or address,
 - (b) unless the designated premises supervisor has already notified the authority under subsection (4), the name or address of that supervisor.
- (2) Subsection (1) is subject to regulations under section 55(1) (fee to accompany application).
- (3) A notice under subsection (1) must also be accompanied by the premises licence (or the appropriate part of the licence) or, if that is not practicable, by a statement of the reasons for the failure to produce the licence (or part).
- (4) Where the designated premises supervisor under a premises licence is not the holder of the licence, he may notify the relevant licensing authority under this subsection of any change in his name or address.
- (5) Where the designated premises supervisor gives a notice under subsection (4), he must, as soon as is reasonably practicable, give the holder of the premises licence a copy of that notice.
- (6) A person commits an offence if he fails, without reasonable excuse, to comply with this section.
- (7) A person guilty of an offence under subsection (6) is liable on summary conviction to a fine not exceeding level 2 on the standard scale.

Revised Guidance issued under section 182 of the Licensing Act 2003 (Dec 2022) states: 'Specification of new designated premises supervisors

4.61 Every premises licence that authorises the sale of alcohol must specify a DPS. This will normally be the person who has been given day to day responsibility for running the premises by the premises licence holder.

23/05/23 – A search of Companies House shows that Mr Baris Kisa is the only Director of the business. However it lists his country of residence as Wales. The Licensing Authority would question how he is able to have day to day responsibility for running the premises if he lives in Wales and whether this is the reason he did not update his address details when advised that he must do so. **See Appendix 10.**

Conclusion:

Complaints have been received alleging that this premises sells nitrous oxide to members of the public, including children who then inhale it in the nearby area leaving litter and causing anti-social behaviour.

An advice letter regarding the sale of nitrous oxide was sent to the premises in July 2022, which the premises licence holder confirmed he received. He has also been advised about nitrous oxide over the phone and in person. The licence holder was written to and asked to voluntarily amend his premises licence to add a condition preventing him from selling nitrous oxide in January 2023 which he did not do. Despite all this, a test purchase in May 2023 resulted in the sale of nitrous oxide without any questions being asked by the seller. During the most recent visit officers found a large quantity of nitrous oxide behind the counter and when asked if there was more were lied to by staff. By the end of this visit officers had found 70 cannister of nitrous oxide on the premises. If each cannister is sold for the same price as the cannister sold during the test purchase i.e., £20 these cannisters have a value of £1400. At least five empty nitrous oxide boxes were also seen during the most recent visit.

The Licensing Authority does not believe that the nitrous oxide is being sold for catering purposes. The Licensing Authority is of the opinion that this premises is recklessly selling nitrous oxide for recreational use as a psychoactive drug and that this undermines all four licensing objectives.

Licence inspections have shown a failure to comply with licence conditions and the licence holder has failed to update his home address on the premises licence. These are alleged offences under the Licensing Act 2003.

The Licensing Authority has no confidence in the ability or willingness of the licence holder or his staff to uphold the licensing objectives and therefore recommends that this premises licence be revoked.

If the Licensing Committee is not minded to revoke the licence in its entirety then the Licensing Authority would recommend that the Committee consider suspending the premises licence until such time as full compliance with the licence conditions has been demonstrated by the Premises Licence Holder, his address details have been updated, a new DPS has been named on the licence and that the licence condition be amended as follows:

Current Licence Conditions

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. All staff shall receive induction and refresher training (at least every three months) relating to the sale of alcohol.

- 3. All training relating to the sale of alcohol shall be documented and records kept at the premises. These records shall be made available to the Police and /or Local Authority upon request and shall be kept for at least one year.
- 4. A Premises Licence summary shall be displayed at each public entrance to the premises.

Remove – this is already a legal requirement.

- 5. A CCTV system shall be installed, operated and maintained at the premises. CCTV cameras shall monitor all alcohol display areas, the front entrance door and the outside of the premises and the recordings shall be to the agreed image standard. The medium on which the images are recorded shall be clearly identifiable, securely stored and retained for not less than 31-days. Recordings shall be made available to authorised officers on request. The system shall be compliant with the Data Protection Act.
- 6. Known trouble-makers shall be barred from the premises.
- 7. Fire, safety and emergency equipment and procedures shall be operated and maintained at the premises.

Remove – this is covered by other legislation.

- 8. Deliveries shall only be accepted at the premises during the daytime. **Amend to:** Deliveries shall only be accepted at the premises between 7am and 7pm.
- 9. The current local authority, or similar, proof-of-age scheme shall be operated at the premises and the relevant literature shall be displayed.

Amend to: A 'Think 25' proof of age scheme shall be operated, and relevant material shall be displayed at the premises.

- 10. The rear door of the premises shall be secured and alarmed.
- 11. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.
- 12. There shall be displayed on the exit doors a sign stating, "you are entering a drinking control area and no open alcoholic drinks are to be taken off the premises".

Amend to: Signs shall be prominently displayed on the exit doors advising customers that the premises is in a Public Space Protection Order Area (or similar) and that they should not consume alcohol in the street if requested to stop by an authorised person. These notices shall be positioned at eye level and in a location where they can be read by those leaving the premises.

13. Unaccompanied children under 14 shall not be allowed to enter or remain on the premises between the hours of 21:00 and 06:00.

Add:

- i. Nitrous oxide (laughing gas) shall not be stored or sold to consumers from the premises, or any vehicles or store rooms associated with the premises.
- ii. A record of refused sales shall be kept on the premises and completed when necessary. This record shall contain the date and time of the refusal, a description of the customer, the name of the staff member who refused the sale, and the reason the sale was refused. This record shall be made available to Police and/or the Local Authority upon request of within 48 hours for any online training and shall be kept for at least one year from the date of the last entry.

iii.	The Designated Premises Supervisor shall regularly check the reensure it is being consistently used by all staff.	efusals system to
iv.	Only the Premises Licence Holder or Designated Premises Supervision purchase alcohol and/or tobacco stock.	sor shall
٧.	Alcohol and tobacco stock shall only be purchased from registered	wholesalers.
Vi.	The premises licence holder shall ensure that all receipts for goods together in a file or folder as evidence that they have been brought in through legal channels. Receipts shall show the following details: (and address; (2) Seller's company details, if applicable; (3) Seller's applicable. Copies of these documents shall be retained for no less and shall be made available to police or authorised officers of the cowithin five working days of the request. The most recent three montreceipts shall be kept on the premises and made available to the poofficers of the council on request.	nto the UK 1) Seller's name VAT details, if than 12 months buncil on request ths' worth of
vii.	All tobacco products which are not on the tobacco display shall be scontainer clearly marked 'Tobacco Stock'. This container shall be k storeroom or behind the sales counter.	
viii.	Tobacco products shall only be taken from the tobacco display behi counter in order to make a sale.	nd the sales

Date: 29 July 2022

Kisa Baris- Company Director of Southgate Food & Wine Ltd t/a Southgate Food Centre 30-32 Chase Side London N14 5PA

FOR THE ATTENTION OF THE OWNER & DESIGNATED SUPERVISOR

Dear Kisa Baris- Company Director of Southgate Food & Wine Ltd,

Sale of Nitrous oxide Psychoactive Substance Act 2016

Enfield Council has received an enquiry alleging the sale of nitrous oxide (laughing gas) i.e cream chargers in large cans, have taken place from your premises.

This letter provides a summary of the legislation regarding the sale of nitrous oxide to customers of any age (e.g. Persons under the age of 18 years old) and some suggestions of how to prevent illegal sales of Nitrous oxide.

Nitrous oxide (N2O) is a colourless sweet-tasting gas often referred to as 'laughing gas'.

Nitrous oxide has several legitimate uses in medicine and dentistry. It is also used as a fuel additive and as a component of rocket fuel and is sold as an aerosol spray propellant within whipped cream canisters.

Products include small canisters in large packs, each enough for a recreational dose, and paraphernalia such as 'creamers' or 'crackers'. These dispense the gas from canisters into balloons, that are used to inhale the gas.

Retailers should pay particular attention to the potential for abuse of nitrous oxide, especially where customers seek to buy in bulk or large volumes.

IMPORTANT – Are you Registered to Vote? Do you want to vote by post? Apply early.

To find out more go to www.gov.uk/register-to-vote

Sarah Cary
Executive Director Place
Enfield Council
Civic Centre, Silver Street
Enfield EN13ES

Website: www.enfield.gov.uk

It is a criminal offence for Retailers to sell nitrous oxide to customers of any age where the retailer knows or is reckless about whether the psychoactive substance (e.g. nitrous oxide) is likely to be consumed by the person to whom it is supplied (e.g. persons under the age of 18 years old), or by some other person, for its psychoactive effects. If prosecuted, you may be fined.

How to prevent selling Nitrous Oxide

A retailer should take reasonable steps to make sure they are aware of the potential uses of psychoactive substances products such as Nitrous Oxide.

- warning signs in store or on products themselves
- training to help staff assess the likelihood that products are being bought for their psychoactive effect
- updating training and age-restriction policies (young people are considered to be a particular risk group)
- Limiting quantities of substances to be sold in one purchase
- Is the product being psychoactive substances product purchased known to be misused
- What are the circumstances of the sale, e.g. quantity and time of day
- Consider whether the customer is a repeat purchaser of the psychoactive substance product e.g. (nitrous oxide).
- Consider whether the customer is known for psychoactive consumption. For example, someone buying industrial cleaner on a weekday alongside other household goods differs to young people buying nitrous oxide canisters late on a weekend.
- Staff at the point of sale should consider whether it's likely that a product is being purchased on behalf of another person (by proxy).

Enforcement Trading Standards ask persons under the age of 18 to attempt to buy age restricted products from businesses to check they are abiding by the legislation. Please be advised that the volunteer may also lie about their age, the purpose is to ensure the seller asks for photographic identification.

Please have regard to the Guidance for Retailers leaflet Psychoactive Substance Act

This is not an authoritative interpretation of the legislation and is intended only for guidance.

 Legislation may change over time and the advice given in this letter is based on the information available at the time. It is not comprehensive and is subject to revision in the light of further information. Only the Courts can interpret statutory legislation with any authority. This advice is not intended to be a definitive guide to, nor substitute for, the relevant legislation.
 Independent legal advice should be sought where appropriate.

Yours sincerely

Amanda Butler Senior Fair Trading Officer

1. Introduction

This guidance is to help retailers understand the <u>Psychoactive Substances Act 2016</u> (http://www.legislation.gov.uk/ukpga/2016/2/contents/enacted/data.htm), which comes into effect on 26 May 2016. The act bans psychoactive substances, also known as 'legal highs', in the UK and prevents the supply of these previously unregulated and frequently harmful substances for human consumption.

This guidance should not be treated as legal advice. If you're a retailer and are uncertain about your rights and duties you should seek independent legal advice.

2. Overview of the act

The UK has seen a rise in new substances and products that mimic the effects of traditional controlled drugs such as cannabis, cocaine, amphetamine and MDMA (ecstasy). These are known as psychoactive substances.

These new substances, together with other substances that have been used as intoxicants for many years, eg nitrous oxide are often referred to as 'legal highs'

The main source of supply of psychoactive substances is 'headshops'. These are small and specialised shops which sell legal highs and drugs paraphernalia.

Headshops will be the focus of enforcement monitoring and action. The substances associated with headshops are rarely, if ever, sold by responsible retailers.

The act will also affect responsible retailers who supply products that contain psychoactive substances, eg solvents and butane, but not for human consumption. The supply of many of these were previously covered by the Intoxicating Substances (Supply) Act 1985 (ISSA) (http://www.legislation.gov.uk/ukpga/1985/26/contents) which is repealed and replaced by this act.

The Misuse of Drugs Act 1971 (http://www.legislation.gov.uk/ukpga/1971/38/contents) will continue to be the main drug legislation in the UK. The 1971 act controls over 500 psychoactive substances as well as other harmful drugs, eg heroin and cocaine. Substances controlled under the 1971 will not be covered by this act. Where high street retailers are concerned, no non-medicinal products should contain controlled drugs.

The act creates criminal offences covering the supply of a psychoactive substance. These will apply across the UK including:

- producing a psychoactive substance (found in section 4 of the act)
- supplying, or offering to supply, a psychoactive substance (section 5)
- possession of a psychoactive substance with intent to supply it (section 7)
- importing or exporting a psychoactive substance (section 8)
- possessing a psychoactive substance in a custodial institution (section 9)

3. What is a psychoactive substance?

The new act captures psychoactive substances that aren't covered by the existing misuse of drugs framework, eg nitrous oxide.

Unlike the Misuse of Drugs Act 1971, this act does not list substances that are affected. Instead it covers those that fit its definitions in a similar, but not identical way to <u>ISSA</u>. There is an understanding of so-called legal highs as replacements for controlled drugs, but the act provides a specific definition based on a substance's effect on people.

A substance must be capable of having a psychoactive effect to be covered by the new legislation. A psychoactive effect is something which affects a person's mental functioning or emotional state by stimulating or depressing their nervous system.

This would include effects that we associate with controlled drugs, including the following:

- hallucinations
- changes in alertness
- perception of time and space
- mood or empathy with others
- drowsiness

This wide definition intends to pre-empt new substances emerging onto the drugs market by defining them by their effects rather than by their chemical structure. This means that it may be difficult for conventional retailers to know if a substance is affected by the act or not.

3.1 Exemptions

A large range of substances are exempt from the act because they are already regulated by other laws. This means that nothing should change in the way that they are sold. The exempted substances are:

- food
- medicinal products (defined by Human Medicines Regulations 2012)
- alcohol
- controlled drugs
- nicotine and tobacco products
- caffeine

3.2 What should retailers focus on in practice?

All substances that were covered by <u>ISSA</u> will now be covered by this act. They will be the primary focus for conventional retailers and include the following:

- solvent-based glues
- · correction fluids/thinners
- marker pens
- any kind of aerosols
- anti-freeze
- nail varnish/nail varnish remover
- · nitrous oxide

The age restrictions in the <u>ISSA</u> are replaced by the new offences described in section 4 of this guidance. Retailers should be aware that the offences no longer relate just to the supply to young people but affect supply to people of any age.

As with <u>JSSA</u>, an offence will be committed if the substance is supplied to somebody acting on behalf of someone else who will consume it, known as 'proxy purchasing'.

3.3 Nitrous oxide

Nitrous oxide (N2O) is a colourless sweet-tasting gas often referred to as 'laughing gas'.

Nitrous oxide has several legitimate uses in medicine and dentistry. It is also used as a fuel additive and as a component of rocket fuel, and is sold as an aerosol spray propellant within whipped cream canisters.

Products include small canisters in large packs, each enough for a recreational dose, and paraphernalia such as 'creamers' or 'crackers'. These dispense the gas from canisters into balloons, which are used to inhale the gas.

Retailers should pay particular attention to the potential for abuse of nitrous oxide, especially where customers seek to buy in bulk or large volumes.

3.4 Other substances and uses

The act bans the sale of psychoactive substances which are consumed for their psychoactive effect (as part of the market inappropriately known as 'legal highs'). This means that most psychoactive substances caught by the provisions of the act will not be sold by conventional retailers in the first place.

The act only applies to substances which are supplied for human consumption for their psychoactive effect unless they are exempt. The supply of a psychoactive substance for any other purpose is not caught in the act.

This means that where substances are sold by a retailer for their intended use, eg cleaning, gardening, industrial use, their sale will not be an offence. See the specific offences in part 4 of this guidance for more detail.

The act's criminal offences will apply to all retailers, both the individual employee and members of management as appropriate with offences for management and partners at section 56.

4. Offences in the act

The supply and offer to supply offences (section 5 of the act) are most relevant parts of the act for retailers. They are similar to the offences in <u>ISSA</u>.

The offence of supply is outlined below:

A person intentionally supplies a substance to another person

This will require a deliberate action on behalf of the supplier.

The substance is a psychoactive substance

This is described in more detail in part 3 of this guidance.

If a case is prosecuted, the psychoactivity of a substance will need to be forensically proved by the prosecution.

The person knows or suspects, or ought to know or suspect, that the substance is a psychoactive substance

The prosecution will need to prove that the individual supplying the product either knew or should have known that the product they were supplying was psychoactive.

This will include considering what the product is, its packaging and whether it had any warning labels or descriptions.

Retailers are not expected to test of substances to confirm whether they are psychoactive.

Considerations will include the type of business that supplied the substance. For example, a worker in a shop that specialises in selling 'legal highs' should know more about the substances they are selling than someone selling thousands of varied products, such as in a supermarket.

They will also consider if an individual has received training from their employer on what the substance is and any restrictions on its sale. This is similar to the ISSA.

This issue will be considered on a case by case basis taking into account individual circumstances.

The retailer knows or is reckless about whether the psychoactive substance is likely to be consumed by the person to whom it is supplied, or by some other person, for its psychoactive effects

A retailer should take reasonable steps to make sure they are aware of the potential uses of such products.

These steps are likely to be similar to the steps that retailers have previously taken to comply with ISSA and could include:

- · warning signs in store or on products themselves
- training to help staff assess the likelihood that products are being bought for their psychoactive effect
- updating training and age-restriction policies previously used under <u>ISSA</u> (young people are considered to be a particular risk group)
- limiting quantities of substances to be sold in one purchase

The prosecution will need to prove that the retailer knew the purpose of the sale or that they were reckless and did not take reasonable steps to satisfy themselves of the purpose.

A retailer should also consider the following:

- is the product being purchased known to be misused
- what are the circumstances of the sale, eg quantity and time of day
- is the customer a repeat purchaser
- is the customer known for psychoactive consumption

For example, someone buying industrial cleaner on a weekday alongside other household goods differs to young people buying nitrous oxide canisters late on a weekend.

Staff at the point of sale should consider whether it's likely that a product is being purchased on behalf of another person (by proxy).

There is no expectation for a retailer to go above and beyond what is reasonable and it is important to remember that the offences only apply where there is a likelihood of consumption.

4.1 Controls and sanctions

Controls and sanctions for offences range from civil notices to criminal prosecutions as follows:

- · civil prohibition/premises notices which act as a 'light touch' warning
- civil prohibition/premises orders made by courts which prohibit a person from carrying on a prohibited activity - a breach of a prohibition order is a criminal offence
- criminal prosecution where the maximum penalty on summary conviction for supply is 12 months imprisonment and/or an unlimited fine - on indictment it is 7 years with unlimited fine

The anticipated use of civil powers will enable law enforcement officers and local authority partners to take swift action and also to adopt a proportionate approach to low level offending.

4.2 Primary authority

The Psychoactive Substances Act is included in the <u>Regulatory Enforcement and Sanctions Act 2008</u> (http://www.legislation.gov.uk/ukpga/2008/13/contents). This means that businesses can also draw on the expertise and guidance of primary authorities to ensure they follow the law.

It is envisaged that responsible retailers might agree primary authority relationships covering the act which replace previous agreements covering the sale of intoxicating substances. For example, a retailer might choose to agree guidance with a primary authority outlining how its stores will manage the sale of the products listed in paragraph 5 in compliance with the act.

5. Steps retailers can take to follow the law: examples and case studies

To what extent should retailers know what is and what is not a psychoactive substance in their range of products?

All substances that are covered by ISSA will continue to be in the scope of the act. These are the substances that should be the focus of retailers.

A retailer which sells a wide variety of products entirely legitimately may not be able to find out whether every product they sell might be psychoactive, but they should be aware that some household goods can also be abused. If retailers become aware of this happening they should apply measures which will restrict the opportunity for its abuse.

The Home Office will continue to monitor emerging substances of concern. If it turns out that established household or general retail products are being newly abused the Home Office will provide information about these products.

Case study: plants and seeds

A shop selling a range of products stocks a particular species of plant and seeds. It has sold these for a long time.

The plant and its seeds are supplied to the shop with no warnings from the supplier and were not covered by the <u>ISSA</u>.

Evidence later comes to the attention of enforcers that this plant has psychoactive properties.

The retailer won't have committed an offence by supplying the plant because they did not know nor should they have known that the substance they sold was psychoactive.

But once the retailer receives this information they would be expected to take reasonable steps as a result. In practice this would be to agree processes to ensure that the products are only sold for legitimate usage and not for consumption for psychoactive effect.

How can retail staff ensure that they are not accused of being reckless?

This will be similar to the way they assess transactions under <u>ISSA</u>. Whether a person is reckless is subjective and comes down to the following:

- is the cashier aware of a likelihood that the product in question may be consumed for its psychoactive effect
- would it be reasonable in the circumstances for them to supply the product to the customer

While the new legislation does not target sales to people under the age of 18 in the way that <u>ISSA</u> did, retailers might want to maintain the same controls they did under <u>ISSA</u> and give updated training to staff to prevent those at highest risk from gaining access to psychoactive substances.

Where adults buy products containing psychoactive substances, retailers can consider whether they are being bought for human consumption by assessing various factors, including:

- What is the substance? Is it something that has been flagged high risk before, eg a substance covered by <u>ISSA</u>, or something that the Home Office has identified to retailers as being of concern? If not, it is unlikely to be high risk.
- How much psychoactive product is the customer is purchasing, eg a can of deodorant, or a number of canisters of nitrous oxide?
- What else they are buying, eg is this part of a weekly shop or a single purchase of high risk substances?
- What is the time of purchase? A purchase during unsocial hours might be more likely to be high risk.
- What is the physical or mental state of the customer? Are they already drunk/intoxicated, do
 they have physical symptoms of intoxication such as bad skin, weeping eyes, rash around the
 nose?
- Is the customer known to the store as having abused substances or been intoxicated before?

If the cashier has suspicions, they could ask the customer why they are buying the product. Does their explanation sound reasonable?

Case study: whipped cream canisters containing nitrous oxide

A customer who looks over 25 attempts to buy several containers of whipped cream canisters containing nitrous oxide from a shop at 11pm. They are not buying anything else.

The cashier asks the customer why they're buying whipped cream. The customer hesitates in replying and when they do they seem intoxicated, slurring their words.

In this scenario the cashier should consider not selling the goods.

Case study: anti-freeze

In a motoring supplies store a male who looks in his 50s buys some anti-freeze. He also buys other items related to car maintenance. It's during the day in the middle of the week and he seems sober.

In this scenario and without any further risk factors, the cashier would be justified in assessing this purchase as being unlikely to be for consumption for psychoactive effect.

Does the new legislation replace the <u>Cigarette Lighter Refill (Safety) Regulations 1999</u> (http://www.legislation.gov.uk/cy/uksi/1999/1844/made?view=plain)?

No. The offence in these regulations is not replicated by the Psychoactive Substances Act as they prohibit the sale of butane canisters to anyone under the age of 18, regardless of any intent to consume for psychoactive effects.

How can we apply this to self-service checkouts?

The act can be applied to self-service checkouts, eg:

- continuing to focus on high-risk intoxicating products as they had been under ISSA
- age restrictions can help to limit the exposure of risk groups, eg young people to psychoactive substances

What about online purchases?

Businesses should take all reasonable steps to discharge due diligence in selling online.

This could include considering as much of the context of a purchase as possible, eg:

- is the address for delivery credible, eg if a large quantity of nitrous oxide is being delivered to a catering company then suspicions are likely to be minimal; but if it is to non business address such as student university halls of residence), they may be raised
- what else is the purchaser buying, eg consumption paraphernalia such as balloons with nitrous oxide canisters or crackers, particularly in high volume
- monitoring customer feedback of high risk products (such as nitrous oxide) and taking appropriate preventative action where this suggests misuse

Do proxy sales continue to be covered?

Yes. The offence of supply includes purchases where someone other than the person purchasing the product is likely to consume it. The key element to remember here is the likelihood of consumption.

It can be difficult to assess whether a proxy purchase is being made. The removal of the age restrictions that were in <u>ISSA</u> mean that the likelihood of consumption must be considered in all cases and not just adults, so the tendency towards proxy purchases is likely to be reduced.

However young people or those displaying signs of intoxication already may continue to attempt to circumvent store age-restriction policies. Points to consider include:

- discussion between the purchaser and another about what they want to buy
- suspicious behaviour outside the store, eg seeing children asking adults to buy products

Dear Proprietor

Electronic Cigarettes(E-Cigarettes) and Nicotine containing E-liquid products Tobacco and Related Products Regulations 2016 Tobacco Products and Nicotine Inhaling Products (Amendment) (EU Exit) Regulations 2020

This is an advisory letter for retailers and producers of e-cigarette and Nicotine containing e-liquid products with the aim to ensure compliance with Part 6 of the Tobacco and Related Products Regulations 2016 /Tobacco Products and Nicotine Inhaling Products (Amendment) (EU Exit) Regulations 2020.

An e-cigarette is defined as any product used for the consumption of vapour containing nicotine via a mouth piece.

Medicinal products or devices are regulated separately by the Medicines and Healthcare Products Regulatory Agency (MHRA) who are also the Competent Authority for the notification scheme for e-cigarettes and refill containers in Great Britain.

When purchasing e-cigarettes or nicotine e-liquid products, ask your supplier to confirm that the product complies with product safety legislation such as the Tobacco and Related Products Regulations 2016, Tobacco Products and Nicotine Inhaling Products (Amendment) (EU Exit) Regulations 2020 and that the product has been notified to the MHRA.

As a retailer, you do not need to notify any e-cigarette/Nicotine containing e-liquid products to the MHRA unless you are also a 'producer' of the product. Although, retailers would need to ensure that they sell compliant e-cigarette/e-liquid products.

MPORTANT – Enfield residents should register for an online Enfield Connected account. Enfield Connected puts many Council services in one place, speeds up your payments and saves you time – to set up your account today go to www.enfield.gov.uk/connected

Sarah Cary
Executive Director Place
Enfield Council
Civic Centre, Silver Street
Enfield EN13XY

Website: www.enfield.gov.uk

Producers of E-Cigarette/E-Liquids

A producer is anyone who manufactures or imports e-cigarettes or refill container products and anyone who re-brands them as their own.

Therefore, prior to purchasing e-cigarette/e-liquid products, retailers must ensure that the product complies with the afore-mentioned legislation and that the supplier/producer checks the MHRA website https://cms.mhra.gov.uk/ by selecting the "ECIG" page, outlined as: -

ECIG

Notified E-cigarette products published for supply in Great Britain from 1st January 2021. Historic list of notified products published for supply in Great Britain and Northern Ireland prior to 1st January 2021.

This will provide direct access to the MHRA's Great Britain notified products list, published since 1 January 2021, by typing the product criterion into the following: -

If you are classified as a producer, please see the guidance for Producers of E-cigarettes and Nicotine containing e-liquid products : - https://www.gov.uk/guidance/e-cigarettes-regulations-for-consumer-products

If a producer of an E-cigarette/E-liquid product has not notified the product to the MHRA or if the product does not comply with the afore-mentioned Regulations, **then they must not** supply it to you, as it would be illegal to sell to consumers in the UK.

E-cigarette producers should notify the MHRA of non-compliant E-cigarettes via email: ~ TPDsafety@mhra.gov.uk

E- Cigarettes and Nicotine containing e-liquid products may be seized by Trading Standards Officers and forfeited by the Magistrates courts. Upon conviction, the Magistrates courts may impose a fine or two years imprisonment or both.

The following summarises how to comply with legislation pertaining to E-Cigarettes and Nicotine containing E-liquids: -

If you cannot answer yes to the following legislative requirements, then it is illegal to sell the product and therefore non-compliant E-Cigarettes and Nicotine containing E-liquids products must be removed from sale immediately.

Legal requirements – devices and liquids	Yes	No
If not already stated on the actual product, vaping devices and e-liquids must be		
supplied with an information leaflet with prescribed safety instructions, warnings,		
contact details of the producer and if the producer is not based in a		
member State, contact details of person within a member State.		
The product safety instructions/ leaflet must include a statement that the product		
is not recommended for use by young people and non-smokers		
Liquid containing nicotine presented for sale must be in: a dedicated refill		
container with a maximum 10ml volume		
or;		
a disposable electronic cigarette, a single use cartridge, or a tank, in a volume		4.
not exceeding 2 millilitres		
The capacity of the tank of a refillable electronic cigarette must not exceed 2		
millilitres		
The liquid containers in devices and refills must be child-resistant, tamper-evident		
and be protected against breakage and leaking		
Nicotine-containing liquid that is presented for retail sale in an electronic cigarette or refill container must not contain nicotine in excess of 20 millilitres		
Nicotine containing liquid must not contain prohibited additives such as caffeine/taurine or other additives or stimulant that are associated with energy and vitality		
Legal requirements – labelling and warnings etc.	Yes	No
The front and back of each pack (as presented for retail sale) must be labelled:		
'This product contains nicotine which is a highly addictive substance'		
in black Helvetica bold type font on a white background which must cover 30% of		
both the front and back surfaces		
The warning statement 'this product contains nicotine which is a highly		
addictive substance' must still be applied to E-cigarette products that do not		
contain nicotine when sold but can be used to contain nicotine. To provide clarity		. ,
for consumers, adjacent wording is suggested namely (not part of the boxed		
warning) so that the warning applies when the product is used as designed and		
charged / filled with nicotine-containing liquid. The warning statement should be		

included on all notified e-cigarette producer.		
Ingredients must be listed in descending order of weight		
A batch number must be labelled		
A recommendation to keep the product out of reach of children must be present		
The nicotine content of the product and the delivery per dose must be labelled		
Legal requirements – electrical safety and age restrictions	Yes	No
Electrical products must be UKCA marked and comply with safety regulations, any mains chargers must be supplied with an approved UK 3 pin plug		
You must not sell nicotine inhaling products to anyone under the age of 18		
Adults must not purchase a nicotine inhaling product for anyone under the age of		

For the full requirements, please see Regulation 36 and 37 of the Tobacco and Related Products Regulations 2016, the MHRA guidance leaflet pertaining to E-cigarettes and E-Liquids products.

What happens if these requirements are not complied with?

Failure to comply with the Tobacco and Related Products Regulations 2016/ Tobacco Products and Nicotine Inhaling Products (Amendment) (EU Exit) Regulations 2020 is a criminal offence. Depending on the type of breach, both Retailers and Producers in the supply chain could be prosecuted.

Please also see advisory leaflets pertaining to compliance with the General Product Safety Regulations 2005 (GPSR) https://www.businesscompanion.info/en/quick-guides/product-safety/general-product-safety-distributors and guidance to comply with the Classification, Labelling and Packaging of Chemicals Regulations 2017 (CLP):-https://www.hse.gov.uk/chemical-classification/legal/clp-regulation.htm.

If you would like to discuss the contents of this letter, please telephone Enfield Council-0208 132 1000.

Yours faithfully,

Encl. MHRA advisory leaflet CTSI Business Advisory Leaflet re: Age restricted sales of E-cigarette/Nicotine E-Liquids

Advice for retailers of e-cigarettes and nicotine-containing e-liquids

This advice is issued by MHRA to help retailers to check e-cigarette and e-liquid products for compliance with the Tobacco and Related Products Regulations 2016.

Product requirements

These apply to e-cigarettes (including rebuildable devices, those sold without nicotine content and components and replacement parts) and to e-liquids (refill containers for e-cigarettes):

- Maximum tank size of an e-cigarette, 2ml (when assembled if necessary)
- Maximum strength of nicotine-containing liquid if present, 20mg/ml nicotine
- Maximum volume of a nicotine-containing refill container, 10ml
- Tamper-evident and child-resistant packaging

Labelling requirements

On pack as sold (must be on bottle or device if no outer packaging):

- List of ingredients in nicotine-containing liquid, if present
- Indication of nicotine content and delivery per dose
- Batch number
- Recommendation to keep the product out of the reach of children
- Prominent health warning in black text on a white background on front and back "This product contains nicotine which is a highly addictive substance".
- Prohibited on packs offers and discounts, product safety / health claims

Unless all these details are included on the pack, an accompanying leaflet must include:

- Instructions for use and storage, including instructions for refilling where appropriate
- Contra-indications, warnings for specific risk groups and possible adverse effects, addictiveness and toxicity
- Contact details of the producer; also a contact within the UK if the producer is based outside the UK (this may be an EU contact for products supplied in Northern Ireland)

Exceptions where these are not required

- Identical replacement parts where you and the consumer can clearly identify from the labelling the notified e-cigarette product for which the part is a replacement
- Parts such as battery units that do not come into contact with nicotine-containing liquid when in use
- A disposable e-cigarette or e-liquid product containing 0mg nicotine when sold

Notification requirements

Always check with your supplier that the products you are offered have been notified to MHRA. You can verify this by checking our published <u>lists of notified products</u>, updated weekly. If a product has not been notified the manufacturer or importer may not supply it to you.

Are you a producer?

You are a producer if you manufacture, import into the UK or add different branding to an ecigarette or e-liquid product. Information for producers on product notification requirements is available here.

Product safety issues

Side effects and safety concerns with e-cigarettes or e-liquids (refill containers) can be reported to MHRA through the <u>Yellow Card</u> reporting system.

Products suspected to be defective or non-compliant to local Trading Standards or to TPDsafety@mhra.gov.uk.

Do feel free to pass this message on to consumers on your website and in your shop.

Further advice

More detailed information is available on our web <u>page</u> together with links to advice on other areas not the responsibility of MHRA such as advertising and cross-border selling.

Additional advice may be available from your local Trading Standards team or by contacting MHRA at info@mhra.gov.uk.

Key legislation

This guidance is for England, Scotland and Wales

There are Regulations in place that are designed to reduce the appeal of tobacco products (particularly to young people), to prevent misleading claims about the benefits of tobacco products and to make the required health warnings more noticeable. The overall aim is to reduce rates of smoking.

In order to address the problem of illegal trade in tobacco products, there are Regulations that require

systems of traceability and security features to be implemented.

Country definitions

The following terms are used throughout this guidance:

- United Kingdom (UK): England, Scotland, Wales and Northern Ireland
- Great Britain (GB): England, Scotland and Wales
- Northern Ireland (NI)
- European Union (EU): there are 27 Member States of the EU, including Ireland but not any of the UK countries

The law

The Tobacco and Related Products Regulations 2016 deal with the manufacture, presentation and sale of tobacco and related products, including herbal products for smoking, e-cigarettes and refill containers as well as smokeless and novel tobacco products.

These Regulations have been amended to reflect differences in how they apply in GB and NI after 1 January 2021.

Note: in English and Welsh law, the term 'nicotine inhaling products' is used to describe e-cigarettes and associated products, and in Scottish law they are known as 'nicotine vapour products'; the generic term 'e-cigarettes' is used in this guide.

The Standardised Packaging of Tobacco Products Regulations 2015 standardise the packaging of certain tobacco products by requiring the removal of all promotional features. The brand name and variant name, number of cigarettes, weight of the hand-rolling tobacco product, producer details, barcode and calibration mark are permitted but must be in a standardised format and the UK duty-paid mark must be displayed. The packaging must be a specific shape and in a certain colour; all other colours, trademarks, logos and promotional graphics are prohibited.

This guide will help you to understand your obligations to ensure that all tobacco and related products that you offer for supply or sale in the UK comply with both sets of regulations. There are some general rules that apply to all tobacco products, which you will find at the beginning of the guide. For ease of reference, the other key requirements of both sets of regulations have been combined in a way that clearly identifies how they apply to each type of product.

The Tobacco Products (Traceability and Security Features) Regulations 2019 deal with traceability and security features systems for tobacco products. Details can be found in the 'Track and trace' section towards the end of this guide.

It may be useful for you to refer to the illustration below, which shows one of the new graphic health warnings for tobacco products on sale in GB. Tobacco products that display EU picture warnings and were produced and first supplied on the GB market before 1 January 2021, can continue to be supplied until they reach their end user. To help you check your stock, all the new GB images can be seen in the tobacco packaging guidance produced by the Department of Health and Social Care (DHSC). Products sold in NI continue to use the EU images.

Note: in the example, unique identifiers are not shown.

General labelling requirements

General conditions for all health warnings

Warnings on tobacco products make users aware of the health risks associated with smoking. There are rules that apply to all health warnings on tobacco products:

- a health warning must cover the entire area that is reserved for it and must not be commented on or altered in any way
- it must be in English, fully visible, permanent, irremovably printed on the pack and surrounded by a black border. For a unit pack of a tobacco product other than cigarettes or hand-rolling tobacco in a pouch, the warning may be printed on a sticker fixed to the pack as long as the sticker is irremovable
- a health warning must remain intact when the pack is opened. However, the combined health warning (described in more detail below) may be split in the case of a unit pack with a flip-top lid.
 This is fine as long as the graphical integrity, visibility of the text and smoking cessation information remains in place

A health warning must not:

- be partially or totally hidden or interrupted by wrappers, jackets or boxes (except when a unit pack is inside a container pack)
- be partially or totally interrupted by any other item, such as a tax stamp, price mark or security feature
- partially or totally hide or interrupt any tax stamp, price mark, tracking and tracing mark, security feature or any other mark required by law

General rules about the presentation of all tobacco products

These are rules that prohibit the packaging of tobacco products from misleading consumers.

No one may produce or supply a tobacco product where the package labelling or the product itself contains the following elements or features (including texts, symbols, names, trade marks, figurative signs and other types of sign):

- promotion of a tobacco product or encouraging its consumption by creating a false impression about its characteristics, health effects, risks or emissions
- information about the nicotine, tar or carbon monoxide content
- suggestion that the tobacco product:
 - is less harmful than others
 - o aims to reduce harmful effects of smoke
 - has vitalising, energising, healing, rejuvenating, natural or organic properties, or has other health or lifestyle benefits
- reference to taste, smell, flavourings or additives or their absence (flavours are permitted in tobacco products other than cigarettes and hand-rolling tobacco, but these are *not* permitted to be depicted or mentioned on the packets)
- resemblance to a food or a cosmetic product
- suggestion that a particular product has improved biodegradability or other environmental advantage
- printed vouchers or offer discounts, free distribution, two-for-one or similar offers

Labelling requirements by product

Tobacco products for smoking

(does not include large cigars, individually wrapped cigars or cigarillos)

Combined health warnings:

- a unit pack (single pack) and any container pack (multi-pack) of a tobacco product for smoking must carry a combined health warning consisting of a text warning and a corresponding colour photograph as listed in the picture library in Schedule A1 to the Tobacco and Related Products Regulations 2016 (see the link in 'Key legislation' below), as well as the smoking cessation statement 'Get help to stop smoking at www.nhs.uk/quit'
- there is one set of pictures (no rotation between sets)
- it must appear on the front and back surfaces of the unit pack as well as any container pack using the same warning and photograph on each surface; it must be in a format that includes the requirement to cover 65% of the area of the surface on which it appears
- the technical specifications for the layout, design and shape of the combined health warnings are set out in Schedule A1 to the Tobacco and Related Products Regulations 2016

General warnings and information messages:

- a unit pack and any container pack of a tobacco product for smoking must carry the general health warning, 'Smoking kills quit now', and an information message, 'Tobacco smoke contains over 70 substances known to cause cancer'
- the format for the health warning includes a requirement that it must cover 50% of the area of the surface on which it appears:

- on most unit packs of cigarettes this means the general warning must appear on one secondary surface of the pack and the information message must appear on the other secondary surface
- on a unit pack of cigarettes or hand-rolling tobacco in a shoulder box, the general warning and the information message must be complete on the larger of the two split parts of the box
- on a cylindrical unit pack of hand-rolling tobacco that has a lid, the general warning must appear on the outside of the lid and the information message must appear on the inside surface of the lid
- there are specific rules that apply to the general warning and information message that appears on a unit pack of hand-rolling tobacco in the form of a rectangular pouch

Large cigars and individually wrapped cigars and cigarillos

The Regulations only apply to a unit pack or container pack that contains a single cigar or cigarillo, or two or more cigars each with a unit weight of more than three grams.

A unit pack and any container pack must carry the general health warning 'Smoking kills - quit now' and one of the text warnings that is listed in Annex I to Directive 2014/40/EU on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products (see the link in 'Key legislation' below). The text warnings listed in Annex I continue to apply to these products.

There are rules that cover the rotational use of text warnings by producers.

The format for the general health warning includes a requirement that it must appear on the most visible surface of the pack and cover 30% of that area.

The text warning must appear on the next most visible surface (or if the pack has a hinged lid, the surface that appears when the pack is opened) and cover 40% of that area.

Smokeless tobacco products

This means a tobacco product that is consumed in a way that does not involve a combustion process. It includes chewing tobacco and nasal tobacco.

Health warnings:

- a unit pack and any container pack of a smokeless tobacco product must carry the health warning 'This tobacco product damages your health and is addictive'
- the format for the health warning includes a requirement that it appears on both the front and back surfaces of the pack and covers 30% of that area

Herbal products for smoking

A herbal product for smoking is defined as "a product based on plants, herbs or fruits which contains no tobacco and that can be consumed via a combustion process". The Standardised Packaging of Tobacco Products Regulations 2015 do not apply to herbal products for smoking but the Tobacco and Related Products Regulations 2016 contain requirements as set out below.

Health warnings:

- a unit pack and any container pack of a herbal product for smoking must carry the health warning 'Smoking this product damages your health'
- the format for the health warning includes a requirement that it appears on both the front and back surfaces of the unit pack and any container pack and covers 30% of that area

A unit pack and any container pack of a herbal product for smoking must not state that it is free of additives or flavourings. Nor must it include any element or feature (including texts, symbols, names, trade marks, figurative signs or other types of sign) that:

- promotes or encourages the consumption of a herbal product for smoking by creating a false impression about its characteristics, health effects, risks or emissions
- includes any information about nicotine, tar or carbon monoxide content
- resembles a food or cosmetic product
- suggests a particular herbal product for smoking:
 - is less harmful than other herbal products for smoking
 - o aims to reduce the effect of some harmful components of smoke
 - o has vitalising, energising, healing, rejuvenating, natural or organic properties
 - has other health or lifestyle benefits

Standardised packaging requirements

Cigarette packs, individual cigarette sticks and hand-rolling tobacco packs must be produced and supplied in standardised packaging, which means they have to meet requirements laid down in the Standardised Packaging of Tobacco Products Regulations 2015.

Cigarette packs:

- the only permitted colour for the external packaging of a unit or container packet of cigarettes is Pantone 448C (drab dark brown) with a matt finish
- the internal packaging must be either white or Pantone 448C with a matt finish
- unit packets must be made of carton or soft material and cuboid in shape (bevelled or rounded edges are permitted)
- the packaging's surface must be smooth and flat and have no irregularities of shape or texture
- flip-top or shoulder boxed lids are permitted
- slim packets are prohibited but slim individual cigarette sticks are allowed
- inserts and additional material are prohibited
- any internal lining must be silver coloured foil (with no variation in tone or shade) with a white paper backing
- wrappers must be clear and transparent, not coloured or marked (except for any black marks required to cover a barcode), smooth and flat with no irregularity of shape or texture

A unit packet of cigarettes must contain a minimum of 20 cigarettes.

Individual cigarette sticks:

- cigarette paper, filter, casing or other material forming part of a cigarette must be plain white with a matt finish, apart from the end of the cigarette, the colour of which can imitate cork
- brand and variant names are permitted on the cigarette itself, subject to conditions

Hand-rolling tobacco:

- the only permitted colour or shade for the external packaging of a unit or container pack of handrolling tobacco is Pantone 448C (drab dark brown) with a matt finish
- the internal packaging must be either white or Pantone 448C with a matt finish
- unit packets may be cuboid (bevelled or rounded edges are permitted), cylindrical or take the form of a pouch
- packets must be smooth and flat (if cuboid in shape) with no irregularities of shape or texture
- wrappers must be clear and transparent and not coloured or marked with no irregularities or shape or texture
- the internal packaging must be either white or Pantone 448C with a matt finish
- inserts and additional materials are prohibited, except for cigarette papers or filters as long as they are not visible before the packet is opened
- any tabs for resealing the packet must be clear and transparent and not coloured or marked
- any foil seal that forms part of the internal packaging must be silver coloured with no variation in tone or shade

A unit packet of hand-rolling tobacco must contain at least 30 g of tobacco.

The packaging of cigarette packs, individual cigarette sticks or hand-rolling tobacco must not make a noise, nor contain or produce a smell that is not normally associated with the product. In addition, packaging must not change after retail sale; this means that features such as heat activated inks, inks that appear fluorescent in certain light and removable tabs are not allowed.

The brand name and variant name, number of cigarettes, weight of the hand-rolling tobacco product, producer details, barcode, and calibration mark are permitted on the packaging but must be in a standardised format and the UK duty-paid mark must be displayed.

Take note that whilst large cigars, individually wrapped cigars and cigarillos must carry health warnings, the standardised packaging requirements do not apply to cigars and cigarillos, nor are there any restrictions on the number of these products in a unit packet.

Other requirements

Images of tobacco products aimed at consumers

Be aware that if you publish an image of a unit or container pack of a tobacco product (when it is lawful to do so according to tobacco advertising rules), the pack must comply with all the labelling and packaging requirements set out in both the Standardised Packaging of Tobacco Products Regulations 2015 and the Tobacco and Related Products Regulations 2016.

No vitamins, colourings or prohibited additives in tobacco products

No one may produce or supply a tobacco product containing:

- vitamins or other additives that create an impression that it has health benefits or reduces health risks
- caffeine, taurine or other additives or stimulants that are associated with energy and vitality
- additives that give colouring effects to any emissions
- additives that aid inhalation or nicotine uptake in the case of tobacco products for smoking

 additives with CMR properties or that can affect CMR properties (carcinogenic, mutagenic or toxic for reproduction)

No flavoured cigarettes or hand-rolling tobacco

Cigarette packs, individual cigarette sticks or hand-rolling tobacco - including any filter, paper, package or capsule component of the product - must not be produced or supplied with a characterising flavour. A filter, paper or capsule must not contain tobacco or nicotine; technical features that would modify the smell, taste or smoke intensity of a product are not allowed.

Product requirements

The Tobacco and Related Products Regulations 2016 set out rules covering e-cigarettes. No one must produce or supply an e-cigarette or refill container unless they meet the following requirements:

- nicotine-containing liquid for retail sale must be in a dedicated refill container in a maximum volume of 10 ml or in a disposable e-cigarette, single-use cartridge or a tank in a maximum volume of 2 ml
- the capacity of the tank of a refillable e-cigarette must not be more than 2 ml
- there is a nicotine limit of 20 mg per ml that applies to nicotine-containing liquids in an e-cigarette or refill container

Nicotine-containing liquid must:

- be manufactured using only ingredients of high purity
- not contain certain additives (see the 'No vitamins, colourings or prohibited additives in tobacco products' section of this guide) but can contain flavours
- not contain substances other than the ingredients that were part of the formal notification process laid down in the Regulations
- onot include ingredients (except nicotine) that pose a risk to human health

In normal use the e-cigarette must deliver a consistent dose of nicotine.

An e-cigarette or refill container must be child-resistant and tamper-evident, protect against breakage and leakage and have a mechanism to ensure that refilling can take place without leakage (this does not apply to disposable e-cigarettes).

Information and labelling

No one may produce or supply an e-cigarette or refill container unless it meets the requirements set out below:

- each unit packet of the e-cigarette or refill container must include a leaflet with the following information:
 - instructions for storage and use, including a reference that the product is not recommended for use by young people and non-smokers
 - contra-indications
 - warnings for specific risk groups of people
 - possible adverse effects

- addictiveness and toxicity
- the producer's contact details
- each unit packet of the e-cigarette or refill container must include:
 - o a list of all ingredients in descending order by weight
 - nicotine content and delivery per dose
 - batch number
 - recommendations to keep the product out of reach of children
- each unit packet and any container pack must carry the health warning 'This product contains nicotine which is a highly addictive substance'. It must appear on the front and back surfaces and cover 30% of that area

Product presentation

An e-cigarette or refill container must meet the following requirements before it is produced or supplied. The unit packet and any container pack may not include any element or feature (including text, symbols, names, trademarks, figurative or other types of sign) which:

- promotes or encourages consumption by creating a false impression about its characteristics, health effects, risks or emissions
- suggests it is less harmful than other e-cigarettes or refill containers, has vitalising, energising, healing, rejuvenating, natural or organic properties or has other lifestyle benefits
- refers to taste, smell or other additives (except flavourings) or their absence
- suggests that a particular e-cigarette or refill container has improved biodegradability or other environmental advantage
- must not contain printed vouchers, offer discounts, free distribution, two-for-one or other similar offers

E-cigarette advertising

E-cigarettes and refill containers cannot be advertised or promoted, directly or indirectly:

- on TV or on-demand TV
- on radio
- through internet advertising, commercial email and any other information society services
- in certain printed publications, such as newspapers, magazines and periodicals

The following activities are also prohibited:

- sponsorship of television and radio programmes that promote e-cigarettes
- product placement of e-cigarettes

The rules on advertising do not prevent you from supplying information about e-cigarettes and refill containers as long as it is supplied at the request of a consumer and given in a non-promotional manner.

The requirements of the Standardised Packaging of Tobacco Products Regulations 2015 do not apply to ecigarettes or refill containers.

Notification of tobacco products and herbal products for smoking

All producers of tobacco products and herbal products for smoking to be sold in GB must provide Public Health England (PHE), using the GB Domestic Tobacco Products Notification System, with certain product information before they can supply them; this includes ingredients and emissions information, market research and sales data. Producers must also notify of the withdrawal of a product from the market.

Retailers should ensure, before they purchase tobacco products, that they have been properly notified and not subsequently been withdrawn; this particularly applies to products like shisha, blunts and chewing tobacco. Retailers can do this by checking the list of notified tobacco or herbal products for smoking published on the GOV.UK website (withdrawn products do not appear on the list of notified products; there is no separate list of withdrawn products) or perhaps by obtaining written assurances from their suppliers. Products that have not been notified or have been withdrawn cannot be supplied and may be seized by trading standards.

Notification of nicotine-containing e-cigarettes and refill containers

All producers of nicotine-containing e-cigarettes and refill containers must submit information about their products to the Medicines and Healthcare Regulatory Agency (MHRA), using a GB portal. This includes ingredients and emissions information, toxicology data, information on the nicotine dose and uptake when used normally and a description of the components of the product. Producers must also notify of the withdrawal of a product from the market.

Retailers should ensure, before they purchase these products, that they have been properly notified and not subsequently withdrawn. They can do this by checking the list of submitted e-cigarette products on the GOV.UK website or, if they cannot find them on the list, they should ask their supplier to confirm they comply with the requirements of the regulations and have been notified to MHRA. Products that have not been notified or have been withdrawn cannot be supplied and may be seized by trading standards.

Track and trace

Under the Tobacco Products (Traceability and Security Features) Regulations 2019, unit packets of cigarettes and hand-rolling tobacco that have been manufactured in or imported into the UK must:

- have unique identifiers (UIDs) on the packaging
- have packaging to which five specific security features have been applied
- be scanned at particular points in the supply chain

The rules will apply to all tobacco products from 20 May 2024.

Traders that manufacture, import, store, transload (move from one vehicle to another) and sell tobacco products must register with an ID issuer for business and product IDs.

Offences and defences

Tobacco and Related Products Regulations 2016

A person is guilty of an offence if they breach a provision of the Tobacco and Related Products Regulations 2016.

There is a general defence available to suppliers of tobacco or other related products that they exercised all due diligence to avoid committing the offence. The same defence is available to anyone who has committed an offence related to advertising and sponsorship. There are further defences available to anyone who has committed offences relating to e-cigarette advertising: that they did not know and had no reason to suspect that the advertisement was an e-cigarette advertisement or that the newspaper, periodical or magazine contained an e-cigarette advertisement.

Standardised Packaging of Tobacco Products Regulations 2015

A person who produces or supplies a tobacco product in breach of the Standardised Packaging of Tobacco Products Regulations 2015 is guilty of an offence. It is a defence if the person neither knew nor had reasonable grounds for suspecting that the tobacco product was supplied in breach of the 2015 Regulations.

Underage sales

Information on underage sales of tobacco etc can be found in 'Tobacco and nicotine inhaling products' (nicotine vapour products in Scotland).

Further information

Detailed tobacco packaging guidance and guidance on the distribution and advertising of e-cigarettes has been produced by the DHSC.

HM Revenue and Customs has produced guidance on tobacco product traceability.

Trading standards

For more information on the work of trading standards services - and the possible consequences of not abiding by the law - please see 'Trading standards: powers, enforcement and penalties'.

In addition to the information covered in the above guide, under the Tobacco Products (Traceability and Security Features) Regulations 2019, HM Revenue and Customs officers can issue a notice requiring compliance where requirements of the Regulations have not been met and non-compliant products can be seized and may be liable to forfeiture.

Key legislation

Directive 2014/40/EU on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products

Key legislation

This guidance is for England

Certain products cannot be sold to persons below a legal minimum age; for tobacco and nicotine inhaling products this legal minimum age is 18.

A packet of cigarettes must contain a minimum of 20 cigarettes and must only be sold in its original packaging. A notice must be displayed stating 'It is illegal to sell tobacco products to anyone under the age of 18'.

Tobacco products must not be on display in-store and there are also restrictions on how prices and price lists are displayed.

Young people should always be asked for proof of their age.

What is meant by tobacco, tobacco products and nicotine inhaling products?

'Tobacco' is defined as including cigarettes, any product containing tobacco for oral or nasal use (for example, snuff) and smoking mixtures used as a substitute for tobacco (for example, herbal cigarettes). 'Cigarettes' include cut tobacco rolled up in paper, tobacco leaf and other material in a form that is capable of being immediately used for smoking.

A 'tobacco product' is defined as "a product consisting wholly or partly of tobacco and intended to be smoked, sniffed, sucked or chewed".

A 'nicotine inhaling product' means a nicotine inhaling device (used to inhale nicotine through a mouth piece), nicotine cartridge (contains nicotine and forms part of a nicotine inhaling device) or nicotine refill substance (generally known as e-liquid). Nicotine inhaling devices are commonly referred to as 'e-cigarettes' or 'vapes' and the law covers both disposable and rechargeable types.

Age restriction on the sale of tobacco products

The law states that it is an offence for any person to sell any tobacco products (including cigarette papers) to a person under 18, whether or not it was for their own use. This is a strict liability offence, which means the owner of the business can be held responsible as well as the member of staff who made the sale. If you are charged with this offence, you have the defence that you took all reasonable precautions and exercised all due diligence to avoid committing the offence. This is commonly known as the 'due diligence' defence. The **'Keeping within the law'** section of this guide includes steps that can be taken to provide a 'due diligence' defence.

You must display a notice that states:

IT IS ILLEGAL TO SELL TOBACCO PRODUCTS TO ANYONE UNDER THE AGE OF 18

The notice must be displayed in a prominent position and be easily visible at the point of sale. The notice must be no less than 297 mm x 420 mm (A3) and the characters must be no less than 36 mm in height. Your local trading standards service or your tobacco supplier may be able to provide a notice for you to use. It is an offence if you do not have the required notice on display, although the 'due diligence' defence is available to you.

Age restriction on the sale of nicotine inhaling products

A person who sells a nicotine inhaling product to someone under 18 commits an offence. This is a strict liability offence; the owner of the business can be held responsible as well as the member of staff who made the sale.

There is an exception for nicotine inhaling products that are licensed as medicines or medical devices. This exemption only applies to the extent to which the product is authorised.

If you sell e-cigarettes and associated devices you might want to display a poster advising customers that you will not sell to under-18s:

If I sell e-cigarettes or nicotine refills to people under 18 TRADING STANDARDS WILL PROSECUTE ME

Note: unlike the tobacco poster, this is not a legal requirement and is simply suggested wording.

Disposable, single-use nicotine inhaling products - generally referred to as 'disposable vapes' - are increasingly popular with children, largely due to their bright colours, appealing flavours and price. You and your staff should be alert to attempts by children to buy these products and take extra care to avoid underage sales.

Additional guidance for pharmacies (and other retailers that have not traditionally sold age-restricted products) has been produced by the Department of Health and Social Care (which was known simply as the Department of Health at the time), the Medicines and Healthcare products Regulatory Agency and the Chartered Trading Standards Institute.

Age of the person making the sale

If you employ children in your business, it is not illegal for them to sell tobacco products, provided of course that the customer is not under 18. However, leaving unsupervised children selling tobacco is not recommended as they may find it difficult to refuse customers in their own age group.

Persistent sales to under-18s

If you are convicted of selling tobacco or nicotine inhaling products to persons under 18, and at least two other offences occurred in the preceding two years relating to the same premises, trading standards can make an application to a Magistrates' Court for a restricted premises order and/or a restricted sales order.

A restricted premises order prohibits the sale from the premises of any tobacco, cigarette papers or nicotine inhaling products to any person, by you or any of your staff for a period of up to one year. You are entitled to make representations to the court as to why they should not grant the order.

A restricted sales order prohibits a specified person who has been convicted of a tobacco or nicotine offence from selling any tobacco, cigarette papers or nicotine inhaling products to any person and from having any management function related to the sale of tobacco, cigarette papers or nicotine inhaling products for a period of up to one year.

Offences are committed if a person sells tobacco, cigarette papers or nicotine inhaling products when a restricted premises order is in place or if a person fails to comply with a restricted sales order.

Proxy purchase of tobacco and nicotine inhaling products

An adult who buys or attempts to buy tobacco, cigarette papers or nicotine inhaling products on behalf of someone under 18 commits an offence. This is called 'proxy purchasing'.

It is the buyer and not the trader who commits an offence under these circumstances. However, be aware of young people loitering outside your premises; they may ask adult customers to buy tobacco, cigarette papers or nicotine inhaling products for them. It is advisable to refuse such sales.

Is it legal to sell single cigarettes?

No. A packet of cigarettes must contain a minimum of 20 cigarettes. It is an offence to sell cigarettes to any person other than in their original package. This means you must not split a pack and sell in lesser quantities.

Can tobacco be sold from vending machines?

No. Under the Protection from Tobacco (Sales from Vending Machines) (England) Regulations 2010, the sale of tobacco from an automatic vending machine is prohibited. If a sale takes place, the person who controls, or is concerned with the management of the premises where the automatic vending machine is located, commits the offence.

Any machines still on the premises can only be used for storage where the public do not have access to them (such as behind the bar) and must not display any advertising material.

Display and price marking of tobacco products

Under the Tobacco Advertising and Promotion (Display) (England) Regulations 2010, you are required to cover your display of tobacco products. It is an offence to display tobacco products unless a specific request to purchase tobacco has been made to you by a person aged 18 or over.

It is not an offence to display tobacco-related accessories such as cigarette papers.

If you are charged with an offence where a requested display was to a person under 18, you have the defence that you believed the person was 18 or over and you had taken all reasonable steps to establish their age or from their appearance no-one could reasonably have suspected that the person was under 18. Taking 'all reasonable steps' means asking the person for evidence of their age and the evidence would convince a reasonable person. If you are charged with an offence of causing the display of a tobacco product, you have the defence available that you exercised all due diligence to avoid committing the offence.

There are also strict requirements relating to the manner in which tobacco products are price-marked, as set out in the Tobacco Advertising and Promotion (Display of Prices) (England) Regulations 2010; there are only three forms of lists and labels that are allowed (see paragraphs 49-62 of the detailed guidance linked to below).

There are specific rules for bulk and specialist tobacconists (see paragraphs 38-39 and 60-62 of the detailed guidance).

Detailed guidance has been produced by the Department of Health and Social Care (DHSC, which was known simply as the Department of Health at the time) and the Chartered Trading Standards Institute to assist you in compliance.

A Q&A document from DHSC and CTSI is also available.

Cigarette lighter refills

Under the Cigarette Lighter Refill (Safety) Regulations 1999 it is an offence to supply any cigarette lighter refill canisters containing butane to anyone under 18. This is because of the potential for abuse by 'sniffing' the gas, which can be extremely dangerous. See 'Cigarette lighter refills' for further details.

Matches and lighters

It is not illegal to sell matches or lighters to children. However, it is recommended that you do not sell these items to children, who are unlikely to have a legitimate use for them.

Defences

If you are charged with any of the offences detailed above, you have the defence that you took all reasonable precautions and exercised all due diligence to avoid committing the offence. For age-restricted products such as tobacco this generally means that you believed the person was aged 18 or over and you had taken all reasonable steps to establish their age or that from their appearance no-one could reasonably have suspected that the person was under 18. Taking 'all reasonable steps' means asking the person for evidence of their age and that the evidence would convince a reasonable person.

Keeping within the law

In order to keep within the law and therefore satisfy the legal defences, you should introduce an age verification policy and have effective systems to prevent sales and display to under-18s. These systems should be regularly monitored and updated as necessary to identify and put right any problems or weaknesses, and to keep pace with any advances in technology.

Key best practice features of an effective system include the following.

Age verification checks

Always ask young people to produce proof of their age. The Chartered Trading Standards Institute, the Home Office and the National Police Chiefs' Council support the UK's national Proof of Age Standards Scheme (PASS), which includes a number of card issuers. You can be confident that a card issued under the scheme and bearing the PASS hologram is an acceptable proof of age.

A passport or UK photocard driving licence is also acceptable but make sure that the card matches the person using it and the date of birth shows they are 18 or over. Military identification cards can be used as proof of age but, as with other forms of identification, make sure that the photo matches the person presenting the card and check the date of birth. Be aware that military identification cards can be held by 16 and 17-year-old service people.

You do not have to accept all of the above forms of identification and it may be best to exclude any type of document that your staff are not familiar with.

Some young people may present false identification cards so it is advisable to also check the look and feel of a card. For example, the PASS hologram should be an integral part of a PASS card and not an add-on.

If the person cannot prove that they are at least the minimum legal age - or if you are in any doubt - the sale should be refused.

Please see the Home Office False ID Guidance for more information.

Operate a Challenge 21 or Challenge 25 policy

This means that if the person appears to be under 21 or 25, they will be asked to verify that they are 18 or over by showing valid proof of age.

Staff training

Make sure your staff are properly trained. They should know which products are age restricted, what the age restriction is and the action they must take if they believe a person under 18 is attempting to buy. It is important that you can prove your staff have understood what is required of them under the legislation. This can be done by keeping a record of the training and asking the member of staff to sign to say that they have understood it. These records should then be checked and signed on a regular basis by management or the owner.

Maintain a refusals log

All refusals of tobacco and tobacco products should be recorded (date, time, incident, description of potential buyer). Maintaining a refusals log will help to demonstrate that you actively refuse sales and have an effective system in place. Logs should be checked by the manager / owner to ensure that all members of staff are using them.

A specimen refusals log is attached.

Some tills have a refusals system built in. If using a till-based system, you should ensure that refusals can be retrieved at a later date. You should also be aware that some refusals are made before a product is scanned.

Till prompts

If you possess an EPoS system then it may be possible to use it to remind staff of age restrictions via a prompt. Alternatively, stickers can be used over certain product barcodes.

You should note that till prompts will not help you prevent offences under the Tobacco Advertising and Promotion (Display) (England) Regulations 2010 as the scan and prompt takes place after the display has been made.

Signage

You must display the legally required tobacco notice (see 'Age restriction on the sale of tobacco products' above). It is not a legal requirement but you can, if you wish, display a poster advising customers that you will not sell e-cigarettes or nicotine refills to under-18s (see 'Age restriction on the sale of nicotine inhaling products' above). These should deter potential purchasers and act as reminders to staff.

Closed circuit television (CCTV)

A CCTV system may act as a deterrent and reduce the number of incidents of underage sales.

Online sales

If you sell by distance means, such as online or via a catalogue, you should set up an effective system capable of verifying the age of potential purchasers. Please see 'Online sales of age-restricted products' for more information.

Packaging, labelling, advertising and tracking

For information on the requirements regarding packaging etc, see 'Tobacco etc: packaging, labelling, advertising and tracking'.

Trading standards

For more information on the work of trading standards services - and the possible consequences of not abiding by the law - please see 'Trading standards: powers, enforcement and penalties'.

Date: 11th January 2023

Dear Mr Kisa

Southgate Food Centre, 30-32 Chase Side, London, N14 5PA - LN/200500346

I write to you as the Premises Licence Holder of Southgate Food Centre, 30-32 Chase Side, London, N14 5PA.

Enfield Council's Trading Standards and Licensing Enforcement Teams have received complaints about youngsters purchasing Nitrous Oxide (laughing gas) from premises on Chase Side. It is alleged that these youngsters then remain in the area inhaling the gas causing anti-social behaviour and leaving the empty containers in the street.

Trading Standards Officers visited premises in the area last year to ensure that businesses are aware that it is illegal to sell Nitrous Oxide for human consumption and that it is also illegal to sell it to anyone under the age of 18 years.

Your premises was one of those visited and Nitrous Oxide was found at the premises.

In order to help tackle the problem of anti-social behaviour in your area the Licensing Authority requests that, as a responsible retailer, you cease selling all Nitrous Oxide and amend your premises licence conditions to reflect this.

Attached is a document showing suggested amendments and additions to the licence conditions. If you agree to apply for a minor variation, please submit the application by Friday 27th January 2023.

Sarah Cary **Executive Director Place Enfield Council** Civic Centre, Silver Street Enfield EN1 3XY

www.enfield.gov.uk

(?) If you need this document in another language or format contact the service using the details above.

A minor variation application can be downloaded via: https://www.enfield.gov.uk/services/business-and-licensing/premises-licence-and-club-premises-certificate

The cost of a minor variation is £89.

Please send the completed application and accompanying documents to licensing@enfield.gov.uk

If you have any queries about the enclosed list of conditions or are unable to apply for a minor variation within the time frame given, please contact me via email: charlotte.palmer@enfield.gov.uk

Yours sincerely

Charlotte Palmer
Senior Licensing Enforcement Officer

Enfield Council has launched a series of 14 e-newsletters covering a range of topics that provide residents with more frequent Council news and service updates. More than 40,000 people have already signed up, make sure you're one of them. You can register at www.enfield.gov.uk/enewsletters

Southgate Food Centre, 30-32 Chase Side, London, N14 5PA LN/200501160

Current Licence Conditions

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. All staff shall receive induction and refresher training (at least every three months) relating to the sale of alcohol.
- 3. All training relating to the sale of alcohol shall be documented and records kept at the premises. These records shall be made available to the Police and /or Local Authority upon request and shall be kept for at least one year.
- 4. A Premises Licence summary shall be displayed at each public entrance to the premises.

Remove – this is already a legal requirement.

- 5. A CCTV system shall be installed, operated and maintained at the premises. CCTV cameras shall monitor all alcohol display areas, the front entrance door and the outside of the premises and the recordings shall be to the agreed image standard. The medium on which the images are recorded shall be clearly identifiable, securely stored and retained for not less than 31-days. Recordings shall be made available to authorised officers on request. The system shall be compliant with the Data Protection Act.
- 6. Known trouble-makers shall be barred from the premises.
- 7. Fire, safety and emergency equipment and procedures shall be operated and maintained at the premises.

Remove – this is covered by other legislation.

8. Deliveries shall only be accepted at the premises during the daytime.

Amend to:

Deliveries shall only be accepted at the premises between 7am and 7pm.

9. The current local authority, or similar, proof-of-age scheme shall be operated at the premises and the relevant literature shall be displayed.

Amend to: A 'Think 25' proof of age scheme shall be operated, and relevant material shall be displayed at the premises.

10. The rear door of the premises shall be secured and alarmed.

Remove

- 11. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.
- 12. There shall be displayed on the exit doors a sign stating, "you are entering a drinking control area and no open alcoholic drinks are to be taken off the premises".

Amend to: Signs shall be prominently displayed on the exit doors advising customers that the premises is in a Public Space Protection Order Area (or similar) and that alcohol should not be taken out of the licensed area to be consumed in the street. These notices shall be positioned at eye level and in a location where they can be read by those leaving the premises.

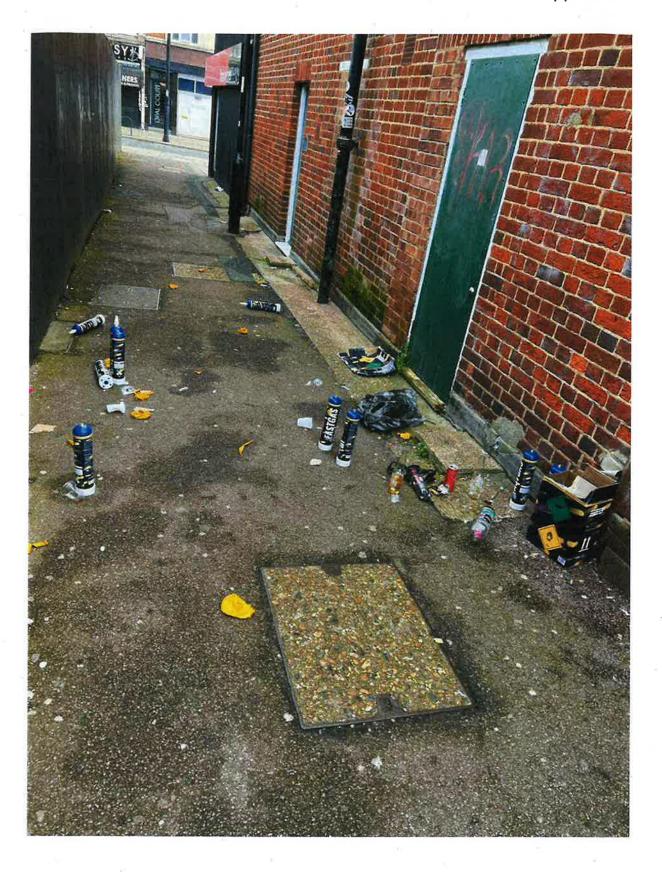

13. Unaccompanied children under 14 shall not be allowed to enter or remain on the premises between the hours of 21:00 and 06:00.

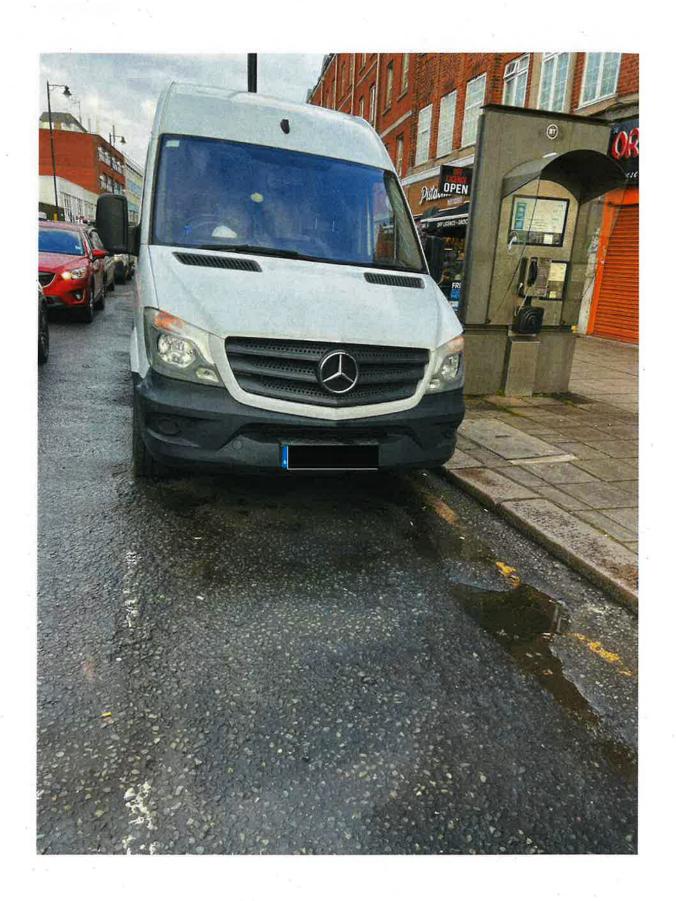

Add:

- No Nitrous oxide (laughing gas) shall be stored or sold to consumers.
- A record of refused sales shall be kept on the premises and completed when necessary. This record shall contain the date and time of the refusal, a description of the customer, the name of the staff member who refused the sale, and the reason the sale was refused. This record shall be made available to Police and/or the Local Authority upon request of within 48 hours for any online training and shall be kept for at least one year from the date of the last entry.
- The Designated Premises Supervisor shall regularly check the refusals system to ensure it is being consistently used by all staff.
- Only the Premises Licence Holder or Designated Premises Supervisor shall purchase alcohol and / or tobacco stock.
- Alcohol and tobacco stock shall only be purchased from registered wholesalers.
- The premises licence holder shall ensure that all receipts for goods bought are kept together in a file or folder as evidence that they have been brought into the UK through legal channels. Receipts shall show the following details: (1) Seller's name and address; (2) Seller's company details, if applicable; (3) Seller's VAT details, if applicable. Copies of these documents shall be retained for no less than 12 months and shall be made

available to police or authorised officers of the council on request within five working days of the request. The most recent three months' worth of receipts shall be kept on the premises and made available to the police or authorised officers of the council on request.

- All tobacco products which are not on the tobacco display shall be stored in a container clearly marked 'Tobacco Stock'. This container shall be kept within the storeroom or behind the sales counter.
- Tobacco products shall only be taken from the tobacco display behind the sales counter in order to make a sale.

ADDITIONAL INFORMATION

Name and address of premises: Southgate Food Centre

30-32 Chase Side, Southgate, N14 5PA

Type of Application: Review of Premises Licence

Detailed below is information not previously included in the review application submitted on 31/05/2023:

31/05/23 – 11:30 – 11:45 - Senior Licensing Enforcement Officer (CPX) entered premises, delivered review application and put review notice up outside the premises. They then checked the outstanding licence conditions. The following were still not compliant:

Condition 2 and 3 – Training records were not available, so no evidence training had been carried out.

Condition 4 – Part B of the licence was not on display.

Conditions 5 – CCTV monitor was still not working so unable to check CCTV. The PLH/DPS still had not updated his home address details with the Licensing Team. The officer looked behind the counter and did not see any nitrous oxide.

See Appendix 11.

Officer attempted to email a copy of the review to the PLH but it could not be delivered as their mailbox was full even when the officer attempted to send it in two parts.

06/06/23 – Premises Licence Holder contacted the Licensing Team and changed his home address to: 32A Chase Side, London, N14 5PA

13/06/23 – Council Tax checks carried out. Baris Kisa is not registered at this address, nor has he been registered at this address previously.

The Licensing Authority requests that the Premises Licence Holder provide a formal document proving that he is registered as living at this address.

22/06/23 – Complaint from member of the public alleging this premises sells nitrous oxide and balloons to those under the age of 18 years.

30/06/23 – 23:18 – 00:13 Out of Hours Licensing Enforcement Officers (EB/DD) carried out observations of the premises. One white van seen outside premises. Could not see inside the van. No one seen going to the van during observations. No nitrous oxide cannisters seen in the street outside premises at this time.

Re: Southgate Food Centre, 30-32 Chase Side, LONDON, N14 5PA

Dear Sir / Madam,

I am writing to you to support the review of the licence of the above premises and believe that their licence should be revoked for the reasons I state below.

<u>Prevent Crime and Disorder</u> – the premises has been seen by residents selling nitrous oxide for improper use and consumption which is not only illegal but creates disorder due to its psychoactive effects and a change in behaviour of those who consume it.

<u>Prevention of public nuisance</u> – From the sale of the nitrous oxide by this premises, nitrous oxide canisters are littered on the surrounding pavement of the store. Furthermore, there are sacks dumped at the front of their store constantly – it would not take a genius to conclude that they are flytipping their waste.

<u>Prevention of harm</u> – selling of nitrous oxide to consume which can have a devastating impact on one's health.

<u>Protection of children of harm</u> – making nitrous oxide gas readily available to those who wish to use it improperly, including those under 18.

Please take the above into consideration.

Kind regards,

Cllr Elisa Morreale
The Conservative Party
Southgate Ward

Annex E

Proposed Conditions Arising From the Application

Annex 1 - Mandatory Conditions

The Mandatory Conditions are attached and form part of the Operating Schedule of your licence/certificate. You must ensure that the operation of the licensed premises complies with the attached Mandatory Conditions as well as the Conditions in Annex 2 and Annex 3 (if applicable). Failure to do this can lead to prosecution or review of the licence.

Annex 2 - Conditions consistent with the Operating Schedule

- 1. There shall be no adult entertainment or services, activities or matters ancillary to the use of the premises that may give rise to concern in respect of children.
- 2. All staff shall receive induction and refresher training (at least every three months) relating to the sale of alcohol.
- 3. All training relating to the sale of alcohol shall be documented and records kept at the premises. These records shall be made available to the Police and /or Local Authority upon request and shall be kept for at least one year.
- 5. A CCTV system shall be installed, operated and maintained at the premises. CCTV cameras shall monitor all alcohol display areas, the front entrance door and the outside of the premises and the recordings shall be to the agreed image standard. The medium on which the images are recorded shall be clearly identifiable, securely stored and retained for not less than 31-days. Recordings shall be made available to authorised officers on request. The system shall be compliant with the Data Protection Act.
- 6. Known troublemakers shall be barred from the premises.
- 7. The rear door of the premises shall be secured and alarmed.
- 8. A prominent, clear and legible notice shall be displayed at the exit requesting the public to respect the needs of local residents and to leave the premises and the area quietly.
- 9. Unaccompanied children under 14 shall not be allowed to enter or remain on the premises between the hours of 21:00 and 06:00.

THE FOLLOWING CONDITIONS ARE PROPOSED BY THE LICENSING AUTHORITY, NOT AGREED BY APPLICANT:

10. Deliveries shall only be accepted at the premises between 7am and 7pm.

- 11. A 'Think 25' proof of age scheme shall be operated, and relevant material shall be displayed at the premises.
- 12. Signs shall be prominently displayed on the exit doors advising customers that the premises is in a Public Space Protection Order Area (or similar) and that they should not consume alcohol in the street if requested to stop by an authorised person. These notices shall be positioned at eye level and in a location where they can be read by those leaving the premises.
- 13. Nitrous oxide (laughing gas) shall not be stored or sold to consumers from the premises, or any vehicles or storerooms associated with the premises.
- 14. A record of refused sales shall be kept on the premises and completed when necessary. This record shall contain the date and time of the refusal, a description of the customer, the name of the staff member who refused the sale, and the reason the sale was refused. This record shall be made available to Police and/or the Local Authority upon request of within 48 hours for any online training and shall be kept for at least one year from the date of the last entry.
