APOLOGIES:

Bradley Few (MOPAC), Patricia Jackson (Jubilee, Ponders End), Askin Erozkal (PEP Member) and Vicky Dungate (Enfield Racial Equality Council)

24. WELCOME AND INTRODUCTIONS

All the attendees were welcomed to the meeting.

The Chair explained that Item 6 (Body Worn Cameras) would be deferred to the next meeting and that a presentation on Hate Crime would be given instead.

25. APOLOGIES FOR ABSENCE

Apologises for absence were received from Bradley Few (MOPAC), Patricia Jackson (Jubilee CAPE), Askin Erozkal (PEP Member) Parent Championand Vicky Dungate (Enfield Racial Equality Council).

26. CHAIR'S FEEDBACK

The Executive Committee had not had the opportunity to meet since the last meeting of the Safer Neighbourhood Board.

A revised map of the ward restructuring was circulated to members after the meeting and is attached to the minutes.

Tim attended a conference at New Scotland Yard of the challenge of policing Faith and LGBT communities in London. No real solutions were found but it brought to light the fine line Police have to tread.

Sheila Stacey informed attendees that she is creating an up to date list of all CAPE Chairs in the borough. She requested that CAPE Chairs who do not have an email address nominate someone to receive email updates on their behalf.

SAFER NEIGHBOURHOOD BOARD - 21.7.2016

27. MINUTES OF THE PREVIOUS MEETING

A correction was made on Item 18. The correct target strength for police officers is 544.

The minutes of the previous meeting were approved.

28. EXAMINATION OF CRIME STATISTICS

Superintendent, Carl Robison and SNT Inspector, Tony Molloy provided an update on the current police operations.

From 2012 to 2016 the Police have been focusing on the MOPAC 7 Challenge to reduce 7 neighbourhood crimes 20% across all London boroughs. The MOPAC 7 is as follows:

- Burglary
- Criminal Damage
- Robbery
- Theft from a motor vehicle
- Theft from a person
- Theft of a motor vehicle
- Violence with Injury

Overall, Enfield achieved a 16% reduction of crime during the MOPAC 7 Challenge.

There is a focus on child sexual exploitation with 2 dedicated officers working in the borough. Figures show an increase in these kinds of crimes in the borough. This is believed to be because more people feel confident in reporting the crimes, not that more crimes of this nature are taking place.

Domestic abuse is always a priority for the police. An officers role can be time consuming in domestic violence incidents as it involves victim support, collecting evidence and attending court.

Approximately, there will be 45/50 people missing in Enfield at any one time. These cases are ranked by: high risk, medium risk and low risk. The amount of time an officer spends on the case is dependent of the risk.

Theft from person has seen an increased in the borough. Elderly people in super markets are being targeted. The police are working closely with supermarkets in the borough to raise awareness to increase prevention.

Public confidence in the police is at 57%. Police processes and procedures are good. Officers are participating in more community engagement. The police website is being re-designed and there is a digital lead who is aiming to improve the electronic options to report crimes online.

Carl is currently the professional standards champion that reviews all complaints made against the police in Enfield.

SAFER NEIGHBOURHOOD BOARD - 21.7.2016

All officers receive training on Stop and Search to ensure they are equipped to deal with the situation and understand fully their powers. There has been an increased intelligence based approach to Stop and Search.

There are a minimum of four officers who are trained in using a taser on duty per shift. Not all officers are trained to use a taser as it can be expensive and extensive to keep all officers training up to date. The taser is mostly used as a deterrent and is only used as a last resort. Officers work in pairs when they have the taser to ensure they are safe and the taser is being used correctly.

The following questions were taken:

Q) The Mayor of London suggested that each ward will gain an extra police officer, is this true?

A) The Commissioner, Sir Bernard Hogan-Howe, and the Mayor of London, Sadiq Khan, have agreed to introduce a second dedicated ward officer (DWO) in every London ward by the end of 2017.

We will move 260 officers into these roles by the end of this year, and all 629 wards will have two of these dedicated ward officers by the end of 2017.

This is an increase of over 500 dedicated ward officers who are named, dedicated and ring-fenced officers at ward level, with a sole focus on responding to the issues that matter to that local community.

In Enfield, 54 Police Now Graduate Officers will be joining the team. These officers have a 2 year commitment to the borough and will be in Southgate, Highlands and Chase wards amongst others.

Q) Why was Highlands ward picked as one of the wards to receive an extra police officer?

A) Due to the higher number of mental health access points in this ward such as Chase Farm.

Q) Has burglary to business gone down?

A) A number of bookmarkers in the borough have been burgled and a number of arrests have been made. Betwatch was created to encourage other bookmakers to share their best practise and raise any concerns they made have. There has been a 24% reduction overall in burglaries compared to the baseline data.

Q) Has there been an increase in ASB due to the nights staying lighter longer?

A) Across London, there has been a high police presence in place to stop and reduce ASB. Many officers are working twilight shifts (12 hours) to deal with the demand over the summer period.

Q) Has there been an increase in hate crime?

A) Hate crime is defined as a crime motivated by racial, sexual or other prejudice, typically one involving violence. Since the decision was made to

SAFER NEIGHBOURHOOD BOARD - 21.7.2016

leave the European Union the reporting of hate crime has increased. Different communities have been affected differently by the decision.

Q) Will body worn cameras help the police?

A) Body worn cameras are welcomed by the police. In the new year, all front line officers will have a body worn camera. It is hoped this will reduce complaints and increase confidence from both officers and members of the public.

Concerns were raised that the Stop and Search Monitoring Group had one meeting and then those that attended never received any feedback as Stop and Search is meant to feedback into the SNB. Stop and Search is a useful tool when used wisely, however, it can alienate young people when they are routinely stopped.

29. HATE CRIME

The planned item on Body Worn Cameras was deferred until the next meeting due to changes in police roles.

Instead, the chair gave a presentation on Hate Crime which is attached to this set of minutes.

The Chair explained that hate crime is where a person or a group is victimised because of the offender's hatred of the victims:

- Race/Ethnicity
- Sexual Orientation/Sexual Identity
- Disability
- Faith/Belief

There has been no major increase or decrease in hate crime in Enfield. The Hate Crime Executive and the Case Management Panel review and monitor all reported cases of hate crime.

There are 5 third party reporting locations across the borough these are:

- Enfield LGBT Network
- Enfield Disability Action
- Enfield Racial Equality Council
- One to One Enfield
- Enfield Citizens Advice Bureau

An app is being created which would allow victims to report hate crimes on their phone is being promoted.

Hate crimes on social media and mobile phones are difficult to investigate as the providers should be taking responsibility. The police only get involved with high priority cases when the information provider needs support.

All hate crimes should be reported to 101. Victims should report the situations as soon as they happen.

SAFER NEIGHBOURHOOD BOARD - 21.7.2016

30. TARGET ESTABLISHMENT

The current target strength for police officers is 555. The current actual number is 523.

The 5 crime management officers who used to work specifically for Enfield are now part of a central unit. 16 new officers will be part funded by Enfield Council and the police. They will still be police officers but they will have joint tasking depending on the need of the local authority. 10 of these officers will work on estates and 6 will focus on problem solving.

31. UPDATE ON CURRENT POLICE OPERATIONS

Superintendent, Carl Robinson, provided an update on current police operations.

<u>Public Order Events</u> – this will last for one week around the schools in the boroughs end of term. Locations which have previously been an issue have got dispersal zones in place

The suspect who stole are car containing two children has been tracked down, charged and sent to court. He has been charged with child abduction.

From 1st August 2016 to 4th September 2016, the Custody office at Edmonton will be suspended and all staff will be based at Wood Green. No decision has been made about whether the Edmonton custody office will close permanently. The board expressed concerns they had about how long police officers would spend out of borough to travelling to the station which is further away from Enfield.

The Board requested to be kept informed of the future plans for Edmonton Custody Suite.

32. UPDATE ON SNB FUNDING APPLICATIONS

Information was provided on the successful bids from last year's funding.

One bid out of three was accepted by MOPAC this year.

The Chair will be writing to MOPAC to explain that there are concerns that the bids the SNB felt were relevant to the borough were rejected.

33. ANY OTHER BUSINESS

The following questions and comments were raised during any other business:

• Territorial Support Group (TSG) is not called to Enfield often. The TSG are there to deal with public disorder and are taser trained. Other

SAFER NEIGHBOURHOOD BOARD - 21.7.2016

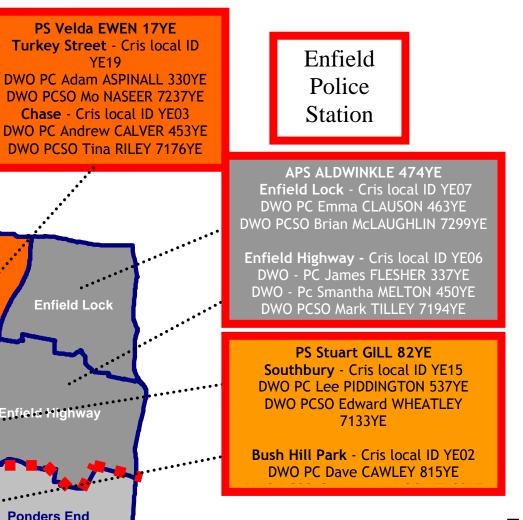

London boroughs such as Hackney and Tower Hamlets have a greater need for their support at the present time. The TSG are sent to places with the highest risk. London Boroughs can bid to have the TSG on a daily basis.

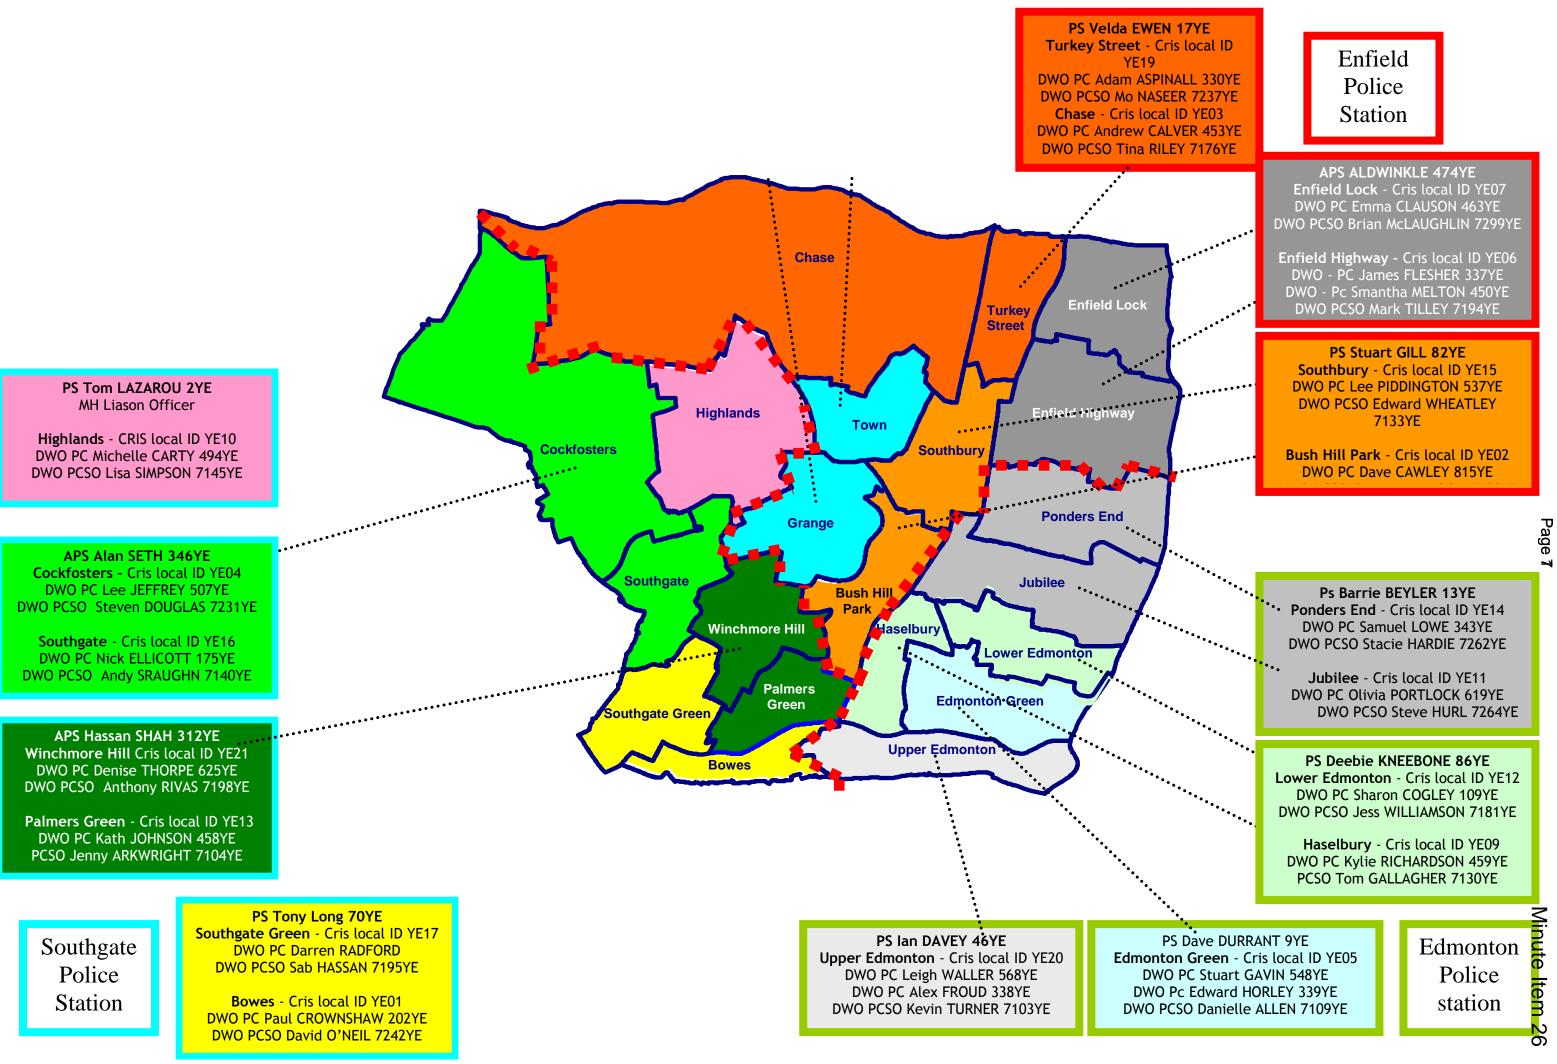

- Speeding on the A10 is an on-going issue. New ways to deter people from speeding are being looked into. An increasing number of people are being charged with driving recklessly along this road.
- The police were thanked for the way they handled a fight between Oasis School students. It was said the way the police dealt with the situation helped them gain the students respect.
- Currently, 24 bikes in the borough for the police to use. These bikes are in the process of getting serviced and training is being provided to officers. Over the next 2 months it is hoped to see more police on bikes.
- Many Wards now have a new police Sergeant. Ward CAPE's will not be forced to merge, although if they want to they have the option too.
- On Friday 12 August there will be an open day at Edmonton Police Station. All Met resources will be there to show what they can do and their skills sets. The open day will start at 10am and finish at 4pm.

34. DATES OF FUTURE MEETINGS

To note the date of future meetings of the SNB being held at the civic centre:

- Wednesday 2 November 2016, 7pm
- Thursday 5 February 2016, 7pm
- Wednesday 5 April 2016, 7pm

Why report incidents?

By reporting incidents the service providers will be able to understand the problems better and we will be able to direct services where they are needed

All hate crime incidents will be taken seriously, always report incidents regardless of how small or big you access the situation to be.

Tackling Hate Crime

All reported hate crime incidents in Enfield are supported by the monthly Casework Management Panel. Cases that are deemed priority will be discussed with partners to ensure a multi agency response is provided

The Enfield Hate Crime Forum meets 3 times a year and members of the public are welcome to attend. Details of the date and venue will be published before the event.

Tackling Hate Crime in Enfield

The Enfield Hate Crime Forum is committed to bringing perpetrators of Hate Crime to justice and to offer suitable support to victims of hate crime.

Choose Crime Type TNO

Note: Hate crimes are offences which are flagged as having a hate element when recorded by police. A crime can have more than one hate flag attached to it. For example, an assault could have both a homophobic and disability element. This crime would be included in the homophobic offence count as well as in the disability offence count. Therefore, adding up all the hate crime categories may result in multiple counting of a single offence.

"Allegations are an interpretation of officer/staff behaviour at the incident. Officer/staff allegation measure counts the total allegations against each officer/staff involved (for example one complainant could make one allegation involving two different officers. This would be counted as two officer allegations)"

				 become the CAT youth wing, (target going into 2016 will be to produce 3 CAT peer mentors by end of 2015) The CAT plan to end 2016 with 18 CAT peer mentors, as each CAT peer mentor is focussed also with attracting 2 members to join the team over 12 months. The CAT peer mentors will then go on work with young people at risk themselves to provide support and advice and to help divert them from criminal activity. LYRC will help with CV construction and work with local employers in achieving positive outcomes 	confirmation of starting date although all CAT contributors and mentors have been briefed and undertaken an initial training programme. The school have allowed full use of their facilities and LYRC also have a film company who will be offering acting and vocal training to participants Queens Park Rangers FC have agreed to fully support the programme, offering incentives to all CAT members, including tickets to games, engaging with first team players, coaching facilities and more. LYRC will not be drawing down any further funding until the CAT initiative is fully operational.

			5.	For Qtr. 1 we have had 4
				young people volunteer with
				other provisions that we run.
				These young people are at
				risk of criminal activity or
				joining a gang. They are
				being mentored as part of
				our volunteering programme
				and are being challenged on
				negative behaviours. They

					are also growing in confidence and developing transferable skills that they can use later on in life.
St Giles SOS+LIVE	31/5/2016	£4,000	17/6/2016	 To explore the young peoples' attitudes to knife crime and to link this with the fear of crime, territoriality and gangs To understand that carrying a knife decreases your actual protection but increases your perceived protection Feedback forms are completed by pupils and staff for each session. These forms relate to increased understanding and knowledge as well as changes in attitude and thinking We will monitor the number of sessions delivered; the SNB will monitor this and will be able to request feedback from the head teachers or school SEN leads in addition to feedback reports on the sessions.
