

MINIUTES OF THE MEETING OF THE WINCHMORE HILL WARD FORUM HELD ON TUESDAY, 4TH OCTOBER, 2016

Winchmore Hill WARD FORUM 6 October 2016

Present: Cllr. Dinah Barry, Cllr. Elaine Hayward
Apologies: Cllr. Ertan Hurer, Cllr. Bambos Charalambous
Notes: DB

19. POLICE

PC Denise Thorpe and PCSO Antonio Rivas gave a report covering the last three months.

- **Burglaries and car crime** (theft of and from vehicles): have increased a little. The worst affected area continues to be the roads between Hoppers Road and Broadwalk. The clocks are going back soon and nights are longer. October and November are the peak times for Burglary. RESIDENTS ARE ADVISED TO MAKE SURE ALL WINDOWS AND DOORS ARE LOCKED AND TO LEAVE LIGHTS ON OR USE TIMER LIGHTS IF THEY ARE GOING TO BE OUT WHEN IT IS DARK.
- **ASB in Sainsburys carpark continues to be a problem.** (One resident said that it had been ongoing for 25 years.) Sainsbury's do not lock they gate to the carpark. *(The Planning Inspectorate -who overturned the Council's decision to refuse planning- did not include a condition to enforce this. DB)* Residents are advised to report the 'boy racers' here (and in other affected areas, e.g. Caversham Avenue and Old Park Road) on 101. Residents would like the gates to be locked - Sainsbury's employees and emergency services would have keys. Alternatively or in addition, traffic calming measures could help without being a nuisance to shoppers. *(There have been three different managers in the last year. Some progress seemed to be being made with the first, and the current manager agreed to meet with residents. However, he has not replied to emails to set a date. Cllr. Anderson (Cabinet member for the Environment) has now asked his officers to help. DB)*
- **People loitering in the alley** behind Alderman's Hill between Grovelands and Old Park Roads have ceased since schools have reopened.
- **A resident reported seeing a roofer throwing building materials such as tiles from a roof into a truck pulled up over the footpath.** *(Dinah Barry reported something similar in the summer.)* *If anyone sees this happening, take the registration number and any other identification from the truck, and the address of the property involved and phone 101. You can also report it to the council or ask a councillor to do this for you.*
- *Residents also commented on large lorries driving down Old Park Road. It was advised that their company details etc be noted and, along with the time of the incident, reported by phoning 101. Residents can also report it to the council or ask a councillor to do this for you.*
- We are reminded that although the focus of the report is on crime **Winchmore Hill is a low crime area.**

WINCHMORE HILL WARD FORUM - 4.10.2016

20. FAIRER FUNDING FOR ENFIELD

Tony Watts from the Over 50s Forum

- Tony reminded us that the Over 50s Forum is a large group which plays a very active part in our community.
- **The Forum is concerned that Enfield has been underfunded for many years.**
- Local Authorities receive the major part of their funding from Local Government.
- The formula used to calculate this uses out-of-date information and 'grant damping' exacerbates the problem. Both the formula and grant damping have the effect of reducing the money Enfield should receive. (This also affects our NHS grant.)
- **Enfield gets far less cash per head than many wealthier boroughs:**
 - Enfield receives government funding of £496.10 per head of population
 - Westminster gets £917.59 per person,
 - Hammersmith and Fulham receives £900
 - Kensington and Chelsea £815
- **The Forum is running a petition which has cross party support, calling on central government to:**
 - Provide a fair share of funding for Enfield using latest data, without reductions.
 - Recognise that grant damping has resulted in about £100million pounds being taken away from Enfield to help other councils
 - Acknowledge Enfield's proven needs - we are now the 12th most deprived borough in London.
- **You can find the petition online at: <https://www.change.org/p/enfield-borough-over-50s-forum-fairer-funding-for-enfield> or by writing to** Enfield Borough Over 50s Forum, Millfield House, Silver Street, London N18 1PJ, 020 8807 2076

21. REPORTS ON CURRENT COUNCIL ISSUES

- The average wait time on the phones is now reduced to 3mins.
- *Residents made the following points which councillors will follow up:*
 - *The phone message tells people that they should go online but the online system is not working well*
 - *it often sends people in circles.*
 - *booking children's sports courses is fraught with problems,*
 - *Amelia keeps sending people to pest control and is hard to understand.*

The Assistant Director of ICT has responded:

"I note the points raised by Cllr. Barry in relation to the digital platform, all of which I recognise, with the exception of the reference to Amelia. I believe this issue relates to the Customer Gateway team's web chat service which (the Assistant Director of Customer Services, Communications and Change) may be able to respond

WINCHMORE HILL WARD FORUM - 4.10.2016

to. "Over the past several weeks and, with agreement from senior management, through to the end of the year, we are delivering several remedial actions and system enhancements, aimed at improving the customer experience through the website.

"These include some key initiatives to fix the "going-around-in-circles" experience of some users. This is in part down to the requirement to create an Enfield Connected account before being able to transact on many pages. It is also in part due to having an old Enfield website alongside the new one. Other reasons include a number of similar looking pages (for example Council Tax) which can confuse users. Officers have identified a number of activities on-going to address the bulk of the issues by the end of the year including:

1. Removing the old website
2. Replacing the search engine with a Google Search engine
3. Updating the home page to make finding tasks easier, more linear (no more than three clicks wherever possible), and obvious to anyone.
4. Removing the requirement to create an Enfield Connected account BEFORE carrying out the request or transaction. This will help deliver "On Behalf Of" functionality with staff helping residents do things on-line.
5. Sensibly tidying up the number of email addresses showing on the website which allow residents, businesses and visitors to by-pass the online system altogether and just send an email.
6. Making the feedback and complaints pages easier to access, but more intelligent in terms of trying to convert complaints into requests, if this is what the person raising the matter actually wants to do.
7. Improving the amount and quality of support to front line staff on what Enfield Connected and the website in general can do (and can't do). This will be done in collaboration with the Customer Gateway team.

"Sometime in October we will be proposing setting up a Member, Officer, and Resident group of interested parties to help test and feedback on the changes proposed, particularly in relation to the design and layout of information, to make sure we take on board users suggestions, get a steer from Members and Officers, and build something that we collectively agree is better for residents, businesses and visitors. If our proposal is agreed, we will contact you to invite your input.

"On the particular matter of the Children's Sports Courses booking service, if you could provide specific details or a contact with whom we can speak, that would be really helpful, thank you." If the residents who mentioned problems with Amelia and the Sports course booking could contact a councillor we can follow this up. DB

22. TREES

Maintenance of street trees

- Skirts on Lime trees are trimmed 2 - 3 times pa.
- Other species are trimmed when an issue is identified and a register is then kept so that these trees can be routinely trimmed. If you know of a problem, please let a councillor know so that it can be dealt with and added to the register.

Care of new trees

- Throughout London Enfield has one of if not the best survival rates for newly planted trees.

WINCHMORE HILL WARD FORUM - 4.10.2016

- All trees lost will be replaced as part of this coming years planting program at no further cost to Enfield.
- We have had some very hot dry periods last year and this and more newly planted trees have died as a result. These are not removed so that the contractor can identify where to plant the replacement tree.

Groveland's woods

- Friends of Grovelands have been concerned at lack of management plan.
- A woodland management plan for the trees in the whole of Groveland's Park is proposed as part of the plans of the school.
- *Friends were keen to praise the work done by Thames 21 in the park. Most recently dealing with the misconnections which damaged the lake. They also mentioned that trees from the Woodland Trust will be arriving soon and volunteers will be needed to help with planting.*

Vehicle crossovers (VXOs)

- VXOs remove on-street parking permanently and seldom enhance the appearance of a street but the council recognises that in some cases they are necessary.
- If they are built too close to street trees they could damage the roots and destabilise the tree so the council publishes guidance on this.
- Older VXOs, built before there were any rules about this, may be closer. these trees are inspected regularly to ensure they are healthy and safe.
- Trees will only be removed for a VXO to be constructed if the tree is due for removal or there is a special need for the VXO - such as for someone who is disabled.
- Residents can offer to pay to have a tree removed but this will only be agreed if the tree has not yet established or inspection shows that it would need to be removed in a few years time.

Issues raised by Residents

- *Can branches of street trees that overhang a property be removed by a resident so that they don't drip sticky sap there.*
- *Dinah Barry will follow up. Our Senior Arboricultural officer has advised that overhanging branches can be trimmed. Once cut they must be taken onto the resident's property - not left on the highway (including the footpath). DB*

Opportunity to meet with our Senior Arboricultural officer

- *Contact Dinah Barry if you would like to be included.*

23. EXTRA POLICE

- The council has agreed a contract with the Police to fund ten extra police officers to work as an additional resource on Council Housing Estates.
- This should have a wider positive impact across Enfield as it should reduce the general prevalence of crimes in the borough.
- Our additional police officers will not replace the current neighbourhood teams.
- In addition, we have commissioned 6 more police officers to work on targeted problem solving.

WINCHMORE HILL WARD FORUM - 4.10.2016

24. MISSING CAT

- Some residents concerned that when a cat goes missing, its owners may never find out if they are lost or have been killed in a road accident.
- All pets that are found deceased on the highway or in the borough's parks are scanned for microchips.
- Attempts are then made to make contact with the registered owner to let them know.
- The animals are kept for at least two weeks to enable owners to collect their pet if they wish. If they are not collected the pets are taken to a specialist animal crematorium.
- A record is kept of all the animals that are dealt with.

25. FALL IN VACCINATION RATES

- New NHS figures show that child vaccination rates suffered their sharpest fall in a decade this year. This is the third year in which they have fallen
- The proportion of children who had received their first dose of the MMR vaccine dropped to 91.9 per cent
- We want to encourage people to contact their GP to check their family's medical records and make sure they and their loved ones are protected.
- *Residents asked if Day nurseries and Toddler Groups had been contacted about this so that they could alert parents.
Councillors have asked for information. (DB)
Response -
The Health Visiting service (HV) does remind parents at every contact about immunisations. Unless they are seeing a child for specific reasons, i.e. LAC, special needs, other parental support then they may not have contact to do this before school entry.
Although the HV service does not specifically work with nurseries, toddler groups re this, the Early Years Practitioners do have this contact and will do the same reminders.
Pre-school vaccinations are delivered by GP practices and this is largely their remit with support from the HV service for reminders at contacts.*

26. CHRISTMAS DECORATIONS

- The council's current set of lights have mostly reached the end of their usable life, and we cannot afford to completely replace them all (£200,000).
- We want to support our town centre businesses, so have set aside £50,000 to replace some of them so that town centres will still be able to attract shoppers

WINCHMORE HILL WARD FORUM - 4.10.2016

- Locally, there will be four Christmas trees – in Enfield Town, Palmers Green, Southgate Circus and Cockfosters Green.
- Any local businesses who think their areas would benefit from more extensive displays can contribute towards their cost. The council will cover the costs of fitting, testing, storing and powering the lights funded by retailers, and would keep using them in future years.
Either call 020 8379 5233, or email michael.farquharson@enfield.gov.uk by October 7,

27. WINCHMORE HILL STATION

- A new waiting room will be built further along platform one so that the old waiting room can be opened up to make access to main part of the platform safer.

28. CYCLE ENFIELD

- Work has begun on the A105 (Green Lanes) scheme and is expected to be completed in seven to eight months.
- Our contractor will work with local businesses to minimise disruption during the construction works.
- *Residents asked that no work is undertaken in the retail areas over Christmas.
Cllr. Anderson has confirmed that officers are cognisant of those factors and will ensure that this is adhered to. (DB)*
- *Residents asked for an update on the Quieter Neighbourhood schemes which are part of Cycle Enfield.
Quieter Neighbourhoods will be added to our next agenda.
Councillors have contacted officers for information and to invite officers to our next Forum if that is timely.
We have been told that:
“We are currently developing a programme to implement the quieter neighbourhood ideas that residents developed in the design workshops held during 2015. Our intention is to implement the proposals in Spring 2017 following completion of the councils normal consultation process for traffic schemes.
“Unfortunately, I am unable to give you any more information than this at the present time as the programme may change, however it is our intention to restart Fox Lane in the first batch of Quieter Neighbourhoods.
“Due to budget and time constraints new quieter neighbourhoods will follow a different procedure to the ones where designs have already been developed. i.e. Fox Lane, Fernleigh Road, Connaught Gardens.” (DB)*

29. WINCHMORE HILL LIBRARY

WINCHMORE HILL WARD FORUM - 4.10.2016

- This is closing for two weeks from the 17th of October to allow for essential work to be undertaken in advance of our partner moving into the site.
- This will give us a good opportunity to reconfigure the space and re-provide / create a lovely children's area within the main body of the library.
- Our partner is a local fitness trainer who will be offering private, semi-private and group classes.

30. THE FOX

- Hardhat who represent the developers say that :
 - The facade will be retained,
 - A pub will be retained and extensively refurbished.
 - It will offer family friendly surroundings during the day and gastro pub meals in the evening.
 - There will be housing
- The Council is keen that there is also a meeting room available for the community.
- Hardhat are keen to work with the community and to meet local groups. They have made contact with Friends of Broomfield Park and Fox Lane residents association and are getting in touch with Southgate Civic Trust.
- Details of Palmers Green ward forum where it was hoped that Hardhat would be present were given.

31. GREEN BINS CONSULTATION

- The consultation lasted 12 weeks from 10 June to 2 September
- there were a total of 3,191 responses (online or postal)
- 87% of all residents preferred Free Fortnightly collections.
- This was true for all groups of respondent:
 - AREA - Higher preference for Free Fortnightly in the less affluent (93%) compared to the more affluent areas (85%)
 - AGE - 53% of respondents were aged 55 or over. There appears to be no difference in preference for Free Fortnightly between those aged under 55 and those aged 55 or over (both 87%)
 - DISABILITY - 16% of respondents were disabled (according to Census data, 15.4% of the population are disabled). 88% of disabled residents preferred Free Fortnightly
 - PROPERTY TYPE - Regardless of property type Free Fortnightly is the preferred option. However, smaller properties showed a higher preference at 90% and detached at 78%
- The report goes to Cabinet on 19 October.

32. ENFIELD CLINICAL COMMISSION GROUP (CCG)

WINCHMORE HILL WARD FORUM - 4.10.2016

- The CCG is currently spending more than its funding allocation year on year and this needs to stop.
- The CCG is under special measures and as such it is expected to save and get back into financial balance.
- Copies of report: <http://www.enfieldccg.nhs.uk/about-us/commissioning-intentions.htm>
- Patient and public engagement events:
 - Wednesday 16 November 2016 2 - 5pm - Community House, 311 Fore Street, Edmonton, London N9 0PZ
 - Wednesday 2 March 2017 2 - 5pm Conference Room, Dugdale Centre, Thomas Hardy House, London Road

33. INITIAL RECOMMENDATIONS OF THE BOUNDARY COMMISSION RELATING TO OUR PARLIAMENTARY CONSTITUENCY

- The Boundary Commission for England (BCE) has the task of periodically reviewing all Parliamentary constituencies in England.
- Their main consideration is that each constituency must contain between 71,031 and 78,507 parliamentary electors.
- They will also consider:
 - Special geographical considerations
 - Local government boundaries,
 - Boundaries of existing constituencies,
 - Any local ties that would be broken by changes in constituencies,
- All of Enfield's constituencies are too small.
- Their initial proposal is that our constituency (Enfield Southgate) will disappear. (As will 50 others.)
- Enfield Southgate's wards will be scattered through five constituencies:
 - Bowes in Hornsey & Wood Green,
 - Cockfosters in Chipping Barnet & Mill Hill,
 - Grange in Enfield,
 - Palmers Green in Edmonton,
 - Southgate, Southgate Green and Winchmore Hill in Finchley & Southgate.
- Local government boundaries will remain - i.e. WH ward will remain part of Enfield. (This will mean that Enfield Council will need to deal with five MPs and that three MPs will be dealing with two councils.)
- These proposals will now be referred on to the Electoral Services Panel.
- An online Consultation is open till 5 December:
Five public public hearings have been arranged across London:
 - Westminster: Central Hall Westminster: Monday 17 – Tuesday 18 October 2016
 - Bromley: Bromley United Reform Church Hall – Thursday 20 – Friday 21 October 2016
 - Harrow: Kenton Hall, Woodcock Hill – Monday 24 – Tuesday 25 October 2016

WINCHMORE HILL WARD FORUM - 4.10.2016

- Kingston: The Main Guildhall – Thursday 27 – Friday 28 October 2016
- Romford: Havering Town Hall – Monday 31 October – Tuesday 1 November 2016
- Consultation: www.bce2018.org.uk.
- Residents commented that:
 - Meridian Water will increase the population considerably.
 - Other constituencies are not constrained by the same numbers. It is thought that Kensington and Chelsea will only have 62,000 electors whilst Camden will have 82,000.

34. OTHER ISSUES RAISED BY RESIDENTS

- *Councillors will ask Winchmore Hill Residents Association to advertise ward forums on their notice boards if they do not do so already. (This has been done, DB)*

35. ADDITIONAL INFORMATION

- It was not yet been possible to receive a presentation from Dander, the developers working on the **Capitol House** site. However they, are looking to hold a public exhibition and will be in touch when the details have been confirmed.

36. PRINTED INFORMATION PROVIDED

(Residents were also able to request this information in electronic form):

- Consultation: Using a Public Spaces Protection Order (PSPO) to deal with anti-social behaviour in public.
- Black History month events in Enfield
- Enfield CCG Commissioning Intentions 2017/18
- Enfield Vision Focus Day event
- Stoptober

The meeting ended at Time Not Specified.

CELEBRATE BLACK HISTORY MONTH WITH ENFIELD LIBRARIES

Throughout
October 2016
– see below for
details
FREE

Enfield Libraries will be holding Black History Month themed story sessions throughout October. Baby Rhyme Time will include themed BHM rhymes as well as some of the old favourites and Toddle Time and Under 5's Storytime and Play will include themed BHM rhymes, poems and stories.

Baby Rhyme Time
Monday 3 October,
10am-11am, Palmers
Green Library

Baby Rhyme Time
Tuesday 4 October,
11am-11.30am,
Ordnance Unity Centre

Toddle Time
Wednesday 5 October,
2.15pm-2.45pm,
Enfield Town Library

Baby Rhyme Time
Thursday 6 October,
2pm-2.30pm, Enfield
Town Library

**Under 5's Storytime
and Play**
Thursday 6 October,
2.15pm-3pm,
Ordnance Unity Centre

**Under 5's Storytime
and Play**
Friday 7 October,
10.30am-11.30am
[ticketed 30 spaces],
Enfield Town Library

**Under 5's Storytime
and Play**
Friday 7 October,
10.30am-11am
[ticketed- 30 spaces],

**Under 5's Storytime
and Play**
Friday 21 October,
10.30am-11am
[ticketed 30 spaces],
Palmers Green Library

HALF TERM
24th-28th October
– no story or rhyme
times at libraries

Baby Rhyme Time
Monday 31 October,
10am-11am, Palmers
Green Library

All library events are free of charge however, the children's story times which are listed as ticketed mean that you will need to pop to the library just before the session to pick up a ticket. Tickets are only given out 20-30 minutes beforehand.

For more information, including the full address of the venue, please see <https://new.enfield.gov.uk/services/libraries/>

BALLET BLACK'S TRIPLE BILL - FEATURING STORYVILLE

Tuesday 27 & Wednesday 28 September, 7.45pm

Tickets £16 | £14 concessions, Online £15 | £13 concessions

Ballet Black, a company of international dancers of black and Asian descent, collaborates with three bold and inventive choreographers to present an irresistible trilogy of narrative and abstract dance. As the centrepiece, Christopher Hampson's Storyville is the bittersweet fable of Nola, a farm girl who falls prey to unscrupulous characters and worldly desires, set to the haunting music of Kurt Weill.

The Company's programme, also includes two newly devised pieces; To Begin, Begin by Christopher Marney and Cristaux, a duet by Arthur Pita.

Millfield Theatre, Silver Street, Edmonton, N18 1PJ

Box office 020 8807 6680 • www.millfieldtheatre.co.uk

OMAR

Friday 30 September, 7.45pm

Tickets £21 | £20 Online

Omar Lye Fook is a musical renaissance man; a singer, songwriter, multi-instrumentalist, and music producer. Widely regarded as the father of British neo-soul but over the years he has caught the attention of artists like Erykah Badu, India Arie, Angie Stone, Stevie Wonder and more. Even Prince Charles is such a fan that he awarded Omar with an MBE.

Millfield Theatre, Silver Street, Edmonton, N18 1PJ

Box office 020 8807 6680 • www.millfieldtheatre.co.uk

BLACK HISTORY MONTH OPENING CEREMONY - BLACK STATUES IN LONDON

Saturday 1 October, 6.30pm-8pm

Free – RSVP

Enfield Council will be hosting a special evening to open this year's Black History Month celebrations. Unbeknownst to many people, London is full of black statues – statues that represent Black people. Famous and not-so-famous people have been idolised in stone and other materials around the capital. Come and hear Avril Nanton give a presentation about these fascinating, interesting, intriguing and downright strange statues, memorials and busts which contribute to the rich heritage of the Black community in London. Statues such as Nelson Mandela are well known but what about the not-so-famous statues and memorials? Where are they? Why do they have statues? These and many other questions will be answered during the presentation.

In addition, we will have music from the talented pupils of St Ignatius College and be launching our Black History Month 2016 Brochure.

Enfield Town Library, 66 Church Street, Enfield, EN2 6AX

If you wish to attend this RSVP evening, please contact Tina Uhrynowycz to check the availability of a place. Email: tina.uhrynowycz@enfield.gov.uk

BESSIE

Tuesday 4 October, 7.45pm

Tickets £5.50

Queen Latifah stars as the legendary blues singer Bessie Smith in this award-winning film. Follow Smith's transformation from a struggling young singer into "The Empress of the Blues;" – one of the most successful recording artists of the 1920s and an enduring icon to this day. Also starring Michael Kenneth Williams, Khandi Alexander, Mike Epps, Tika Sumpter. Dir. Dee Rees (2015) Running time: 112 mins (15) A Black History Month presentation by the Make It Happen Organisation.

Dugdale Centre, 39 London Road, Enfield Town, EN2 6DS
Box office 020 8807 6680 • www.dugdalecentre.co.uk

THE MAGIC OF MOTOWN

Tuesday 4 & Wednesday 5 October, 7.45pm
 Tickets £25 | £24 Online

Britain's biggest smash-hit spectacular returns to Millfield with an all-new, all-star show celebrating its 10th incredible year with more chart toppers than ever before! Featuring the music of the Four Tops, Supremes, Temptations, Jackson 5, Isley Brothers, Stevie Wonder, Marvin Gaye, Diana Ross, Lionel Richie and more. Oozing the style, sophistication and musical brilliance of these musical legends. Five-star performances, dazzling dance moves, glittering costumes and superb musicianship, will make you want to reach out and be there for the Magic of Motown.

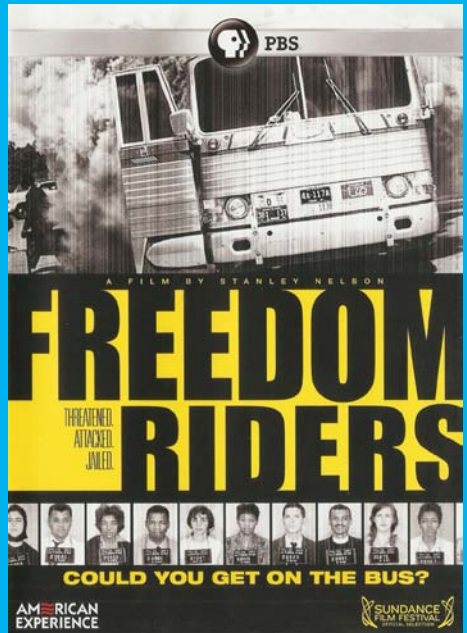

Millfield Theatre, Silver Street, Edmonton, N18 1PJ
 Box office 020 8807 6680 • www.millfieldtheatre.co.uk

FREEDOM RIDERS

Wednesday 5 October, 7.45pm
 Tickets £5.50

This powerful, harrowing and inspirational story of six months in 1961 that changed America forever. More than 400 black and white Americans risked their lives for simply traveling together on buses and trains as they journeyed through the Deep South. Deliberately violating Jim Crow laws, the Freedom Riders met with bitter racism and mob violence along the way, sorely testing their belief in nonviolent activism. Dir. Stanley Nelson (2010) Running time: 113 mins. A Black History Month presentation by the Make It Happen Organisation.

Dugdale Centre, 39 London Road, Enfield Town, EN2 6DS
 Box office 020 8807 6680 • www.dugdalecentre.co.uk

PINEAPPLE PUNCH FESTIVAL

Saturday 8 October, Day Entry 10am-7pm |
Tickets £5 Adults | £3 concessions for senior
citizens and children under 12
Evening Concert 7pm-10pm | Tickets £12

Enjoy a fun filled day packed with something
for all the family. Exhibitions, pop up Africa
market, films, face painting, DJ sessions, talks,
hair clinic, taster classes and live music form
part of this exciting new event designed to
celebrate Black History Month in Enfield.

Dugdale Centre, 39 London Road, Enfield Town, EN2 6DS

For a running order and full programme please visit www.pineapplepunch.co.uk

RUDI DRUMMING WORKSHOPS

Sunday 9 October, 11.15am, 1.15pm & 2.30pm

AN EVENING WITH NAIROBI THOMPSON

Monday 10 October, 7.45pm
Tickets £5.50

Join Nairobi as she launches her new poetry book 'Bayonets, Mangoes and Beads' about African and Caribbean contributions to WWI & WWII.

Nairobi Thompson's sold out shows always have high entertainment value. This time she has turned her attention to our beloved African and Caribbean soldiers and encapsulates their seldom talked about stories in her poetry. She will have you in stunned silence – she will have you bursting with laughter...you might even shed a tear. But most of all you will leave with exciting new knowledge about African and Caribbean contributions to history.

Forget everything you thought you knew about poetry. An interactive evening. This show is electric.

Signed Books available on the night £9.99

RACE

Tuesday 11 October, 7.45pm
Tickets £5.50

Young Jesse Owens (Stephan James) becomes a track and field sensation while attending Ohio State University in the early 1930s. Owens gains national recognition for breaking numerous records. After heated debates, the United States decides not to boycott the Olympics in Nazi Germany. Overcoming racism at home and abroad, Owens seizes the opportunity to show Berlin and the world that he's the fastest man alive. Dir. Stephen Hopkins (2016)
Running time: 134 mins (PG)

ZIGGY'S WORLD JAZZ CLUB PRESENTS JUMOKÉ FASHOLA

Friday 14 October, 7.45pm

Tickets £15 | £14 Online

Broadcaster and vocalist, Jumoké Fashola makes a welcome return to the Dugdale. Award-winning radio presenter, she has established a reputation as a powerful singer of blues and jazz with a Nigerian flavour. With a theme of life stories, she will seduce the audience with a evening of jazz ballad, blues and banter. Jumoké's music meshes her African roots with contemporary songs, as she tells her own story – expressing what it means to be a modern British-African woman and World citizen. Her electric wit and 'riffing' is a joy to behold. An outstanding performance awaits.

SWINGING AT THE COTTON CLUB

Wednesday 26 October, 7.45pm

Tickets £22 | £20 concessions

Online £21 | £19 concessions

Take a step back into 1920s & 30s New York City and through the doors of Harlem's hottest nightclub, 'The Cotton Club'!

Performances by Duke Ellington,

Louis Armstrong, Cab Calloway, Billie Holiday, Ella Fitzgerald, and Fats Waller would have had the club swinging – whilst dancers such as Bojangles Robinson and the Nicholas Brothers lit-up the stage with their breath-taking routines. The exciting dance and music of the Cotton Club is recreated for the Millfield stage by the fabulous Lindy Hop Dance Company and their special guest tapdancer, alongside The Harry Strutters Hot Rhythm Orchestra – featuring American vocalist Marlene Hill and compere/vocalist Megs Etherington. A toe-tappingly fun evening worth getting your glad rags out for!

Millfield Theatre, Silver Street, Edmonton, N18 1PJ

Box office 020 8807 6680 • www.millfieldtheatre.co.uk

THE SOUTH AFRICAN CULTURAL TALENT CHOIR

Thursday 27 October, 7.45pm

Tickets £20 | £18 concessions, Online £19 | £17 concessions

The South African Cultural Talent Choir (SATC) has some of the UK's most talented and professional South African artists. Their repertoire encompasses traditional, popular and sometimes even classical pieces; being a spiritual people some songs explore their faith. They perform acappella or with instruments; interspersed with energetic Zulu dance that always tells a story and brings much excitement to their performances. You will love these majestic voices!

BLACK HISTORY MONTH CLOSING CEREMONY - BLACK FIRSTS - A CELEBRATION OF THOSE WHO WERE THE FIRST IN THEIR FIELD IN THE UK

Saturday 29 October, 5.30pm-10pm

Tickets – In advance £15 Adult | £12 Concessions | £5 Child

On the door £20 Adult | £15 concessions, Family tickets on request

Refreshments are included in the ticket price

An evening of 'Entertainment' with a series of presentations in varying formats, including PowerPoint, songs, discussion, performance poetry and competitions. The event will focus on the achievements of black people in the UK who were the first in their fields. Among the speakers will be Sir Godfrey Palmer OBE, the first black professor in Scotland, Mrs. Helen Grant, the first black woman to be elected as a Conservative MP, and Leroy Logan, founder member of the Black Police Association.

We hope their stories will provide inspiration and insight for young black people seeking an understanding of their own identities and roles in a rapidly changing society in which race is still a major issue.

LOVERS ROCK MONOLOGUES

Monday 31 October, 7.45pm

Tickets £24 | £23 Online

Janet Kay, Carroll Thompson and Victor Romero Evans return to Millfield with their hit show, celebrating the golden years of Lover's Rock as part of a national tour presented by Punch Records for Black History Month. The Lovers Rock Monologue fuses timeless music and theatrical storytelling, giving the audience a humorous & realistic account of the Lover's Rock lifestyle. Born in London, Lovers Rock defined a generation in the late '70s and '80s and is a huge influential sub-genre of reggae. It gave women a voice in the traditionally male-dominated realm of Reggae. Lovers Rock was also an integral part of Black British identity during a politically and socially unstable time.

Enfield Commissioning Intentions 2017/18

Enfield CCG is currently spending more than its funding allocation year on year and this needs to stop. The CCG is under special measures and as such it is expected to deliver recurrent savings and efficiencies to get back into financial balance. This means that there may be very difficult decisions the CCG has to make in order to balance its book.

The CCG therefore needs to:

- a) Recover its financial position
- b) Maximise the impact of its current investment has on improving patient outcomes and delivering value for money and maximise productivity
- c) Ensure that we maximise the impact of our current contracts and that contract management is robust
- d) Work with providers to reduce unnecessary activity from elective specialties as outlined in the right care programme to reduce costs
- e) Work with the other CCGs on NCL to aim to reduce commissioner costs from the system
- f) Review and strengthen our systems and processes for assessing, approving or rejecting individual treatment requests in line with other CCGs
- g) Review its currently commissioned service to determine if any changes to eligibility criteria need to be reviewed
- h) Review its currently commissioned services to determine if any of those need to be decommissioned, subject to consultation with our public.

Enfield CCH has been undertaking a number of sessions with patients and public, local clinicians and Health and Wellbeing Board as part of developing our commissioning intentions as outlined in the audit trail above.

The following table outlines the key commissioning intentions:

Programme Area	Commissioning Objective	Commissioning Intent	Timescale
Elective Care	Approval Process for Procedures	ECCG will be reviewing the clinical criteria and referral processes for a wide range of services and where appropriate introducing new referral templates. This will include the introduction of prior approval processes for some services (e.g. Individual Funding request)	Q1
	Approval processes for Consultant to Consultant Referrals	ECCG expects providers to abide by the NCL Internally Generated Demand (IGD) Policy (for consultant to consultant referrals) and will be challenging referrals and costs related to activities in breach of this policy	Q1

	Elective Activity	ECCG will reduce the number of Outpatient First Appointments that result in discharge by risk and gain share arrangements with providers.	Q1
		ECCG will be seeking to reduce activity per 1000 population to the NCL average where appropriate for key specialities including gastro, urology, neuro, ENT, MSK (Trauma and orthopaedics and pain), general medicine and general surgery. We expect the providers to work with us on developing new models of care which better triage referrals , reduce unnecessary activity and reduces length of stay.	Q2
	Ambulatory Care	We will be working with providers to increase the number of patients going through ambulatory care across medical and surgical specialties and for all ages, with the aim of reducing non-elective admissions (where appropriate and safe) and also reducing the overall costs associated with non-elective activity.	Q2
	Improving Discharge Processes	ECCG will be seeking to work with providers to improve discharge planning across both elective and non-elective areas.	
	Right Care <ul style="list-style-type: none"> a) MSK: reduce high levels of surgical intervention b) Respiratory: reduce high levels of emergency admissions for COPD and Asthma c) Reduce higher levels of prescribing in mental health d) Reduce higher elective length of stay for some CVD patients e) Reduce higher levels of emergency admissions for cerebrovascular events f) Reduce higher levels 	ECCG gives notice to providers that outlier areas within <i>right care</i> programmes need to be addressed. The CCG is open to different routes to reduce this variation including delivery through new models of care. This will reduce surgical rates at our acute providers.	Q2

	of multiple emergency admissions and A&E attendances		
	Dermatology	The CCG will commission a tele dermatology service from RFH to support a streamlined patient journey and maximise best use of consultant time. This will reduce the level of dermatology first outpatients through contractual removal of the unnecessary capacity.	Q1
	Shared Care between General Practice and Acute Provider	ECC will commission shared care across general practice and acute providers to include methotrexate, expanding anticoagulation, and other areas identified through new pathways. This will reduce outpatient activity within our acute providers, and six months' notice is given.	Q2
	Elective Procedures	The CCG will give notice to providers that it is reviewing all processes for the assessment, approval and rejection of those procedures outlined below. The CCG needs to reduce its current high level of approval for the following areas: <ol style="list-style-type: none"> 1. Procedures of Limited Clinical Effectiveness 2. Criteria for hip & knee replacements 3. Hearing aids 4. IVF 5. Hernias 6. Haemorrhoids 7. Sterilisations 8. Homeopathy 	Q1
	Pathology	Enfield CCG is working with all other CCGs and providers to ensure standardisation of pathology costs across NCL. Notice will therefore be given to all current providers of the need to agree standard pricing and standards quality KPIs.	Q3

	Other Elective Pathways	Enfield CCG will aim to introduce pathways which streamline patient care and reduce unnecessary activity within acute providers	Q1
Cancer	Reducing Variances	ECCG will work with providers to understand variances and issues associated with the coding and activity within cancer services with a view to standardisation.	Q1
Stroke	Enhancing Stroke Pathway	Enfield CCG will work with providers to review the current stroke pathway and rehabilitation including the effectiveness of early supported discharge. Providers should expect a change to the pathway from 1 April 2017.	Q1
Neurological Conditions	Improved Community Support	ECCG wishes to explore the possibility to improve support to neuro patients, including Parkinson's, with the potential development of community neuro rehab service.	
Long Term Conditions	Integrating Service Delivery	ECCG will work with providers to develop integrated services for patients with long term conditions (including respiratory, cardiology and diabetes) where the impact can be measured with the aim of reducing secondary care activity and improving patient outcomes.	Q1
Acute Medicines Management	Reduce expenditure of high costs drugs	Enfield CCG notifies its acute providers that there are a number of changes it wishes to see: use of avastin, repatriation of specialist drugs in scope of the NHSE manual for prescribed services, and ensuring NICE compliance	Q1
Urgent and Emergency Care	Integrated Urgent Care Service	Enfield as lead commissioner will maximise the impact of the new integrated 111 and GP Out of Hours service to ensure that it delivers to its full potential, that the public are full aware of its new capabilities and that the new service contributes to system resilience by reducing patient access to A&E..	Q2
	Urgent and Emergency Care Network	Enfield CCG will continue to work with its other NCL CCGs and stakeholders to substantially contribute to the development of the Urgent and Emergency Network, its workplan and part of the STP and the designation	Q2

		process for Urgent Emergency Care facilities.	
	Frequent A&E and LAS Attenders	CCG is currently working with providers and general practices to identify patients that are frequent callers to LAS and/or attenders to A&E. Patient discussions around alternatives for care to take place to offer other options. Aim is to reduce A&E and LAS activity in acute providers where other alternatives are available	Q1
	GP See, Treat and Direct	ECCG want to maximise the impact of the pilot GP See and Direct to provide treatment and be an integral part of the Urgent Care Centre at NMUH. This aims to reduce patient flow into the urgent care centre and in to A&E at NMUH. Service evaluation will inform the way forward.	Q2
Primary Care	Cardiovascular Disease	ECCG will continue to commission services for atrial fibrillation and pre-diabetes during 2017/18 and with a view to including the identification and management of people with high blood pressure.	Q1
	Primary Care Hubs	ECCG has been reviewing its urgent care services with a view to determining how primary care hubs could offer patients additional capacity as part of developing 8-8, 7 days per week general practice. Four primary care hubs are planned to be in place.	Q3 months
	Primary Care Prescribing	The CCG would like to ensure that there are robust medication reviews in place for repeat prescribing to reduce any unnecessary wastage and simply patient concordance	
	Primary Care Delegated Commissioning	NCL CCGs will take on full delegated responsibility for the contracting and commissioning of general practice	1 months
	Advice and Guidance	ECCG wishes to expand the access to specialist advice and guidance available to GPs to improve the quality of care and reduce the number of inappropriate referrals to secondary care	1 month
Mental Health	Provision of Complex Rehabilitation for patients with severe mental health	ECCG currently spot purchases long term inpatient mental health rehabilitation from a range of	3 months

	issues	providers nationally. The CCG will commission a local service from BEHMHT to provide more local service for patients and reduce costs.	
	Provision of long term care for people with severe dementia	ECCG will commission a range of care options for patients currently in long term hospital beds within BEHMHT to include home packages and care homes. CCG is still assessing the number of ward patients who are eligible for Continuing Health Care. On completion of individual patient assessment the re-commissioning of a range of services will be implemented.	3 months
	Provision of Perinatal Mental Health service	NCL CCGs have submitted a bid against national funding to develop a perinatal mental health service which will be fully commissioned for 2017/18. The mental health provider will support maternity providers.	3 months
	Review Provision of CAMHS	Enfield CCG will need to review its agreed Future in Mind strategic plan, and reassess the supporting financial plan against reductions in local authority CAMHS funding.	Q1
	Provision of Female Psychiatric Intensive Care Unit (PICU)	NCL CCGs will commission a local Female PICU service from one of our local providers via NCL STP process.	Q2
	Psychological Therapies	ECCG wishes to ensure the maximum productivity for our investment in psychological therapies.	Q2
Integrated Care	Assessing impact of integrated care system	All providers will be expected to participate in a significant review of our integrated care system to inform any future commissioning and decommissioning approach	Q2
Community Services	Productivity and Value for Money	The CCG has already begun a rebasing of the community services contract with BEHMHT. Notice is therefore given of any material changes to the community services contract as a result of this work.	Q1
	Systematic review of adult and paediatric services	ECCG and LBE commission a range of adult and paediatric services from BEHMHT. It is critical that those services are productive and deliver the right care at the right time. These services also	Q2

		need to substantially contribute to system resilience. Enfield CCG will be undertaking systematic review to determine their effectiveness and this may impact on commissioning of community services	
	System Resilience	We will be seeking to increase the productivity of existing Community Services and Mental Health Services and identifying how they can contribute more effectively to managing activity Out of Hospital and improving outcomes for patients. Initially this will focus on improving the productivity within the existing spend.	Q2
Contract Form, Reviews and Currency	Contract Form	Enfield CCG will work with acute providers on a new, more sustainable contract model that reduced the burden of challenges and support the long term financial health of all partners	Q2
	Contract Currency	ECCG will work with BEHMHT to introduce true Service Line Costing and accurate Activity Monitoring to enable effective capacity and demand to be undertaken going forward. This applies to both the mental health and the community services contracts led by Enfield CCG.	Q2
	Contract Levers and Metrics	Enfield CCG, as lead commissioner, will work with other lead commissioners to ensure that we maximise the benefit of national contracts including any penalties, metrics, KPIs etc	Q1
		Enfield CCG will ensure that acute providers have a Length of Stay within normal range	Q1
Procurements	Elective Care	Enfield CCG must signal any intention it has to market test services as part of competition and opening up the market. The CCG will be testing a number of services through Any Qualified Provider with ophthalmology, urology, gynaecology. ENT, termination of pregnancy, audiology	Q1

Please see overleaf the map of the Disability Resource Centre 65c Park Avenue Bush Hill Enfield EN1 2HH.

If you would like a copy sent to you in large print please email cllr.dinah.barry@enfield.gov.uk

Consultation: Using a Public Spaces Protection Order (PSPO) to deal with anti-social behaviour in public

A PSPO is a new provision created by the Anti-Social behaviour, Crime and Policing Act 2014. It is intended to deal with particular nuisances or problems in a defined area that are considered to be detrimental to the local community's quality of life. It does this by imposing conditions on the use of that area which will apply to everyone so that the majority of people can enjoy the public space.

The Council has the power to implement PSPOs with the purpose of stopping individuals or groups committing anti-social behaviour in public spaces. Anti-social behaviour is a broad term used to describe the day-to-day incidents of crime, nuisance and disorder that make many people's lives a misery – such as public drunkenness, graffiti, dog fouling, urinating in the street, aggressive begging and aggressive face to face charity collections.

The council is seeking your views about the impact of these behaviours through an extensive consultation, so that we can decide if the Council should bring in a PSPO.

Breach of a requirement in a PSPO to desist in a particular activity is a criminal offence which can result in a Fixed Penalty Notice (FPN) of up to £100, or a fine of up to £1,000 if prosecuted. The Council and the Police are authorised under the Act to enforce PSPOs.

Consultation: Enfield's public spaces protection and anti-social behaviour

Consultation ends Monday 28 November 2016

To take part visit www.enfield.gov.uk
Help with, and access to the survey is also available at the following libraries:
Ordnance Road - Edmonton Green - Palmers Green -
Enfield Town and Enfield Civic Centre - John Wilkes House

Email: consultation@enfield.gov.uk

1st October marked the start of Stoptober.

The council is supporting this national campaign to encourage smokers to stop smoking for 28 days, based on the theory that those managing to do so are 5 times more likely to quit for good.

The scheme includes six different ways to quit:

GET THE APP

Stuart wanted to quit smoking for his children. He used the free Stoptober app to keep him motivated throughout the day, which helped him become smokefree.

GET DAILY EMAIL SUPPORT

The Stoptober email helped Hayley start each day motivated and determined. Now she's an ex-smoker, healthier, happier and able to spend more time doing the things she loves, such as fun activities with her daughter.

CHAT TO OUR BOT

Message our new Facebook Messenger bot when cravings strike and get instant practical support. Stay motivated with daily messages full of tips and advice to help keep you on track.

E-CIGARETTES

Mark used e-cigarettes, which are a far safer way of getting nicotine than cigarettes, to help manage his cravings and break the smoking habit. Now that he's quit for good he feels healthier and is financially much better off.

STOP SMOKING MEDICINES

Georgia was determined to quit smoking before her 50th birthday. By using stop smoking medicines, she was able to relieve her cravings and quit for good. From nicotine patches to inhalators - there is a range of stop smoking medicines to choose from, so you can choose the one that works for you.

STOP SMOKING SERVICES

Sayed visited his local stop smoking service and got the free support and advice he needed face to face, to quit smoking for good.

Stop for 28 days and you're five times more likely to quit for good

For more information please see: <https://www.nhs.uk/oneyou/stoptober> and <https://new.enfield.gov.uk/services/health/public-health/healthy-lifestyle/smoking/>
