SUP94 Representation:

I am writing in support of the Drumsheds venue and its continued operation.

At each show that I have attended, the search and security processing has been excellent and thorough. There are loads of staff that can be relied upon for help and as a result myself and friends have felt safe at shows.

Drumsheds is a unique asset for Enfield and London with an incredible atmosphere and I have only ever seen a world class professional team at work - from the security guards to the traffic managers to the bar staff. Broadwick do a world-class job every season.

I should highlight the employment boost that this place brings to locals and young people across all of the types of work at each event. Drumsheds is vital lifeline and career springboard for local professionals in the events industry.
