DECISION

AGREED: subject to no call-in being received, the following decision will come into effect on Wednesday 11th February 2015:

It is recommended that Members authorise expenditure of the sum of £1,550,000 to complete the remaining phases of site development at Angel Gardens, which comprises:

- £233,000 from Section 106 contributions;
- £225,000 from the Cycle Enfield programme;
- £45,000 from the Pocket Parks programme; and
- £1,047,000 from the Neighbourhood Regeneration Capital Programme.

ALTERNATIVE OPTIONS CONSIDERED:

Do Nothing – due to the expectations generated in the community that the site will continue to be developed in the form of a new public open space, it is considered that this alternative option would impact negatively on the Council's relationship and reputation with the community. Therefore, it would not be appropriate course of action to take.

REASONS FOR RECOMMENDATIONS:

1. The principle of progressing with the project has been firmly established given the progress to date, as follows:
 - The project forms an early part of delivery of Meridian Water;
 - Extensive work has been undertaken to survey contamination of the site and complete a remediation strategy to prepare it for development;
 - Residents have demonstrated their support through the community engagement activities undertaken and there is an expectation that the project will be completed;

- Phase 1 is currently being undertaken and the completion of the remaining phases is essential to provide the comprehensive public open space envisaged;
- The Council has been able to secure external funding to assist with delivery of the remaining phases, thereby reducing the financial impact on its funds; and
- Arrangements have been made to ensure that ongoing maintenance of the new public open space can be undertaken.

2. Based on the above and when compared to the alternative option considered, progressing with the project on the basis of this report's recommendations is considered to be the most suitable course of action to take.

BACKGROUND:

Please note that a copy of the Part 1 report is available via the Decision list link on the Council's Democracy pages.

SUBJECT TITLE OF THE REPORT							
SKETTY ROAD (ENFIELD TOWN) – PROPOSED EXTENSION TO THE CONTROLLED PARKING ZONE							
Part 1 or 2 (relevant exempt Paragraph)	Wards affected by Decision	Decision taken by	Date Decision to come into effect	Interest declared in respect of the Decision	Category of decision (i.e. Key, Non- Key, Council, Urgent)	Contact Details	Eligible for Call-in & Date to be called in by
Part 1	Southbury	Cabinet Member for Environment & Community Safety (Cllr Bond)	Wednesday 11 th February 2015	None	Non-Key	Dave Oxley 020 8379 3553	Yes Tuesday 10 th February 2015
DECISION							
AGREED: subject to no call-in being received, the following decision will come into effect on Wednesday 11 th February 2015: To implement the proposed extension to the existing Enfield Town Controlled Parking Zone (CPZ) as per the plan distributed to residents in July 2014 (shown in Appendix A of the Report).							
ALTERNATIVE OPTIONS CONSIDERED:							
Do Nothing – this option would mean that residents and their visitors would continue to experience parking problems in Sketty Road around the existing boundary of the Enfield Town Controlled Parking Zone.							
REASONS FOR RECOMMENDATIONS:							
The proposed extension to the existing Enfield Town Controlled Parking Zone will benefit the residents of Sketty Road by deterring non-residents from parking in their street, and has the support of the majority of residents within the proposed extension area.
