ALTERNATIVE OPTIONS CONSIDERED:							
There are no alternative options that have been considered given the imperative to the challenging conversion programme over the next 2-3 years.							
REASONS FOR RECOMMENDATIONS:							
<p>To allow Children's Services to fulfil its statutory duties imposed by the new legal and judicial framework programme. This will include:</p> <ul style="list-style-type: none"> • Increased capacity in the Special Educational Needs (SEN) Service to ensure that the Service can continue to deliver the new co-ordinated assessment process and Educational Health Care Plan's (EHCP) introduced in September 2014. • Increased capacity in the SEN Services to facilitate the transfer of Enfield's existing 1,400 Statements of SEN to EHCP's over the next 2 years. • Increased capacity in Educational Psychology Service to support the transition timetable. • Increased capacity in the School Improvement Service through the employment of "Champion SENCos" who will work closely with schools to support them during the transition period. • Increased capacity in the Health Service to continue to provide support to the transition timetable through the employment of a "health champion". This role will include communication and training of health colleagues. • Better integration with Health. • Employment of these additional staff will help to ensure that: <ul style="list-style-type: none"> - We can continue to meet the tight timescales, that must be adhered to for the conversation process; - Parents, children and young people continue to have a positive experience of the transition from a Statement to an EHCP. - We are ready to rise to the challenge of the new Ofsed Framework to be introduced from May 2016. • We can continue to provide training and support for parents, children and young people and other professionals on the transition of Statements to EHCP's to ensure they understand fully the reforms, and what is required of them.

ALTERNATIVE OPTIONS CONSIDERED:							
<p>There are no alternative options that have been considered.</p>							
REASONS FOR RECOMMENDATIONS:							
<p>On the basis that the tendering exercise has provided a reduced rate per square metre for the construction of vehicle crossovers and that this service is provided for the sole benefit of the residents and businesses of Enfield it is recommended that these reduced costs are passed on, to ensure a best valued solution.</p>
