Agenda - Part: 1	Item: 4
Subject: NCL Collaboration of CCGs	
Wards:	
Cabinet Member consulted:	
Approved by: Paul Jenkins	

1. EXECUTIVE SUMMARY

The purpose of this paper is to provide the Health and Well-being Board with an overview of the work of the North Central London (NCL) Collaboration Board.

The five North Central London Clinical Commissioning Groups (Enfield, Barnet, Camden, Haringey and Islington) commissioned Carnall Farrar to support the case for change, financial base case and proposed collaboration of their work with partners to improve health, reduce health inequalities and commission high quality and safe services for our populations, delivering care which is designed around the needs of the individual and integrated in its delivery.

Details are provided in the attached presentation.

2. RECOMMENDATIONS

For the Health & Wellbeing Board to note the progress of collaborative working of North Central London Clinical Commissioning Groups as described in the attached presentation.
