ACM Work Programme Stencil		Operational Year: 2015/2016 (May 15 – Sept 15)
Assigned Spatial Area: Enfield North - Chase, Enfield Highway, Enfield Lock, Grange, Ponders End, Southbury, Town, Turkey Street	ACM Councillor: Cllr Vicki Pite	
<p>Activity 1: Supporting Members Outcomes summary (Sept 2015):</p> <p>To date I have attended a Ward Forum in Lock Ward and plan to attend forthcoming meetings in other wards throughout the year. The most recent Town Ward forum, to which I gave my apologies, coincided with a public meeting concerning developments at Chase Farm hospital organised by the Royal Free Trust which I attended instead.</p> <p>I support my own ward forum by planning, writing and printing the agendas and organising the distribution of 1000 agendas in the vicinity of the meetings by the three ward councillors. Most recently I have used the ward forums to promote the work of community organisations within the ward by inviting speakers e.g. from Friends of Forty Hall, Clay Hill Singers and Enfield Health and Social Care Partnership to speak to residents. Since such organisations are funded to greater or lesser extents by the council and are there for all residents to enjoy, I think it is important that residents have the opportunity to find out about the projects and how they are run.</p>		<p>Future milestones to March 2016:</p> <ul style="list-style-type: none"> • To attend one forum / ward over the next 6 months. • To encourage councillors to use the ward forums as opportunities for recipients of ERPF to describe their projects to residents. • To use ward forums <ul style="list-style-type: none"> - to brief residents in wards not directly consulted about Cycle Enfield plans for Enfield Town, but who are users of Enfield Town, to be briefed on the proposals - to encourage residents to participate in the on line consultation.
<p>Activity 2: Leading Enfield North Area Partnership Board Outcomes summary (Sept 2015):</p> <p>I chaired a North Enfield Area Partnership Board, working with officers to plan an agenda that would bring partners up to date on key strategic developments, since there had not been a meeting for some time. The meeting heard presentations about</p> <ul style="list-style-type: none"> • The Local Plan • Cross Rail 2 • Cycle Enfield • Lee Valley Leisure Trust <p>In preparation for this I discussed and steered the content of the Cycle Enfield presentation and met with The Chair of the Lea Valley Leisure Trust. In both cases this was to ensure that the strategic aims of both initiatives were clear to partners in order that important stakeholders would have the opportunity to shape and inform these</p>		<p>Future milestones to March 2016:</p> <ul style="list-style-type: none"> • Feed into the next Strategic Leadership Forum

<p>fundamental and permanent developments in the interests of Enfield residents, employees, learners and families.</p> <p>As a result the mtg agreed that 3 small working groups be set up to make some recommendations, in principal and practice, that might usefully steer these key developments.</p> <p>The working groups are</p> <ul style="list-style-type: none"> • Something for everyone – focussing on Lee Valley development • Community health – focus on Cycle Enfield • Community safety – focus on the principles of building developments with public safety in mind. <p>They will report back at the next strategic partnership mtg, or direct to the chair in the case of LVLT.</p> <p>I agreed with officers that the next meeting would be held towards the end of the afternoon, instead of the evening, in order to increase the attendance by partners.</p>	<ul style="list-style-type: none"> • Ensure that working groups are supported in feeding back so that their experience and knowledge properly informs strategic development plans. <p>The next meeting will be during the day with higher levels of attendance.</p>

We agreed that it would be worthwhile working with Environment to examine ways in which crime could be averted by e.g addressing lighting and other elements of the street scene that may inadvertently encouraging crime and ASB.</p> <p>I attended two cross party meetings initiated by Cllr Brett (Cabinet member for Community Safety) re “boy racers” on the A10 and NCR. The intention is to secure support from the Mayor of London, TfL, Metropolitan Police, transport police and police services in Essex and Herts to control and manage unlawful and unsafe driving on major highways e.g. using Public Spaces Protection Orders (PSPOs) in the car parks where they congregate, CCTV and improved signage.</p>	<p>Future milestones to March 2016:</p> <ul style="list-style-type: none"> • Community safety <p>Plans to visit each ward with Cllr Brett and officers to identify areas at risk where specific works on the environment may impede ASB.</p> <p>Meet with newly appointed Neighbourhood Inspector Esther Hamill to discuss strategic means of addressing ASB and community safety</p> <p>Further strategic planning meetings organised to monitor developments.</p>
