**Subject:** licensing application of the Winchmore, Winchmore Hill Rd

Dear colleagues

I attach my comments on the application to extend the licensing hours of the Winchmore Pub.

Kind regards

Dear Councillors and colleagues

I am pleased to comment on the application by the Winchmore Pub for extending licensing hours on Fridays and Saturdays.

My comments are made under the **prevention of nuisance** licensing objective.

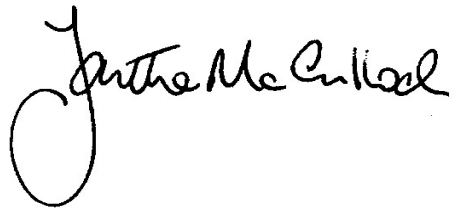

I have no objection to make to the extended licensing hours.

However, I would urge the licensing panel to continue with the conditions placed upon the current licence, and in particular:

1. locking the car park 30 minutes after closing
2. discouraging people being outside after 23.00 *including in the substantial new seating area constructed at the back of the property.*
3. supervising the car park 30 minutes prior and some time after, closing time (especially to stop shouting, loud radios and endless revving of engines which I hear quite a lot of)

Observance of these 3 things will make a big impact upon the lives of those who live closest to the premises.

Best wishes
