

## **PUBLICATION OF DECISION LIST NUMBER 32/16-17**

### **MUNICIPAL YEAR 2016/2017**

Date Published: Tuesday 11<sup>th</sup> October 2016

This document lists the Decisions that have been taken by the Council, which require publication in accordance with the Local Government Act 2000. The list covers Key, Non-Key, Council and Urgent Decisions. The list specifies those decisions, which are eligible for call-in and the date by which they must be called-in.

A valid request for call-in is one which is submitted (on the form provided) to the Scrutiny Team in writing within 5 working days of the date of publication of the decision by at least 7 Members of the Council.

Additional copies of the call-in request form are available from the Scrutiny Team.

If you have any queries or wish to obtain further report information or information on a decision please refer to:  
– Claire Johnson (ext.4329)

<b>CALL – IN UPDATE –</b>								
Please note no decisions have been called in for review from previously published lists.								

SUBJECT TITLE OF THE REPORT							
GOUGH PARK FLOOD ALLEVIATION SCHEME / EAST ENFIELD FLOOD ALLEVIATION SCHEME(EEFAS) EXTENSION							
Part 1 or 2 (relevant exempt Paragraph)	Wards affected by decision	Decision taken by	Date Decision comes in to effect	Interest declared in respect of the Decision	Category of decision (i.e. Key, Non- Key, Council, Urgent)	Contact Details	Eligible for Call-in & Date to be called in by
Part 1	Chase & Town	Cabinet Member for Environment (Cllr Anderson)	Wednesday 19 October 2016	None	Non-Key	Graham Campbell 020 8379 4158	Tuesday 18 October 2016
<b>DECISION:</b>							
<b>AGREED:</b> Subject to no call-in being received, the following decision will come into effect on Wednesday 19 October 2016: <ol style="list-style-type: none"> <li>To consider and approve the scheme which includes alterations to the environment of the park and small area of adjacent highway (total estimated cost £70k) in order to provide flood alleviation through surface water diversion. (Final design to be guided by consultation.)</li> <li>To invite and evaluate tenders / quotation and, where suitable tenders / quotations are received, to award a contract for the works to realise the scheme.</li> </ol>							
<b>ALTERNATIVE OPTIONS CONSIDERED:</b>							
<ol style="list-style-type: none"> <li>Do nothing: the option of doing nothing would maintain the current situation of 104 flooded properties (1 in 200-year event), 32 flooded properties (1 in 30-year event). This has been calculated as resulting in a potential £1,685k of damages.</li> <li>Other areas of public highway boundary and park areas were identified for flood flow storage in the immediate areas such as:             <ul style="list-style-type: none"> <li>The south side of Clay Hill/ Forty Hill roundabout</li> <li>Areas alongside Myddleton Avenue</li> </ul> </li> <li>These options were dismissed due to reasons which made them impractical such as utilities / tree conflicts and lack of space.</li> </ol>							
<b>REASONS FOR RECOMMENDATIONS:</b>							
Anticipated benefits of the scheme include: <ul style="list-style-type: none"> <li>Removing an expected 37 properties from surface water flood risk for a 1 in 100-year flood event across the Forty Hall study area.</li> <li>Improved public access and use of the park through thinning of the trees, refining internal paths and seating areas.</li> <li>Improved drainage measures in the park including the allowance to drain an area around the main entrance gates which suffer from a long-standing issue of subsidence due to damp conditions and require structural attention, the project will aim to facilitate this though providing drainage to the area.</li> <li>Improved biodiversity in the park in the form of a wetland system.</li> <li>Improved interaction of public and interested parties with heritage and cultural features in the area.</li> </ul>							
<b>BACKGROUND</b>							
Please note that a copy of the Part 1 report is available via the Decision list link on the Council's Democracy pages.
