Choose Crime Type

TNO

Note: Hate crimes are offences which are flagged as having a hate element when recorded by police. A crime can have more than one hate flag attached to it. For example, an assault could have both a homophobic and disability element. This crime would be included in the homophobic offence count as well as in the disability offence count. Therefore, adding up all the hate crime categories may result in multiple counting of a single offence.

** Indicates crime types making up the MOPAC 7 total*

"Allegations are an interpretation of officer/staff behaviour at the incident. Officer/staff allegation measure counts the total allegations against each officer/staff involved (for example one complainant could make one allegation involving two different officers. This would be counted as two officer allegations)"
