ASK FOR: Mr A J Higham  
TEL: 020 8379 3848

Dear Sir/Madam,

Planning (Hazardous Substances) Act 1990  
Planning (Hazardous Substances) Regulations 1992  
The Planning (Control of Major-Accident Hazards) Regulations 1999

Willoughby Lane Holder Station, Willoughby Lane, London, N17

Continuation of consent granted under HAZ/92/0007 for the vessel storage of natural gas.

-----  
Your application dated 17/03/00 was received on 17/03/00.

**Please note the expiry date of this application has been changed to 12/05/2000.**

If on further examination it is found that additional information is required to enable the Local Planning Authority to determine the application a further communication will be sent to you as soon as possible.

If by 12/05/00 you have not received notification that further information is required and I have not given you notice of the Council's decision (and you have not agreed in writing that the period within which the Council's decision shall be given may be extended) you may appeal to the Secretary of State in accordance with Section 21 of the Planning (Hazardous Substances) Act 1990 by notice sent within six months from that date (unless the application has already been referred by this authority to the Secretary of State for the Environment).

Appeals must be made on a form which is obtainable from the Department of the Environment, Tollgate House, Houlton Street, Bristol, BS2 9DJ.

Yours faithfully,

Peter D Roach  
Head of Development Control

**3. Substances covered by the application**

(a) In the Table below, list named substances falling within Part A of Schedule 1 to the 1992 Regulations (a) first, then list any substances falling within the categories in Part B of that Schedule; finally list substances falling within the description in Part C.

(b) Substances falling within Parts B or C of Schedule 1 to the 1992 Regulations may be listed under the relevant category or description or named specifically. Where a substance falls within Part A and B list under Part A only; where a substance falls within more than one category in Part B list under the category which has the lowest controlled quantity (b). Where a substance falling within Part A or B also falls within Part C list under the part which has the lowest controlled quantity.

<i>Name or relevant category or description of substance</i>	<i>Part and entry number (c) in Schedule 1 to the 1992 Regulations</i>	<i>Maximum quantity proposed to be present (in tonnes)</i>
NATURAL GAS	PART A 16	109.71

#### Notes

- (a) The “1992 Regulations” are the Planning (Hazardous Substances) Regulations 1992, as amended by the Planning (Control of Major-Accident Hazards) Regulations 1999.
- (b) The “controlled quantity” means the quantity specified for that substance in column 2 of Parts A, B or C of Schedule 1 to the 1992 Regulations.
- (c) For Part C, state the Part only.

#### 4. Application for removal of a condition(s) imposed on a previous consent (Section 13)

(a) Identify the condition(s) previously imposed which it is intended should no longer be imposed on the consent, or which should only be imposed in a modified form. In the latter case, indicate the proposed modification-

(b) Give the reasons why the condition(s) referred to in (a) should not be imposed, or should only be imposed in a modified form-

(c) Describe any relevant changes in circumstances since the previous consent was granted-

**5. Application for the continuation of a hazardous substances consent following a change in the person in control of part of the land (section 17)**

(a) State the date on which the change in the person in control of the part of the land is to take place, where known-

- 30th June 2000.

(b) Describe the use of each area of the site identified in the accompanying change of control plan-

- Storage and Distribution of Natural Gas edged red
- Land to be retained by BG Transco plc for operational purposes not involving gas storage, edged blue
- Land to be transferred for Industrial/ Commercial purposes to BG Energy Holdings Limited, edged green

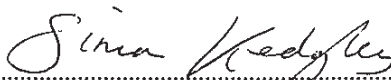

(c) Describe any relevant changes in circumstances since the existing consent was granted-

- Change of name from 'BRITISH GAS plc' to 'BG plc' to 'BG TRANSCO plc'.

**6. Additional information**

Give any further information which you consider to be relevant to the determination of this application-

~~I/we~~ hereby apply for ~~hazardous substances consent~~ the continuation of hazardous substances consent in accordance with this application.

### THE PLANNING (HAZARDOUS SUBSTANCES) ACT 1990

REGULATIONS (HAZARDOUS SUBSTANCES) NOTICE OF APPLICATION FOR CONTINUATION OF HAZARDOUS SUBSTANCES CONSENT

I give notice that BG Transco plc is applying to the London Borough of Enfield for the continuation of hazardous substance consent for the storage of natural gas at Leaside Holder Station, Leaside Road, Tottenham, London N7. Members of the public may inspect a copy of the application and Planning reception, Civic Centre, Silver Street, Enfield EN1 3XA during all reasonable hours until 16th March 2000. Anyone who wishes to make representations about this application should write to the Director of Planning, Planning Department, PO Box 53, Civic Centre, Silver Street, Enfield, EN1 3XA by 16th March 2000. Dated 24th February 2000 SIMON KEDGLEY On behalf of BG Transco plc

### NIGHT CAFE LICENCE

NOTICE IS GIVEN THAT Gaby Altun has applied to the London Borough of Enfield for a night cafe licence for the premises: Onur Kabab House, 252 Fore Street, Edmonton N18 2OD. This licence would enable the premises to be kept open for public refreshment between 12 midnight and 2am, Monday to Saturday, 12 midnight and 1am Sunday and 2am, Monday to Saturday. Anyone wishing to oppose the application should write to the Director of Planning, Planning Department, PO Box 53, Civic Centre, Silver Street, Enfield, EN1 3XA WITHIN THREE WEEKS specifying the grounds of opposition. Petitioners shall bear the prayer of that petition on each page and a warning to potential signatories that a copy of the petition will be supplied by the Council to the applicant. Each person signing should also print the name and address preferably written in black ink. Each page of the petition should be dated to the grant of a licence must be prepared to attend in person at a public hearing before the Licensing Panel of the Council.

### THE PLANNING (HAZARDOUS SUBSTANCES) ACT 1990

14th March 2000

Director of Planning  
London Borough of Enfield

Dear Sir/Madam

Re: Application for continuation of Planning Hazardous Substance Consent - Leaside Road and Willoughby Lane Holder Stations, Tottenham.

I enclose application forms and supporting certificates for continuation of the deemed consent granted in 1992 for the above sites under the provisions of the Planning Hazardous Substances Act 1990. This application is made in anticipation of a change in control of part of the site following the reorganisation of the former BG plc (previously known as British Gas plc).

In accordance with section 6 (1) of the 1992 Planning (Hazardous Substances) Regulations 1992, this application is being submitted after a 21-day publicity period during which a Legal Notice was published in the press and a notice erected on site for a seven day consecutive period. Our plans were available for public inspection throughout this period. If I have not heard from yourselves - the Hazardous Substances Authority - in the next eight weeks, then under Section 11 (2 and 3) of the Regulations I can assume unconditional acceptance of our continuation application. Although you are under no obligation to do so, it would be appreciated if you could write confirming acceptance, should this be the case.

I look forward to hearing from you following determination of the application, but in the meantime if you have any queries please do not hesitate to contact me.

Yours,

Simon Kedgley  
Hazard & Reliability Dept.

23rd February 2000

Mr Colin Vine  
Planning Department

Dear Colin

Re: Continuation Applications for Hazardous Substances Consent for Leaside and Willoughby Lane Holder Stations under The Planning (Hazardous Substances) Regulations 1992, or the subsequent replacement act The Planning (Control of Major-Accident Hazards) Regulations 1999.

Following our recent telephone conversation, please find enclosed the following:-

- 1) One copy of Form 2
- 2) One copy of Form 3
- 3) One copy of the site plan

for both sites.

These need to be kept on deposit at reception from the 24th of February until the 16th of March, and be available for public inspection during working hours (9am to 5pm) Monday to Friday. Reception is being used only as a convenient place for the public to inspect the plans - your employees at reception are therefore not obliged to answer any questions concerning the application (all questions should be referred to the contact on Form 3).

The details of where the application can be inspected is to be published in a local paper on the 24th February, being the first day that the plans are available in reception. This will start a 21-day period following which we will formally submit the application. With the application we will send your department a detailed letter concerning the continuation application.

If you have any queries then feel free to contact me on the above number.

Yours

Simon Kedgley  
Hazard & Reliability Dept.

Application dated 16/11/92 and received 16/11/92 for Deemed Consent under Part 4 of the above legislation by:

Applicant: British Gas Plc. (Eastern)

with regard to:

Location: British Gas, Willoughby Lane Holder Station, (Nos. 2 & 3)  
Willoughby Lane, London, N17

in respect of: Vessel storage of natural gas comprising 206 tonnes being the established quantity.

It is hereby confirmed that **DEEMED CONSENT** has been granted, subject to the following standard conditions as set out in Schedule 3 of Regulation 15 :-

3. A hazardous substance shall only be present at ambient temperature in a non-buried or non-mounded vessel in a vessel in a vessel area if :-

(a) it was present at ambient temperature in a non-buried or non-mounded vessel in that vessel area at any time during the established period;

(b) the non-buried or non-mounded vessel in which it is present does not have a greater capacity than that specified in column 5 of table C; and

(c) the pressure at which it is present in the non-buried or non-mounded vessel does not exceed:-

(i) atmospheric pressure, if the substance was not present at above atmospheric pressure at ambient temperature in a non-buried or non-mounded vessel in that vessel area at any time during the established period.

# London Borough of Enfield

(ii) the pressure specified in column 6 of Table C, in any other case.

6. A hazardous substance shall not be present in a vessel outside of a vessel area.

Signed

*M.F. Jewell*

Dated: 10/12/92

N.B. This decision does not purport to convey any approval or consent which may be required under any bye-law or under any enactment other than the abovementioned Regulations.
