Dear Ellie,

As discussed, I attach the following documentation in support of my client's application for a time limited premises licence, which I would be grateful if you could include within the Committee's Report and Agenda, so that all this documentation is provided to the Licensing Committee prior to the hearing.

I understand also that you will disseminate this documentation to the parties who have made representation to the application in advance of the hearing.

I accordingly enclose:-

1. Document which we have prepared setting out how the event will be run, setting out information under the various headings of (1) Music and sound from the park; (2) Security/Safety; (3) Traffic Management Plan.
2. I also attach the documents referred to in the above document, which are reports that are included in my client's entire Event Management Plan. However, these are specific documents which we wish the Committee and those making representations to be aware of and have read prior to the hearing. These are as follows:-
 - (a) The Vanguardia Noise Management Plan.
 - (b) A layout plan of the park showing the two admission points.
 - (c) The Security Deployment Plans.
 - (d) The Medical Operation Plan.
 - (e) Traffic Management Plan.
 - (f) Event Safety Plan.

I would be grateful if you could kindly acknowledge safe receipt of all these documents and confirm that they will be included within the Report and Agenda and disseminated to those making representations prior to the hearing.

Kind regards.

Lisa
