

25.1.17 Trent Park 51st State Festival

25 January 2017
15:02

Present

XXXXX

XXXXX

XXXXX

Will and Lisa - from Found

Concerns:

XXXXX

1.Capacity - 12,000 or 15,000

XXXXX

1.Dispersal internally

2.Dispersal: scope for public order, request for more police presence

3.Parking issues

Will

1. Plans for the year ahead
Agree consistent communication with CLARA needed earlier than March, when app goes in
2. Sat 5 Aug and Sun 6 Aug (Sunday lower capacity)
3. Capacity - 15k (but expecting less) Saturday, Sunday 10k (expecting less) - same licence
4. Olympic Park event last Sept - 10,800
5. No one stays overnight
6. Sunday different event/theme/audience, still 25 and over. More UK based music.
7. Saturday - 35 and over average customer. Soul music orientated. American based. All house and soul.
8. Sunday - close at 9pm, Saturday close at 10pm
9. Saturday last year - problem with bars
10. Overall application to Parks would be made. Got a 6 month agreement to notify council before event.
11. Health and Safety application to submit 3 March.
12. Once these applications received, first SAG, and discussions with residents, only then to send application in.
13. CLARA criticised for having meeting night before hearing. At hearing, it came across that certain elements had been agreed, but in fact, it was only discussion.
14. Residents will still be objecting to application, but at least it can go ahead with improvements.

Egress

CLARA felt strongly about this

Road closure to be in place until 11.30pm, can be lifted when bulk gone.

Xxxxx asked that their road be closed until way later so taxis couldn't be parked in their road.

Will working on traffic management plan.

Car parks to be opened to general admission payers, between 500 and 1000 spaces in Snakes Lane. Previous year only 129 spaces.

New traffic management company being employed, more stewards done Snakes Lane

More lighting along Snakes Lane.

Snakes Lane privately owned by Barclays Home Developmental group.

xxxxx - recommends more car parking to be established from M25 direction, eg. Bear Grylls car park

xxxxx - requested that a really big sign advertising which direction and how far to each of surrounding stations. Lisa agreed can do that on site.

Toilets - on way out and way in

Will - more toilets being brought in, including 6 bank urinals. Herron fencing to section it off from public so cannot see them

Park Café - ask them to do external catering. Not to be open at end of event though.

Lisa - working with British Transport Police, to open platform stations, Cockfosters and Hadley Wood. Last year, gates had to be closed a couple of times, caused problems with crowd feeling hemmed in.

xxxxx - advised that if train is full at Cockfosters, it will be full at Oakwood, recommended trains to start from Oakwood. Lisa obtaining information as to numbers of people using each station.

xxxxx - suggested TFL putting on extra buses

xxxxx - queried whether traffic and people management can be kept separate.

Police Presence

Residents only saw 6 officers sitting in a police van drinking coffee!

Will - last year 2 sergeants, 12 police officers. These were separate from British transport police.

This year, seeking 18 police and 3 sergeants to be there all day.

Request for presence inside and outside, CLARA and Found agree.

Police position (Inspector Sharon McHugh) - not to police but to intervene, but to have full uniformed police to act as a deterrent.

Request from CLARA for police to patrol along chalk lane from Cat Hill to Mount Pxxx.

Noise Management - Vanguardia

New noise company used at the 11th hour for Trent Park and again for last event of the year at QE stadium.

Will develop policy as well as manage on day.

Cameras to be installed which will show noise monitoring throughout the day. xxxxx advised can put camera on his house.

CCTV available on big plasma screen

Same for noise monitoring.

Cameras around site. Reports back to one system so can see sound levels throughout the day. will be able to identify if any issues. Satellite connection installed, 3G links very poor last year.

Can identify to better control which sound from which stage the noise is being emitted.

Bars

No token system

Only cash/card/contactless

Previous problem of wristband RFID system. Prepayment for drink.

Water

Huge water points available free of charge. Non contaminated.

6 taps per unit

All catering units to sell water and soft drink.

Security to be escalated due to cash being

Monday bin collection. Put out by residents on Sunday night as collected on Monday at 7am.

Matt - to ask to review day or time of collection

Security confiscated medicine and sunscreen. Sunscreen will be available on site at the welfare centre.

Unless sealed bottle. Discussing with health and safety company.

Doctors note required to accompany normal medication. Same procedure as airports.

Tickets to stipulate about no ticket, no parking. No doctors note, no medicine.

Will - propose meet again end of Feb or let him complete plans for 6 March and to discuss plans with CLARA after.
