

DRUMSHEDS & THFC - INGRESS/EGRESS CLASHES

The below tables plot the various THFC fixture timings against the proposed Drumsheds show times in order to identify clashes.

Rows with a **RED** cell are clashes we consider to be insurmountable, and we would be willing to avoid these given appropriate notice. If a kick-off time changes prior to the event due to TV scheduling and becomes RED, we would only proceed if we could adjust our timings and/or the transport offering in order to demonstrate to TFL & GA that their capacities would be capable of servicing the overlap.

Rows with an **ORANGE** cell are clashes that can be mitigated by adjusting our event timings and/or analysing event attendance projections against real-world data from prior events and fixtures. These are events that could only be scheduled if TFL & GA are comfortable that our plans would work around THFC's ingress/egress, which takes precedence.

Rows that are all **BLUE** avoid clashes, and can be scheduled without issue.

This is intended to be a dynamic document, and that the peak ingress / egress periods for both THFC and DS would be adjusted with any change in attendee behaviour - which may affect the clash scenarios.
