

MUNICIPAL YEAR 2019/2020 REPORT NO. 125

MEETING TITLE AND DATE:

Cabinet
13th November 2019

REPORT OF:

Acting Executive Director
of Resources

Agenda – Part: 1

Item: 3

Subject: Revenue Monitoring 2019/20:
Quarter 2 (September 2019)

Wards: ALL

Key Decision No: 5016

Cabinet Member Consulted: Cllr Mary
Maguire

Contact officer and telephone number:

Fay Hammond, 0208 379 2662

E mail: fay.hammond@enfield.gov.uk

1. EXECUTIVE SUMMARY

- 1.1. This report sets out the Council's revenue budget monitoring position based on information to the end of September 2019.
- 1.2. After the application of capital receipts for transformation purposes of £3.2m; the revenue budget forecast reflects an outturn position of £5.7m overspend for 2019/20 which will be funded using the Council's reserves. This is an increase of £1.8m on the £3.9m reported as at Quarter 1.
- 1.3. Since 2010, the Council has saved £178m; for 2019/20 a further £13.1m saving and income were agreed and £0.3m of income and £3.1m savings agreed from prior years. As time has progressed delivering these savings and additional income generation year on year continues to be challenging. Subject to substitute savings and management action being taken, prior year income totalling £0.6m is considered at risk of delivery.
- 1.4. The Dedicated Schools Grant is forecasting an outturn position of a deficit of £4.24m. With the £0.38m surplus brought forward from 2018/19, the cumulative forecast deficit at year end is £3.86m and will be the first call on the 2020/21 grant allocation and therefore reduce the funding available for next year's allocation.
- 1.5. The Housing Revenue Account is forecasting an overspend position of £0.1m for 2019/20 outturn.

2. RECOMMENDATIONS

- 2.1. Cabinet is recommended to note:
- i. The financial backdrop to the Council's budget position (described in paragraphs 3.1 to 3.11).
 - ii. The £5.7m overspend revenue outturn projection and the use of £3.2m of capital receipts to support organisation transformation.
 - iii. That Cabinet Members will continue to work with Executive Directors to implement action plans to reduce the forecast overspend in 2019/20 and implement savings.
 - iv. £1.5m of the overspend in respect of IWE being met from Contingency as set out in paragraphs 5.9.
 - v. The position of the Dedicated Schools Grant (DSG) as set out in section 5.50
 - vi. The position of the Housing Revenue Account (HRA) as set out in section 7.
- 2.2. That Cabinet recommend:
- i. Council to approve the update to the planned flexible use of capital receipts for 2019/20 (paragraph 5.46 and Appendix I).

3. BACKGROUND

- 3.1. On 27 February 2019, the Council's 2019/20 budget was set by Council. This budget was set in the challenging context of a reduction in core funding of £6.3m in 2019/20; following previous funding reductions of £93m since 2010.
- 3.2. New savings of £10.7m and new income generation of £2.4m were agreed for 2019/20. Savings and income agreed from previous years totalled £3.4m, of which £3.1m relates to savings and £0.3m to income. As part of the aim to place the budget in a more resilient position, in 2019/20 £2.5m of growth was included to offset prior year budget pressures. However, there still remained £4.2m of 2018/19 pressures. where officers continued to work on reducing these pressures and are included in Appendix H, Savings and Income Monitor, 2018/19 budget savings carried forward.
- 3.3. Enfield, reflecting the national picture, continues to experience rising cost pressures from SEN transport, families with no recourse to public funds, and cost and demographic pressures in social care as well as the ongoing risk associated with Temporary Accommodation. Over the last few years the adult social care precept and flexible homelessness grant have contributed in part to relieving these cost pressures.
- 3.4. Since 2013/14, Enfield has continued to lobby for fairer funding, with the current transitional arrangements resulting in a £11.6m embedded (damped) reduction in funding.

- 3.5. A 75% London Pilot Pool for 2019/20 was announced as part of the Local Government Finance Settlement in December 2018 and the Budget includes this within its assumptions.
- 3.6. Local authority financial management has become headline news since 2018/19 (Northants, and more recently Somerset and East Sussex County Council). In the context of the economic situation and the cumulative impact of the sustained funding reductions since 2010, balancing councils budget remains a significant challenge.
- 3.7. As reported to Cabinet on 17 July 2019, the Council services overspent by £13.4m offset by underspends of £9.0m in corporate expenses and £1.2m additional government grants to give a net overspend of £3.2m, with £3.7m of capital receipts being utilised. During 2018/19 the Council's risk reserves increased and this is due to planned contributions to risk and smoothing reserves, whilst service specific reserves have reduced.
- 3.8. In setting the budget for 2019/20 the Corporate Budgets were reviewed and where capacity was identified it has been utilised to address the significant pressures within the service departments budgets and this was reflected in the Budget Report for 2019/20.
- 3.9. In this context, managing the Council's budget position continues to be a high-risk priority for the Council. The Council's revenue expenditure against budget is monitored by regular reports to the Executive Management Team and Cabinet. These reports provide a snapshot of the revenue position and implementation of savings for each Department and for the Council and provide details of any projected additional budget pressures and risks, or any significant underspends.
- 3.10. This report provides information on the main budget variances and their causes that are affecting the Council across all departments. Although a full budget monitor is carried out each month, variations in this report are limited to +/- variances of £50,000 or over to provide a greater strategic focus.
- 3.11. The pressures outlined in this report are being taken into account in setting the 2020/21 Budget. The Chancellor of the Exchequer made a Spending Announcement on 4 September which was on the whole more positive than anticipated, the detail to be confirmed in the Local Government Settlement later in the year. General grant is set to increase in line with September CPI, the first rise in ten years, other grants within Spending Power have been protected and there's a further Social Care grant which will benefit Enfield to the tune of £5.4m. Given the pressures on the Dedicated Schools Grant later in this report there's the prospect of a 14% increase in the High Needs Block. On the negative side, there will be no multi year settlement, fair funding and the business rates reset are delayed and there will be no Business Rates Pooling for 2020/21 albeit that pooling on a non pilot basis is still possible.

- 3.12. There is continued uncertainty with Brexit and a potential General Election.
- 3.13. The next report to Cabinet will be the 2019/20 Quarter Three Revenue Outturn report which provide an update on the monitoring position based on information as at the end of December 2019.

4.0 September 2019 Monitoring – General Fund

- 4.1 Each of the departments has generated a list of the variances which are contributing to the projected outturn figures. Cabinet Members and Executive Directors are expected to manage their budgets in year and contain any forecast overspends by implementing offsetting savings measures. All Executive Directors reporting overspends are working on mitigating actions for the current year and where pressures are ongoing these are also being worked up as part of the MTFP.
- 4.2 The forecast budget overspend is £5.7m; after the planned application of £3.2m capital receipts. Below is a summary of the projected outturn variances broken down between departments:

Table 1: Forecast Projected Departmental Outturn Variances

	Original Budget	Approved Changes	Current Budget	Forecast Outturn	Flexible Use of Capital Receipts	Forecast Variance
	£m	£m	£m	£m	£m	£m
Chief Executive's	8.0	2.4	10.4	10.4	0.0	0.0
People	118.2	(4.4)	113.8	120.2	(0.3)	6.1
Place	25.5	10.4	35.9	37.5	(0.6)	1.0
Resources	39.4	(0.2)	39.2	44.2	(2.3)	2.7
Service Net Costs	191.1	8.2	199.3	212.3	(3.2)	9.8
Corporate Expenses	36.9	(8.2)	28.7	27.6	0.0	(1.1)
Contingency	3.0	0.0	3.0	0.0	0.0	(3.0)
Net Expenditure	231.0	(0.0)	231.0	239.9	(3.2)	5.7
Net Expenditure financed by:						
Business Rates	(97.6)	0.0	(97.6)	(97.6)	0.0	0.0
Collection Fund	(1.3)	0.0	(1.3)	(1.3)	0.0	0.0
Other non-ringed fenced Government Grants	(3.8)	0.0	(3.8)	(3.8)	0.0	0.0
Council Tax	(127.3)	0.0	(127.3)	(127.3)	0.0	0.0

Reserves	(1.0)	0.0	(1.0)	(1.0)	0.0	0.0
General Fund	(231.0)	0.0	(231.0)	(231.0)	0.0	0.0
Corporate Financing						
Total Under/Overspend	0.0	(0.0)	0.0	8.9	(3.2)	5.7

4.3 Management actions are ongoing to continue to address these budget pressures. Management action taken to reduce costs includes reconvening the Pressures Challenge Board to review the most significant pressures being reported, the first of which has focused on the IT service. The purpose of the sessions is to identify any further solutions to reduce the overspend in 2019/20 but also to identify whether there will be an ongoing pressure that will need to be taken in to account in the 2020/21 budget setting process.

4.4 The overspend has been driven by the following key factors:

- continuing budget pressures in Adult's and Children's Social Care, specifically Learning Disabilities, Older People Services and IWE, SEN Transport, No Recourse to Public Funds and Housing Related Support. These were recognised and addressed as part of the 2019/20 budget but demand continues and is greater than that estimated for.
- £0.9m of income generation and £0.5m of savings are considered at high risk of not being realised (Appendix G, Table 7), due to change of circumstances or optimism bias in terms of the level or speed of delivery. and relates to decisions taken in financial years prior and remained in the budget for the services to manage in 2019/20.

4.5 The overall forecast position has deteriorated by £1.8m with the following being the main contributory reasons:

- Continuing pressure in Adult Social Care and Children's Social Care, has seen a further increase of £0.2m in the Learning Disabilities and Older People services and an increase of £0.6m across In-house fostering, adoption and external child care placements where there have been an additional six secure remand cases for example. However, the department has successfully secured an additional £0.5m from the Better Care Fund following negotiations with the Clinical Commissioning Group.
- The provision of SEN transport has continued to experience demand pressures. There has already been a 8.4% increase in demand since April 2019, compared to an increase of 6.3% seen in 2018/19 and this along with fuel and inflation pressures have led to a £0.4m increase in the forecast overspend.

- An increase of £1.1m is reported in IT due to difficulties in recruiting to vacant posts, slippage in the delivery of schemes aimed at delivering savings and £0.3m prior year income generation proposal that is now not considered achievable. A new pressure of £0.5m is now reported relating to historical procurement savings that cannot be allocated to specific contract reviews activity.
- The Q2 review of corporate expenses is forecasting a £1.1m underspend specifically within the levies and contingent items budgets.

4.6 A service by service detailed analysis of this can be seen in section 5 and Appendices B to F.

4.7 The forecast variance at the year-end will need to be met from a contribution from the Council's general balances, though it is intended to keep this as low as possible.

4.8 This report provides further information on the budget position as follows:

- Summary narrative for each service area supported by Appendices B to F providing additional data
- Monitoring information on the progress towards meeting agreed savings and income generation agreed
- Update on Dedicated Schools Grant (DSG) and Housing Revenue Account (HRA)
- The financial management key performance indicators set out in Appendix A.

5. DEPARTMENTAL MONITORING INFORMATION – BUDGET PRESSURES & MITIGATING ACTIONS

5.1 Chief Executive's Department (Appendix B)

5.2 The department continues to report a neutral position for Quarter 2 (budget of £10.4m) with no material variances greater than £50k being reported. The most significant variance reported in the 2018/19 outturn was the pressure experienced in level of income from land charges being achieved, this was addressed and additional budget allocated through the 2019/20 budget to mitigate the pressure.

5.3 People (Appendix C)

5.4 The department is forecasting a £6.1m overspend (budget of £113.8m), which is an increase of £0.9m from the Quarter 1 reported position.

5.5 Adult Social Care (ASC)

5.6 £3.9m relates to Adult Social Care. Financial modelling was undertaken based on activity and cost of service trends in ASC as part of the budget setting process leading to an additional £6.0m being

added to fund demographic and inflationary pressures with £1.0m in savings and £4.2m of Government funding being identified to contribute towards the growth. However, as reported in Quarter 1 indications are that ASC continues to have significant pressures and these have increased in the last quarter. These continue to relate to services for adults with Learning Disabilities and older people. The Quarter 2 forecasts indicate the pressure is circa £3.0m for 2019/20, an increase of £0.1m on the Quarter 1 forecast. The department continues to recognize the risk around continuing health care reviews, that the CCG are undertaking and this could result in a further cost pressure to the Council.

- 5.7** A review of income from service users' contributions to care continues and will ensure that all financial assessments are carried out and income recorded and collected appropriately.
- 5.8** The Better Care Fund allocations for 2019/20 have been received and following negotiations with the Clinical Commissioning Group (CCG) a further £0.548m has been agreed and as anticipated in Quarter 1 this will contribute towards managing the reported overspend and is reflected in the Quarter 2 forecasts.
- 5.9** The budget pressure in the wholly owned Council company Independence & Well Being Ltd continues, though it does remain static at £1.5m. An increase in demand for services for people with very complex needs continues this year, together with the company's responsibility as the Council's provider of last resort has meant an increased need for more front line delivery staff, including qualified nursing staff where vacancies had previously been held to manage budget pressures. The pressure in 2019/20 will be funded from the Council's contingency fund.
- 5.10 Education and Children's & Families**
- 5.11** In 2019/20, £3.5m was added to fund demographic and inflationary pressures with £1.3m in savings and £1.1m of Government funding being identified to contribute towards the growth. The total overspend forecast for these services has increased by £1.2m to a forecast £1.9m overspend.
- 5.12** Demand in Special Guardianship Allowances continues to grow and additional budget was allocated in 2019/20 budget to reflect this. Current forecasts indicate that at current demand and due to delays in the Court orders there will be an underspend of £0.2m. However, this area continues to be considered high risk and a small change in demand could reverse this forecast.
- 5.13** The external child care placements are now forecast to be £0.1m overspent because of an increase in remand cases and parent and child assessment placements.
- 5.14** Unaccompanied Asylum Seeking Children (UASC) is forecasting a net £0.3m underspend where we are experiencing significant pressure in former UASC 18+ cases due to 27 unfunded cases where appeal rights have been exhausted. However, this is mitigated by a positive

forecast in the UASC budget where additional Home Office funding has relieved the pressure on the budget.

- 5.15** The In house fostering allowances budget is forecasting a £0.4m overspend and is as result of a significant increase in the number of friends and family carers and delays in Court hearings for Special Guardianship Orders.
- 5.16** An overspend of £0.2m is forecast across the Children In Need social work teams and Family Support Group service mainly due to the need to cover vacant posts and provide cover for maternity and sickness with agency staff.
- 5.17** The adoption service is forecasting a £0.2m overspend because of one off costs associated with the transition to the Regional Adoption Agency and difficulties finding local adoption placements leading to the need to use external adoption agencies which has a greater cost.
- 5.18** Unachievable savings of £0.6m generating additional income in the Schools Traded Services remains in the departmental budgets to be managed in 2019/20.
- 5.19** **Use of capital receipts:** Included in the forecast is £0.3m relating to the Edge of Care transformation project. This project commissions a Family Breakdown prevention team to reduce the short and long-term costs of Looked After Children provision. It was agreed through the 2019/20 Budget Report that the cost of this project is funded through the Flexible Use of Capital Receipts.
- 5.20** Children's Social Care are on a trajectory of continuous improvement with strong stable leadership in place. Services for looked after children, care leavers, fostering and adoption are good.
- 5.21** There has been an in-year investment of £0.375m to enable the Council to deliver the Ofsted improvement plan as reported to Cabinet in June which will be met from the Council's Risk Reserve for 2019/20 and will be considered as part of the MTFP for the longer term. This will sustain and assure good practice, achieve consistency by maintaining caseloads at a reasonable level, increase quality assurance processes and continue to deliver practice improvement and coaching interventions to targeted key staff.
- 5.22** Furthermore, moving from agency staffing to permanent staffing in Child Protection and Family Support will stabilise reasonable workloads and encourage social workers to stay in Enfield thus reducing staff turnover.
- 5.23** As per Ofsted recommendations, the investment will deliver improvement in the following areas:
- decision making and quality of plans for children in need
 - the response to children missing from home
 - the response to children in private fostering
 - providing health information for care leavers.
- 5.24** The above investment has resulted in significant practice

improvement and quality assurance. However, Children's Social Care has been unable to keep caseloads at a reasonable level as demand has continued to rise over the last six months. The increase in activity has been due to continued complex needs, ending of the Edge of Care service and significant practice changes within the service.

5.25 Further in-year investment is required, this amounts to £0.125m in year which will be funded by the Risk Reserve and a permanent investment of £0.375m will be considered as part of the MTFP for the longer term.

5.26 The investment will increase the number of social workers creating a new team (six social workers) in the child protection service which will stabilise reasonable workloads and encourage social workers to stay in Enfield thus maintain the positive trend in reducing vacancies, agency workers and staff turnover.

5.27 Housing Related Support

5.28 The Housing Related Support schemes (Supporting People) budget is forecast to overspend by £0.2m. Previous years highlighted a far greater problem where the pace of implementing a challenging decommissioning programme could not keep pace with the expected budget reductions. However, following the Pressures Challenge Board review of Housing Related Support undertaken in 2018/19, it was identified that the full year effect of the programme would reduce the pressure to £0.5m in 2019/20 and that further savings could reduce this by a further £0.25m. Therefore £0.25m was allocated in 2019/20 through the MTFP with the remaining £0.25m for the service to manage. It is now considered by the department that all recommissioning and decommissioning activity will be concluded by December 2019. £8m of savings will have been achieved in this area and reducing this area of activity and spend any further would create cost pressures elsewhere across Social Care and the wider Council.

5.29 Further details are provided in Appendix C.

5.30 Place (Appendix D)

5.31 The Place department is forecasting an overspend position of £1.0m (budget of £35.9m). This is an increase of £0.1m compared to the £0.9m reported in Quarter 1.

5.32 The Passenger Transport (Home to School/SEN Service) continues to forecast a pressure for 2019/20 and this pressure has increased in the last quarter. £2.0m was added to the budget for 2019/20 following the Budget Pressures review undertaken in setting the 2019/20 budget. The £2.0m was considered at the time sufficient to manage the then 2018/19 forecast overspend. However, by the final outturn the overspend had increased to £2.2m and the number of children transported has continued to grow during the first two quarters of this financial year. This growth along with the loss of an external contractor, increasing fuel costs, inflationary pressures and the one off cost of routing software licence is resulting in a £0.9m forecast overspend.

- 5.33** The forecast overspend relating to the Dry Recycling Contract and the budgeted income from the onward selling of the recycling materials has seen a minor improvement where the forecast has reduced from £0.330m to £0.246m for Quarter 2. This position has been deteriorating over the last few quarters and is due to the decreasing commodity prices i.e. income generated from recyclable materials where LBE receive a share of the income, there is also a slight increase in the levels of contamination in dry recycling material and the corresponding increase in the number of rejected loads.
- 5.34** Strategic Property Services continue to report a £0.2m overspend due to the external costs of property assets valuations that was previously undertaken by an external contractor. This was funded by capacity created by a vacant post in previous years which is no longer available.
- 5.35** New pressures have emerged in Quarter 2 relating to rent reviews of assets in the Operational Property portfolio. The first is for St. Andrews Court and resulted in an additional £0.120m for 2019/20. The second asset is Morson Road depot and the rent review negotiations are continuing but the outcome could present a significant future budget risk which will be reported once the negotiations are concluded.
- 5.36** Meanwhile Use income relating to Meridian Water was agreed as part of the savings and income proposals for 2019/20. A £0.1m under achievement is currently forecast because the cost of security is eroding the total income generated which itself is subject to lease agreements.
- 5.37** Though Housing General Fund services are not reporting a pressure at the end of September (Quarter 2) monitor it should be noted that the challenging levels of demand continues to put pressure on the budget and this is predominantly being managed and mitigated by the progress of savings and income generating projects agreed in the 2019/20 budget. In addition, £3.0m is forecast to be applied from the total £7.1m received for the Flexible Homelessness Support Grant.
- 5.38** These are the most significant variances and several areas are forecasting a favourable variance. Further details are provided in Appendix D.
- 5.39** **Use of capital receipts:** There are no changes to the two items relating to Place projects. It was agreed that both the revenue and capital mobilisation costs associated with implementing the new waste changes would be funded from the Flexible Use of Capital receipts. The revenue element being £0.572m and reflected in this report. A more minor overspend of £0.03m relates to the last two months (April and May 2019) of the EDGE transport contract. In previous years this has been funded by the flexible use of capital receipts and the is proposed to continue for 2019/20. There are sufficient capital receipts forecast to be received in 2019/20 to cover these additional commitments.
- 5.40** **Resources (Appendix E)**

- 5.41** The Resources department is forecasting an overspend of £2.7m (budget £39.2m) after the planned use of capital receipts is applied to fund transformational related expenditure. This represents an increase of £1.9m from quarter 1.
- 5.42** The most significant variance of £1.6m now relates to the IT services and is due to several contributory factors. Firstly, difficulties in recruiting to a high volume of vacant posts has led to forecast £0.3m overspend because the service has continued to rely on more expensive work packages arrangements and contracting of a data protection service. A further £0.3m relates to prior year income targets relating to the commercialisation of network assets and infrastructure which are now considered to be unachievable. This item will be added to the proposals to be managed within the Medium Term Financial Strategy for 2020/21. £0.3m has been incurred to deal with remedial unplanned additional security requirements and £0.7m because of slippage to planned projects aimed at achieving IT savings in 2019/20 e.g. delays to the start date of the IT infrastructure project and Housing CX project. It is anticipated that the flexible use of capital receipts is applied to these transformational costs because the projects are being implemented to improve services at a reduced cost. Contractual inflation pressures also account for £0.07m of the overspend and future years contract inflation is proposed to be included in the budget in 2020/21 via the Medium Term Financial Plan.
- 5.43** A pressure of £0.5m is being reported in Procurement and this relates to Council wide savings targets that were set in 2018/19 and whilst savings have been achieved, this pressure represents the balance where it has not been possible to allocate to specific procurement activity.
- 5.44** An overspend of £0.5m continues to be forecast relating to the cost of former employees, specifically the capital cost of early retirement. This cost is met by the General Fund over 5 years and though significant in 2019/20, assuming no further additions this pressure will reduce to circa £0.2m in 2020/21.
- 5.45** The Schools Catering services continue to forecast an overspend for 2019/20 and this has increased to £0.3m. There is a new entrant in the school catering market, and the service have experienced a reduction in the schools purchasing the service.
- 5.46** **Use of capital receipts:** It was agreed in the 2019/20 Budget Report that £1.5m will be used to fund the transformational element of the Procurement and Commissioning hub. In addition to this the Transformation team are restructuring and dependent on the timing of recruitment and based on projects supported, a short term call on further capital receipts will be required in 2019/20 and is likely to continue into 2020/21 is now estimated to be circa £0.4m. IT related transformational activities of £0.5m have also been added this quarter and reflects the work required to implement IT projects which aim to achieve savings within the service e.g. the infrastructure project.

5.47 Corporate Items (Including Contingency & Contingent Items) General Fund

5.48 Corporate expenses include funding set aside in the budget for pay awards, inflation and other corporate pressures are also held in the contingent items budget to be allocated out during the year. Corporate items also include levy payments and treasury management costs, which are made up of interest payments on council borrowing and receipts on investments and the Council maintains a general budget contingency of £3.0m. This will be used to offset the IWE overspend in 2019/20 on a one off basis with the pressure being addressed though the MTFP in the longer term. At this stage in the year there is also a £1.1m forecast underspend in the levies and contingent items budgets.

5.49 Proposed Flexible Use of Capital Receipts (Appendix I)

5.50 With effect from 2016/17 the Government provided a general capitalisation directive to all councils, giving them the option to utilise capital receipts for revenue purposes. These receipts can be used to finance projects that are designed to generate ongoing revenue savings in the delivery of public services and/or transform service delivery to reduce costs and/or transform service delivery in a way that reduces costs or demand for services in future years for any of the public sector delivery partners. £3.256m is forecast to be applied in 2019/20 of which £1.8m has already been agreed in the Council Budget report for 2019/20 to fund the Procurement & Commissioning co-managed service and Edge of Care Contract. Since the Budget Report four further items listed in the table below have been proposed to be funded by the flexible use of capital receipts but will require Council approval. The table below illustrates where the funding is applied to:

5.51 Table 2: Planned and Proposed Flexible Use of Capital Receipts

Service Area	£m
Edge of Care (Children's)	0.320
Procurement & Commissioning co-managed service	1.457
Transformation Team	0.377
EDGE transport contract	0.030
Mobilisation costs associated with the implementation of waste service changes	0.572
IT	0.500
Total	3.256

5.52 The Government has extended this flexibility until 2021/22. However, the Council is mindful of over reliance on and sustainability of this one-off funding. The EDGE contract, Edge of Care and co-managed procurement and commissioning arrangements are time limited costs.

However, the Council's ongoing investment in transformation and ICT indicates that longer term solutions to fund these pressures will be needed in future years.

5.53 Dedicated Schools Grant (DSG) Budgets (Appendix F)

- 5.54** For 2019/20 Enfield received a total Dedicated Schools Grant allocation of £334.187m and the funding is allocated across four blocks; £259.009m for the Schools Block, £2.925m for the Central Schools Services Block, £25.410m for Early Years and £46.843m for the High Needs Block.
- 5.55** During 2018/19, due to receipt of additional High Needs funding and underspends on the Schools and Early Years Blocks, there was a net underspend which resulted in a net DSG surplus of £0.38m brought forward to 2019/20. This was expected to be a short term position as the budget setting process had already highlighted pressures in several high needs budgets that were likely to result in overspends. There continues to be cost pressures in supporting and providing suitable placements for SEN pupils but wherever possible pupils are placed in borough. There are plans in place to develop additional provision in the borough over the next 3 year period which will help to reduce costs.
- 5.56** The in-year forecast outturn position is a deficit of £4.24m. This is due to a projected overspend of £4.95m in the High Needs Block offset by an underspend of £0.71m in the Schools Block due to reduced rates liability for schools converting to academies and projected underspends in the growth fund and school appeals service. The main pressures in the High Needs Block relate to increased costs for out borough placements due to additional pupils, full year effect of pupils starting in 2018/19 and the Education budget picking up the full cost of complex care pupils who have turned 18 (costs previously split between education, health and social care). Since quarter 1 further pressures have emerged in the number of post 16 students attending college with high needs support, an additional 55 places created at West Lea special school and additional staffing in both the Special Education Needs and Education Psychology Services required to meet increasing levels of demand. The 2018/19 included some contingency within the out borough placements budgets, but this was not possible in 2019/20, due to budget constraints, so any additional costs immediately result in overspends.
- 5.57** Therefore, the cumulative forecast deficit at year end is £3.86m and will be the first call on the 2020/21 grant allocation and therefore reduce the funding available for next year's allocation. The Government has recently announced indicative DSG allocations for 2020/21 which included an increase of circa £7m for the High Needs block and although this is welcomed, increasing levels of demand and the full year impact of this year's new placements will mean that the DSG will continue to experience financial pressure.

6 ACHIEVEMENT OF SAVINGS (Appendix G)

- 6.1** A risk-based approach to the monitoring of savings is undertaken as part of the monthly budget monitoring, where a score is given in relation to the value of saving or income and the likelihood of delivery, these are then multiplied together and the total score provides the following risk ratings:
- Blue - Banked i.e. fully achieved
 - Green - On track
 - Amber - At risk of delivery
 - Red - Undeliverable
- 6.2** The savings include those that are new for 2019/20 plus the full year effect of previous decisions and savings/income from 2018/19 or before that continue to have an adverse impact on the current year budget. These last items were considered in the budget setting process for 2019/20 and decided that they will remain with the service departments to be managed during this financial year. Where these items continue to cause a pressure that can't be managed they will be addressed in the 2020/21 budget setting process along with new emerging pressures.
- 6.3** Of the £20.6m departmental savings, £14.7m is expected to be fully delivered at this stage. This consists of £10.0m which has been fully achieved and a further £4.7m which are on track for delivery. This includes £3.4m of corporate savings that are expected to be fully delivered.
- 6.4** However, £4.4m and £1.4m are amber or red risk status. These risk ratings are reflected in the forecast outturns for each department and form part of the reasons for variances as described in the narrative above. The red saving relates to income generation, specifically related to the Schools Traded Services where the risks of delivery include timing and speed of implementation and change in market conditions e.g. school funding reductions placing pressure on schools' budgets and therefore reducing opportunities.
- 6.5** Further details for each department are summarised in the charts and tables in Appendix 6.

7 HOUSING REVENUE ACCOUNT (HRA)

- 7.1** The HRA projection for Quarter 2 shows a forecasted £0.1m overspend for 2019/20.
- 7.2** The Repairs and Maintenance budget is reporting an underspend of £0.1m. This is partly due to a decrease in void works due to a reduced number of properties needing works and partly due to increased capitalisation of boiler replacements. The implementation of in-sourcing the responsive repairs service this year is expected to be within agreed budget levels.
- 7.3** The estimated void rate for 2019/20 for rents from shops, garages and community halls was expected to be 60% whilst current projections show that the void rate is now 74%. The increase in void rate has

reduced the level of income expected to be received this year by £0.2m.

7.4 Fire safety works continue to be prioritised this year.

8 ALTERNATIVE OPTIONS CONSIDERED

8.1 Not applicable to this report.

9 REASONS FOR RECOMMENDATIONS

9.1 To ensure that Members are aware of the projected budgetary position, including all major budget pressures and underspends which have contributed to the present monthly position and that are likely to affect the final outturn.

10 COMMENTS OF OTHER DEPARTMENTS

10.1 Financial Implications

10.1.1 It is imperative to continue to keep under review the financial position of the Authority. The revenue monitoring is a key part of this review process. There is further work to be done to ensure a budget can be set within available resources.

10.1.2 Management of this financial year's position, and the long-term sustainability of the Council's finances (as expressed in the budget and MTFs) will require ongoing focus and effort by officers and councillors. The corporate failure of Northamptonshire County Council acts as a reminder for all local authorities of the need to continue to manage their finances tightly, and to make sometimes difficult decisions despite the prevailing circumstances (e.g. the sustained reductions in funding since 2010, the uncertainty created by Brexit, and growth pressures in many areas).

10.2 Legal Implications

10.2.1 The Council has a statutory duty to arrange for the proper administration of its financial affairs and a fiduciary duty to taxpayers with regards to its use of and accounting for public monies. This report assists in the discharge of those duties.

10.3 Property Implications

10.3.1 Not applicable in this report.

11 KEY RISKS

11.1 There are several general risks to the Council being able to match expenditure with resources this financial year and over the Medium Term Financial Plan: -

- Achievement of challenging savings targets.
- Brexit and the state of the UK economy - which impacts on the Council's ability to raise income from fees and charges and on the provision for bad debt.
- Impact of the fall in the pound on inflation and pay

- Demand-led Service Pressures e.g. Adult Social Care, Child Protection etc.
- Potential adjustments which may arise from the audit of various Grant Claims.
- Movement in interest rates.

11.2 Risks associated with specific Services are mentioned elsewhere in this report.

12. **IMPACT ON COUNCIL PRIORITIES – CREATING A LIFETIME OF OPPORTUNITIES IN ENFIELD**

Good homes in well-connected neighbourhoods

Effective financial management provides the basis for the Council to achieve its priorities and objectives. This report explains a key part of effective financial management and the progress that has been made during the year.

Sustain strong and healthy communities

Effective financial management provides the basis for the Council to achieve its priorities and objectives. This report explains a key part of effective financial management and the progress that has been made during the year.

Build our local economy to create a thriving place

Effective financial management provides the basis for the Council to achieve its priorities and objectives. This report explains a key part of effective financial management and the progress that has been made during the year.

13. **EQUALITIES IMPACT IMPLICATIONS**

13.1 The Council is committed to Fairness for All to apply throughout all work and decisions made. The Council serves the whole Borough fairly, tackling inequality through the provision of excellent services for all, targeted to meet the needs of each area. The Council will listen to and understand the needs of all its communities.

13.2 The Council does not discriminate on grounds of age, colour, disability, ethnic origin, gender, HIV status, immigration status, marital status, social or economic status, nationality or national origins, race, faith, religious beliefs, responsibility for dependants, sexual orientation, gender identity, pregnancy and maternity, trade union membership or unrelated criminal conviction. The Council will promote equality of access and opportunity for those in our community who suffer from unfair treatment on any of these grounds including those disadvantaged through multiple forms of discrimination.

13.3 Financial monitoring is important in ensuring resources are used to deliver equitable services to all members of the community.

14. PERFORMANCE MANAGEMENT IMPLICATIONS

- 14.1 The report considers the financial impact of changes arising from reduced funding. The projections and future pressures on the budget are viewed with due consideration of financial management and the most efficient use of resources.

15. HEALTH AND SAFETY IMPLICATIONS

- 15.1 Not applicable in this report.

16. HUMAN RESOURCES IMPLICATIONS

- 16.1 Not applicable in this report.

17. PUBLIC HEALTH IMPLICATIONS

- 17.1 The Council's budget continues to contribute towards public health outcomes throughout the borough, through the £16.8m Public Health grant as well as through services provided within the Councils general fund budget.

Background Papers

Financial Resilience Key Performance Indicators

A summary overview of financial performance is outlined below in Table 1. The intention of this is to provide the key highlight messages in a “dashboard” style summary. It is designed to capture the key messages across the Council’s main financial areas, namely:

1. Income and expenditure;
2. Balance sheet (liquidity, debtor/creditor management, investments and use of balances); and
3. Cash flow forecasting and management.

Table 3: Summary performance overview

Financial Indicator	Status @ Q2	Key Highlights
Income & Expenditure Position – General Fund Year end forecast variances		Year-end variances of £5.7m overspend have been forecast to date in relation to General Fund net controllable expenditure. Departments are developing actions to mitigate the pressure to offset identified pressures.
Progress to Achieving Savings MTFP (current Year)		Savings monitoring has identified a total of £1.4 considered a high risk rated/ undeliverable and a further £4.4m that are at risk of delivery. These are reflected in the reported overspend for Quarter 2 2019/20.
Income & Expenditure Position – HRA		The HRA is projecting a £0.1m overspend position at year-end outturn.
Income & Expenditure Position – DSG		The DSG is forecasting a £4.2m overspend at year-end outturn against budget. Therefore, the cumulative deficit is forecast to be £3.8m and will be the first call on the 2020/21 grant allocation.
Cash Investments; Borrowing & Cash Flow		The current profile of cash investments continues to be in accordance with the Council’s approved strategy for prioritising security of funds over rate of return.
Balance Sheet - General Fund balances year end projections		The outturn projection for General Fund balances will meet the Council’s Medium Term Financial Strategy target based on the use of uncommitted reserves to meet one-off overspends in 2019/20.

Appendix B

Chief Executives	Current Budget	Forecast Outturn	Flexible Use of Capital Receipts	Forecast Variance
	£000	£000	£000	£000
Other minor variances less than £50k	10,367	0	0	0
Chief Executive's Department Total	10,367	0	0	0

Appendix C

People Department	Current Net Budget	Forecast Outturn	Flexible Use of Capital Receipts	Forecast Variance
	£000	£000	£000	£000
<p>Adult Social Care <i>Key assumptions within the forecast are based on projected activity and year to year trends. In future years there is an increased budget pressures due to demographic pressures, provider cost pressures and a growing demand for social care services.</i></p>				
<p>Strategy & Resources These services include, grants to voluntary organisations, Safe Guarding and Service Development. The projected underspend is within Safeguarding Adults, deprivation of liberty safeguards (dols) where more efficient use of existing resources has delivered an underspend this year. however, with an increasing number of dols year on year, this will support delivery of more activity within existing resources.</p>	4,868	(95)	0	(95)
<p>Mental Health The service is currently projecting a zero variance.</p>	5,952	0	0	0
<p>Learning Disabilities The service continues to project an overspend position because of managing demand led services. There are 25 transition cases in 2019/20. Savings will continue to be made in year however, demand for services continues to rise because of demographics.</p>	21,470	1,786	0	1,786
<p>Older People and Physical Disabilities (the Customer Pathway) The service is projecting care purchasing overspends due to demand led services, within residential and community based services. Substantial savings have been made in year however, demand for services continues to rise because of demographics.</p>	29,581	1,231	0	1,231
<p>IWE This includes the management fee to IWE plus client income at Bridgewood House.</p>	10,718	1,500	0	1,500

<p>IWE continue to experience significant cost pressures which is forecast to lead to a £1.5m overspend, due to increasing demand and the company being the Council's provider of last resort. This has resulted in increased staffing needs at Bridgewood and elsewhere.</p> <p>The breakdown of the overspend is:</p> <ul style="list-style-type: none"> • Staffing costs of running Bridgewood - £1.0m • Company Management staffing costs - £0.3m • Other staffing costs i.e. pay award, enhanced pay - £0.4m • There is also an over achievement of income of £0.2m <p>The above overspend total of £1.5m will be monitored closely in the current financial year.</p>				
<p>Better Care Fund (BCF) Additional BCF monies agreed with the CCG</p>	0	(548)	0	(548)
Adult Social Care Sub total	72,589	3,874	0	3,874
<p>Public Health The Departmental forecast also includes ring fenced Public Health Grant. Public Health grant allocated in 2019/20 is now £16.38m, this reflects a reduction in grant of £444k. There is a risk that demand led sexual health services could result in additional pressures.</p>	(4,423)	0	0	0
Public Health Sub total	(4,351)	0	0	0
<p>Housing Related Support All recommissioning/decommissioning activity will be concluded by December 2019. £8m of savings will have been achieved in this area. Reducing this area of activity and spend any further would create cost pressures elsewhere across Social Care and the wider Council</p>	2,469	257	0	257
Housing Related Support Sub total	2,469	257	0	257
Education				
<p>Enhanced Pensions Projected underspend on enhanced pension budgets based on current monthly trend</p>	1,942	(68)	0	(68)

Traded Services Traded Services additional income targets for 2017/18 (£230k) and 2018/19 (£417k) will not be achieved due to contraction of school budgets. This was partly managed in the 2019/20 budget setting process but remained with services to manage in year.	(615)	615	0	615
Other Minor Education Variances	3,747	0	0	0
Education Sub Total	5,074	547	0	547
Children's & Families				
Children In Need – Social Work team The forecast overspend is due to agency staff covering vacant posts and providing maternity cover within the service.	3,821	637	0	637
Children In Need – Family Support Group The forecast overspend is due to agency staff covering for sickness and vacant posts.	2,409	118	0	118
Special Guardianship Allowances The area received a growth of £660K in the 2018/19 budget and £710K this year. Since April 2019 22 SGOs have been granted and projection includes 37 planned SGO cases (approximately a 30% increase on 2018/19).	2,337	(191)	0	(191)
In House Fostering Allowances The area is overspent mainly due to a significant increase in the number of Friends and Family carers and rate increase for second child placement and delays in Court hearings for Special Guardianship Orders.	2,395	368	0	368
Adoption Overspend is mainly due to inter-agency fees and Regional Adoption Agency pressures.	1,413	173	0	173
Support costs for Looked After Children (excluding accommodation costs) Previous indications were that this was an area of declining activity however, demand for the service has increased during 2019/20.	348	75	0	75
UASC Underspend is due to the Home Office funding exceeding the cost.	279	(795)	0	(795)
Former UASC 18+ Overspend due to the 27 unfunded clients	719	523	0	523

(appeal rights exhausted).				
External Child Care Placements The area received a growth of £970K in 2019/20 and, based on information currently available, the area is projected to be overspent due to six secure remand cases and parent & child assessment placements.	6,090	100	0	100
Edge of Care As agreed in the 2019/20 Budget Report the Edge of Care costs will be funded from the flexible use of capital receipts. The forecast includes the contract costs plus £80k payment by results payment for the first cohort.	0	320	320	0
Other Children's & Families Minor Variance	18,350	374	0	374
Children's & Families Sub total	38,161	1,702	320	1,382
People Total	113,870	6,380	320	6,160

Appendix D

Place	Current Budget	Forecast Outturn	Flexible Use of Capital Receipts	Forecast Variance
	£000	£000	£000	£000
Development Management The projected favourable variance of £85k is mainly due to salary under spend created by vacant posts awaiting recruitment.	988	(85)	0	(85)
Traffic & Transportation £100k favourable variance, due to additional income from applications for Traffic Orders (such as increased utility works).	165	(100)	0	(100)
Regulatory Services £70k favourable variance, due to additional income from Enforcement (FPNs).	2,215	(70)	0	(70)
Health and Safety Team £140k favourable variance is forecast, due to staffing under spend created by vacant posts.	485	(140)	0	(140)
Cemeteries £60k adverse variance is reported due to delays resulting from the original contractor going into administration and a new contractor being appointed. The delay pushes back when it is anticipated that the income the will be received from the additional burial plots being created from the Edmonton Expansion Programme.	(1,305)	60	0	60
Waste Client The over spend is mainly due to the increased costs for Dry Recycling (2019/20 Q1 was £310k compared to 2018/19 Q4 £275k and Q3 £247K and Q2 £219k). 1) Commodity prices deteriorating which impacts on level of income expected from onward selling of materials 2) Small increase in rejections 3) Increase in contamination levels	2,299	246	0	246

<p>Waste Operations The forecast additional cost is the planned revenue mobilisation costs associated with the implementation of the waste changes. This was agreed at Cabinet on the 13th February 2019, which also stated that the costs would be funded by the flexible use of capital receipts.</p>	5,970	572	572	0
<p>Parks Operations Due to efficiencies generated from the Cemeteries In House Contract and other operational costs</p>	2,289	(70)	0	(70)
<p>Passenger Transport Service (Home to School/SEN) £508k of the cost pressure is directly attributable to increase in demand. The child numbers are going up (based on the 2018/19 average costs). From April 2018/19 to September 2019/20 the total number of out of Borough, in Borough and Personal Travel Budget placements have gone up by 95, 13 and 11 respectively.</p> <p>The 2019/20 budget was based on the forecast at December 2019 and since then further demand increased the requirement by a further £200k by the start of 2019/20.</p> <p>Fuel cost increase is estimated at £33k. RPI (Annual Contractual Inflation Uplift) £50k. One off IT Costs (Mission Routing Software Year Licence) £30k.</p> <p>The loss of a major contractor), which meant the Council has had to use the second highest bidder (using the reserve auction transport tender) which increased the cost by £120k</p>	6,324	941	0	941
<p>Strategic Property Services (SPS) The overspend is due to external costs of property assets valuation</p>	422	150	0	150

(capital accounting).				
Operational Property An adverse variance is projected due to the rent reviews for Morson Road Depot and St. Andrews Court. The Council is currently negotiating the rent review for Morson Road however the outcome represents a significant budget risk but has yet to be concluded yet, whilst the St. Andrews review has been agreed at £120k and reflects the overspend reported in Q2.	4,050	120	0	120
Economic Development The £150k favourable variance is due to vacant posts and staff recharges to Regeneration capital schemes and Housing Estates.	500	(150)	0	(150)
Meridian Water Meanwhile Use Income The over spend is due to security costs, eroding the income projections. Estimated income is £1,085k for 2019/20. But is subject to lease agreements.	(1,190)	105	0	105
Leisure & Culture Services £65k adverse variance is reported due to a forecasted shortfall in income.	127	65	0	65
Other Minor variances below £50k £30k required to fund Edge Contract costs for April and May 2019	12,524	(12)	30	(42)
Place Total	35,864	1,632	602	1,030

Appendix E

Resources	Current Budget	Forecast Outturn	Flexible Use of Capital Receipts	Forecast Variance
	£000	£000	£000	£000
<p>Cost of former Employees All cost of former employees have now been centralised from across the Resources Department, where as these would previously have caused smaller pressures within each of the services budget. The pressure is due to the capital cost of early retirement, whilst in year redundancy costs will be funded from the Corporate Redundancy reserve.</p>	706	494	0	494
<p>Income & Collection There is a forecast overspend of £0.275m due to staffing costs. This will be reviewed and service are also looking at options to increase service income to help mitigate the current pressure.</p>	566	275	0	275
<p>Procurement & Commissioning The forecast outturn reflects the agreement to fund the cost of the EY Contract from flexible use of capital receipts as reported in the 2019/20 Budget Report and previously agreed Council wide procurement savings targets of £0.5m that remain unallocated to specific services.</p>	752	1,970	1,457	513
<p>Catering Service The forecast overspend is because of schools no longer buying into the service.</p>	(173)	263	0	263

<p>ICT & Transformation</p> <p>Although the transformation team are not forecasting a variance, a restructure of the team was agreed to be part funded by the flexible use of capital receipts reflecting the transformational activities undertaken by the team. This was originally estimated at £0.2m but will depend on recruitment and the level of project activity and this requirement has now increased to £0.377m.</p> <p>ICT services are forecasting a £1.6m overspend as at Q2, this is due to:</p> <ul style="list-style-type: none"> • Contractual inflation pressures totalling £0.075m, this is proposed to be built in to the budget for 2020/21 as part of the MTFS proposals • £0.3m for remedial unplanned additional security requirements • £0.7m because of slippage in planned projects leading to ICT savings being not fully delivered in 2019/20, e.g. delays to the start date of the infrastructure project and Housing CX. • £0.3m relating to income associated with commercialising Network assets is not considered unachievable • £0.3m caused by difficulties in recruiting to vacant posts, following four recruitment cycles, this has led to the continued reliance on more expensive work packages or via short term contracting of a data protection service. 	12,184	1,992	877	1,115
Other minor variances	25,160	12	0	12
Resources Total	39,195	5,006	2,344	2,672

Dedicated Schools Grant 2019/20	Budget Variation £000
<p>High Needs Block Forecast overspend is due to:</p> <ul style="list-style-type: none"> • Increased cost of out borough placements because of additional pupil numbers • Full year effect of pupils starting in 2018/19 • Education service picking up the full cost of complex care pupils who have turned 18 (costs previously split with Health and Children's Social Care). • Additional 55 places provided at West Lea Special School • Post 16 students attending college and required high needs support. • Additional staffing required in Special Education Needs and Educational Psychology Service teams to meet increased levels of demand. 	4,945
<p>Schools Block Underspend is due to reduced rates liability for schools converting to academies and forecasted underspends in the growth fund and Appeals service.</p>	(708)
DSG Net Total Variance	4,237

Flexible Use of Capital Receipts Strategy: Update to Planned Use 2019/20

Appendix I

2019/20 Estimated Cost of Start-Up Initiatives to be funded:	2019/20 £	Planned Savings and Demand Reductions
People <ul style="list-style-type: none"> • Edge of Care (Children's) 	320k	The Edge of Care transformation project will commission a Family Breakdown prevention team to reduce the short and long-term costs of Looked After Children provision.
Resources <ul style="list-style-type: none"> • Procurement and Commissioning co-managed service contract 	1,457k	Procurement services/roles across the Council were brought together to form the Procurement & Commissioning Hub as part of the Enfield 2017 transformation programme. The Procurement & Commissioning Hub is made up of Enfield employees and the Council's co-manage partner EY. A focus of the work carried out by the hub is on contract and commissioning reviews, innovative procurement and programme management of MTFP savings.
<ul style="list-style-type: none"> • IT Service 	500k	The service is implementing changes to the infrastructure contracts aimed at achieving significant cost reductions and transforming how services are delivered.
<ul style="list-style-type: none"> • Transformation Team 	377k	<p>The Transformation Service manages a diverse Portfolio of Programmes, designing, planning and managing activity on behalf of Directors across the council, hiring and managing specialist IT and other resources, as required for each individual project. The projects listed below are those relating to revenue projects:</p> <ul style="list-style-type: none"> • Build the Change Programme <ul style="list-style-type: none"> ○ Intranet Project ○ Collaboration (Sharepoint) ○ New Device roll out

		<ul style="list-style-type: none"> ○ Asset Management System replacement ○ Flexible Working Project ○ Operational Buildings Review ○ Property Strategy and Development Project ● Customer Experience Programme <ul style="list-style-type: none"> ○ Customer Journey Project 3A – Recruitment and onboarding ○ Customer Journey Project 3B – Planning Applications ○ Learning & Development, Workforce and Culture Change ○ Libraries Hub Access Centre ○ Customer Insight and Performance Monitoring ○ Customer Experience ICT Experience <ul style="list-style-type: none"> ▪ ININ re-procurement ▪ Enterprise telephony ▪ Website and Enfield Connected software upgrades (Evolve) ▪ Bartec Integration for the waste service and its customers
Place <ul style="list-style-type: none"> ● EDGE Transport Contract 	30k	The EDGE Transport Contract is an invest to save initiative relating to the Councils People Transport Service, carried out by EDGE Public Solutions with and on behalf of the Council. This is the third and final year of the project and has been successful in terms of both savings and improvement of customer experience.
<ul style="list-style-type: none"> ● Mobilisation costs associated with the implementation of waste service changes 	572k	The changes being implemented will revise the waste and recycling collection system for kerbside properties with a wheeled bin. The changes are:

		<ul style="list-style-type: none"> • To collect refuse every fortnight rather than weekly (collections from the property will • be made on the alternative week to collections for dry recycling) • To collect dry recycling every fortnight rather than weekly (collections from the • property will be made on the alternative week to collections for refuse) • To provide a new service of a weekly separate food waste collection • To introduce a £65 per year charge to collect garden waste from households that opt • into the scheme (additional bins per property will be charged at £65 per year) • recruitment of 2 additional Recycling Officers • recruitment of 2 additional Enforcement Officers • To invest £500k in Street Cleaning Services. <p>The total net savings over the 5-year business plan will be £7.5m from Waste Services, where the financial savings from the agreed option was significantly higher when compared to any other proposal or the current collection system, it conforms with the Mayor's Environment Strategy by providing separate food waste collections and has a projected step change in recycling to 49%.</p>
