DECISION							
<p>AGREED subject to not being called in:</p> <ol style="list-style-type: none"> To commence initial consultation with residents and leaseholders to gauge support for the introduction of permit parking, based on a suggested annual permit charge of £75, discounted to £25 for zero-emission vehicles. To delegate authority to the Director of Housing and Regeneration to agree a programme of consultation for the project. 							
ALTERNATIVE OPTIONS CONSIDERED							
<ol style="list-style-type: none"> Do nothing – this is not recommended as it will not address existing parking problems on Council Housing estates. Retaining the permit price at £50 per year – this is not recommended as the cost does not cover the administration and enforcement costs associated with permit parking schemes. Aligning permit costs to those charged for on-highway CPZs – this is not recommended as the cost could have a disproportionate impact on lower income households 							
REASONS FOR RECOMMENDATIONS							
<ol style="list-style-type: none"> The proposed consultation will enable the views of tenants and leaseholders to be taken into account to help determine interest in and priorities for further estate permit parking schemes. The improved management of parking on estates is expected to result in a number of benefits, including: <ul style="list-style-type: none"> Enables parking for tenants/ leaseholders to be prioritised Helps ensure access for emergency services and refuse collection. Demonstrates commitment to better manage estates, providing additional powers to deal with abandoned vehicles etc Regular patrols by civil enforcement officers to provide additional presence on estates Aligns with strategic aims of Council relating to climate change, active travel etc Enables more efficient use of land and the possibility of higher density development, subject to meeting relevant planning policies and standards.
