 - a) note the contents of this report; and
 - b) Note and consider the Annual Report for 2021/22 with all the statutory documents. (attached as Appendix A to this report);
 - c) Note the Enfield Pension Fund ranking and returns as prepared and produced by PIRC (Pensions & Investment Research Consultants Ltd) UK Local Authority League table for 2021/22, set in section 31 to 34 and Appendix B of this report.

Reason for Proposal(s)

4. The Committee acts as quasi-trustee to the Pension Fund and as such acts in the capacity of the Administering Authority of the Pension Fund. The Committee's terms of reference require that the Annual Report and Accounts on the activities of the Fund are presented and approved prior to their publication. The Local Government Pension Scheme Regulations 2013, Regulation 57 require the Pension Fund to publish its report and accounts by 1st December following the financial year end and for the Report to contain a number of standard items.
5. The publication of the Pension Fund Annual Report and Statement of Accounts helps to keep Fund members informed, shows good governance and helps to demonstrate effective management of Fund assets.

Relevance to the Council's Corporate Plan

6. Good homes in well-connected neighbourhoods.
7. Build our Economy to create a thriving place.
8. Sustain Strong and healthy Communities.

Background

9. The Council as an administering authority under the Local Government Pension Scheme Regulations and is therefore required to produce a separate set of accounts for the scheme's financial activities and assets and liabilities.
10. The contents and format of the accounts are determined by statutory requirements and mandatory professional standards as established by the Chartered Institute of Public Finance (CIPFA) in their Service Code of Recommended Practice (SERCOP). The annual report has been prepared in

accordance with the Local Government Pension Scheme Regulations 2013 and includes all the items required.

11. The London Borough of Enfield is the Administering Authority for the London Borough of Enfield's Pension Fund and the Pension Policy and Investments Committee act as trustees of the Pension Fund which includes overseeing the accounting and financial management of the Pension Fund.

The Annual Report and Statement of Accounts

12. The Accounts comprise two main statements with supporting notes. The main statements are:
 - i) Dealings with Members Employers and Others which is essentially the fund's revenue account; and
 - ii) The Net Assets Statement which can be considered as the fund's balance sheet.
13. The return on investment section of the accounts sets out the movement in the net worth of the fund in the year by analysing the relevant financial transactions and movements in the market value of the investment portfolio. The statement has two main sections:
 - i) The financial transactions relating to the administration of the fund; and
 - ii) The transactions relating to its role as an investor.
14. Overall, the Fund's assets had increased by £256m in the financial year. The reduction was due to the under performance of the financial markets in which the Fund held its investments and a net withdrawals of fund expenditure over income.
15. The net asset statement represents the net worth (£1,406m) of the Fund as at the 31st March 2021. The statement reflects how the transactions outlined in the other statement have impacted on the value of the Fund's assets.
16. The Fund income section of the report principally relates to the receipt of contributions, from employers and active members, and the payment of pensions benefits. The section indicates that the Fund is cash positive in that that the receipt of contributions exceeds payments, which stood at £5.5m net additions for 2020/21 compared to net addition of £6.9m in 2019/20.
17. Investment income increased slightly by some £1.2m over the year as expected this is in line with the Fund assets appreciation. Transfer Values received (amounts paid over when a fund member transfers their benefits from one fund to another) was more by £1.5m over the year. It is not possible to predict the value of transfer value payments as they are dependent on an individual's length of service and salary and as such may vary significantly. The total contributions decreased over the year by £530km.
18. In 2020/21 the overall expenditure increased by some £933k. The major contributors were the overall benefits paid which increased by some £1.6m over the year. The management expenses went up by £1.9m.

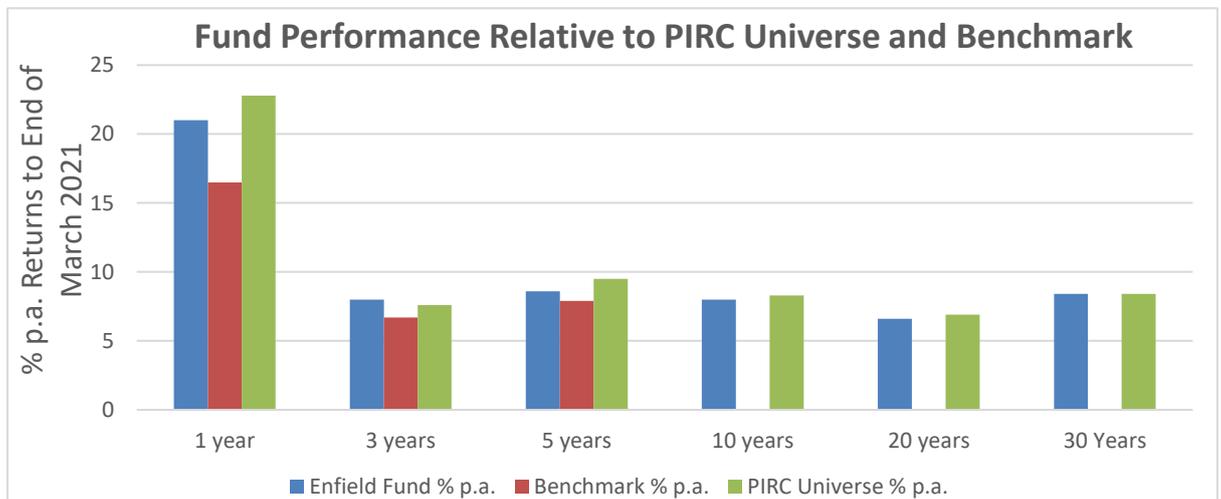

19. Overall, fund membership has increased slightly from 23,123 to 23,690, an increase in membership number of 567. The active members increased by 357 members over the year whilst deferred members decreased by 89 and the Retired membership increased by 199 members.
20. The investment performance section of the report details returns on the investment portfolio, the impact of managers' activities and investment markets on the value of investments.
21. As the pension fund accounts remain part of the financial statements of the Council as a whole, the Audit Committee retain ultimate responsibility for receiving, considering and agreeing audit plans as well as receiving any reports arising from the audit. However, the Audit Plan for the Pension Fund and any reports arising from the audit will be reported to this Committee.
22. The External Auditor provides an independent assessment of the Council's Pension Fund financial statements, systems, procedures and performance. The external auditor is required to issue an ISA 260 report, an opinion on the Council's accounts and this will include an opinion on the Pension Fund accounts. The ISA 260 report sets out their opinion and any issues which they believe the Committee should be aware of.
23. The audit of the Pension Fund accounts is yet to be completed and an ISA 260 report will be issued by the auditor once completed, at the time of writing this report ISA 260 has not been issued.
24. The Pension Fund audit is being undertaken by BDO and the audit fee is being maintained at £21,000, this would be charged to the Pension Fund.
25. The annual report also includes three key statements (Funding Strategy Statement, Investment Strategy Statement and Governance Compliance Statement) relating to the management and governance of the scheme and each statement serves a different purpose.
26. The Funding Strategy Statement (FSS) is currently being review, although a detailed review was carried out after the 2019 triennial valuation.
27. The purpose of the Funding Strategy statement is threefold:
 - i) To establish a clear and transparent fund specific strategy which will identify how employers' pension liabilities are best met going forward;
 - ii) To support the regulatory framework to maintain as nearly constant employer contributions rates as possible; and
 - iii) To take a prudent longer-term view of funding those liabilities.
28. The Investment Strategy Statement (ISS). The Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016 require administering authorities to formulate and to publish a statement of its investment strategy, in accordance with guidance issued from time to time by the Secretary of State.

29. This ISS is designed to be a living document and is an important governance tool for the Fund. This document sets out the investment strategy of the Fund, provides transparency in relation to how the Fund investments are managed, acts as a risk register, and has been designed to be informative but reader focused.
30. The Governance Compliance Statement sets out the Council's policy as the administering authority in relation to its governance responsibilities for the Fund.

Workforce Implications
