

London Borough of Enfield

Health and Adults Social Care Scrutiny, 15th Sept 2022

Subject: Enfield Smoking Plan

Cabinet Member: Cllr Alev Cazimoglu

Executive Director: Tony Theodoulou

Purpose of Report

1. For discussion of Enfield plan to become smoke-free (<5% prevalence) by 2030,

Relevance to the Council Plan

2. Smoking is the greatest cause of preventable ill-health and healthy inequalities in the borough, the Enfield plan seeks to increase health and well-being for all.

Background

3. The national ambition is to become smoke-free by 2030. This is Enfield's response to this challenge.

Main Considerations for the Panel

4. There is controversy about the possible encouragement of Electronic Nicotine Delivery Systems (ENDS) (e-cigarettes). The plan advocates the expansion of smoke-free zones.

Conclusions

5. Achieving a smoking prevalence of 5% or less would dramatically improve health and reduce health inequalities.
