- The primary focus of the Town Centre Team (TCT) is violence reduction with an emphasis on serious youth violence and violence against women and girls, while rebuilding trust and confidence. This will be achieved through high visibility policing in intelligence led hot spots and by working in partnership with local stakeholders including business owners and youth groups to understand root causes and work together to provide long term solutions to ongoing problems.
- Key Achievements for the past month of the Edmonton Green Town Centre Team were discussed and full details of these were included in the report.

- Chief Inspector Curran along with Superintendent Rhona Hunt provided information on recent staffing changes over the last 6 months which had resulted in a fair amount of movement/promotions etc. However, it was hoped that the next two years would see a lot more consistency and positivity, especially with regards to Neighbourhood Policing as there was a huge recruitment drive around this area and there had been a lot of interest from officers wanting to fill these positions and work within the communities. It was envisaged that in the

SAFER NEIGHBOURHOOD BOARD - 19.7.2022

not too distance future there would be a lot more police officers coming back onto the streets.
