<b>OPTIONS CONSIDERED</b>							
<ol style="list-style-type: none"> <li>1. Round 2 of the Enfield Neighbourhood Fund could be run in the same manner as Round 1.</li> <li>2. However, this would remove the opportunity to benefit from the learning from Round 1, which, if applied, is likely to increase the quality of bids and more closely align them to the Council Plan 2020-22 priorities.</li> <li>3. It would also prevent the uplift of funding, which has been made possible by the increase in CIL receipts.</li> </ol>							

**REASONS FOR PROPOSAL**

1. Section 106 agreements and the Community Infrastructure Levy (CIL) are used to fund the provision of supporting infrastructure in association with development. They maximise the benefits and opportunities from growth such as employment opportunities and affordable homes.
2. Round 1 of the Enfield Neighbourhood Fund (the Neighbourhood CIL element) proved successful, with 8 community and 6 Local Authority projects receiving funding totalling £587,278. Details of these bids are shown below at paragraphs 28 and 29 respectively.
3. Learning from Round 1 has been used to evaluate how best to proceed with future rounds of funding, and changes are proposed.
4. It is proposed that the evaluation criteria be linked to the Council Plan 2020-22 going forward, that available funding is increased in line with increased CIL receipts. It is recognised that further developments may be required going forward in line with future iterations of the Council Plan.
