Director of Development (Peter George)	Monday 28 November 22	Part 1 & 2 (Para 3)	<p>Meridian Water Security Budget Extension</p> <p>1. An extension of the existing Profile Security contract will allow for adequate security over these areas, for the rest of this year and next as well as allow sufficient time to find different and more cost, effective solutions. These solutions will be influenced by the progress of the HIF funded SIW's and tenancies that we may be able to put in place once handover has occurred with SIW, in April 2023. When handover happens Once handover has occurred and SIW are in place, security requirements across the site can be adjusted accordingly. The level of reduction will depend on the HIF funded SIW programme. There will always be a significant security requirement for the East Bank even when SIW are in place, as there are areas that are susceptible to fly tipping and incursions.</p> <p>2. Security will be required across Tear Drop and Anthony Way as these areas will not be included within SIW. When we ramp up events on East Bank – whether at BLOQS, 4 Anthony Way (through Support the Cause), security presence across the Estate will become increasingly important, we will explore the use of the service charge to reduce the cost to the Council . If Phoenix Wharf is not to be used by SIW, there is a requirement for continued security in this area, to prevent fly tipping along the</p>

It is recommended that the additional £800,000 of expenditure towards the security contract that covers the period between November 2022 to December 2023 is approved.</p> <p>The report sets out the options considered, if any, and the reasons for the recommendation and the decision.</p>
