Afternoon

Regarding this late Ten application .We object to the later hours cessation for reasons stated previously(in recent late Ten applications) .Namely

PREVENTION OF CRIME AND DISORDER

For the reason that a search of the Police incident indices shows incidents of disorder and violence have occurred near the terminal time of the licensable activities from the premises and the premises have been identified as being a catalyst in that the suspects /perpetrators of this crime and disorder have been identified as visiting and or being present within the premises.

It is felt that the current terminal times for licensable activities is sufficient and extending these times will only lead to an increase in alcohol intoxication related incidents of a violent nature with patrons having extended drinking periods into the small hours of the morning .This has shown in the past to be a draw on Police resources having to respond to the disorder in the street with reports of assaults being prevalent.

From these incidents it can be shown that in a short period of time in or around the terminal time for licensable activities for these premises crime and disorder in the form of assaults and violence break out. It is also worthy of note that there are residential premises in and around this location and any extended hours would impact upon the quiet enjoyment of their premises into the small hours when they are sleeping .

It is felt by the Police that a request to further extend the terminal hours for licensable activity to 0300 hours (on their latest application for 9th,10th ,11th and 12th December 2022) in light of the incidents would further act as a crime generator with this sort of alcohol fuelled violent behaviour leading to further crime and disorder .We therefore oppose this application.

PREVENTION OF CRIME AND DISORDER

For the following reason:

A search of the Police systems shows incidents of disorder and violence have occurred near the terminal time of the licensable activities from the premises and the premises have been identified as being a catalyst in that the suspects /perpetrators of this crime and disorder have been identified as visiting and or being present within the premises.

It is also worthy of note that there are residential premises in and around this location and any extended hours would impact upon the quiet enjoyment of their premises into the hours when the residence are sleeping .Additionally the premises are within an enclosed market square whereby noise carries off the surrounding buildings and patrons leaving at 0300 hours would create a public nuisance with the noise and the proximity to nearby residential properties.

It is felt by the Police that a request to further extend the terminal hours for licensable activity respectively to 0300 and 0100 hours and unreadable (where applicant failed to reply within the given time), in light of the incidents revealed would further act as a crime generator with this sort of alcohol fuelled violent behaviour leading to further crime and disorder .We therefore oppose this application.
