Subject: RE: Objections for TENS at The Kings Head, 9 Market Place, ENFIELD, EN2 6LL

To Ellie

I am disappointed that these TENS have been objected to, these extra hours are very important to our business, so I have no other choice but to appeal against the decision.

As for the application forms (further Advise), we have always filled these in this way and have not had any problems before, I had ticked the box where it asks if the tens is within 24 hours, I was not aware of this and if I had done something wrong, a phone call to discuss this would have been greatly appreciated, I have filled in these forms every year for many years and this has not been highlighted before.

As for the "relevant entertainment" the relevant entertainment to our business is Music so I wrote when the music would be playing and finishing as I have every year. If these an error in my grammar, then I apologise.

Regards

Chelsie
